permission is hereby prayed.

Copy of letter dated 27-6-1945 of the President, The Diamond Jubilee Committee, Karur to the Commissioner, Municipal Council, Karur.

With reference to the communication read above, I have the honour to report that it is the sole purpose of the committee to put up the hall within the high school compound, so that the same may be available for conducting classes. The committee has no objection to the school authorities putting up screens, if they were necessary after handing it over to the Municipality for maintenance.

We are happy to have your assurance that the hall will be available for public purposes and use, just as all school halls are, as observed by the Divisional Inspector of schools, subject to the provisions of the Madras Educational Rules.

As our contractor Mr. M.R. Viswanatha Ayyar wishes to take up the work on hand early, let us have an early communication.

As taking up the work, may mean pulling down a portion of the western wall dismantling the existing thatched shed, cutting the trees standing on the area, the hall is to be put up, blinding the existing wall, removing the fixtures therein it is requested that necessary directions to your staff may also be issued simultaneously to see the clearing of the ground in the manner required.

Thanking you.
