Respected Sir,

Having come to know that the question of alloting more money to enable the Govt. of Madras to enhance the rate of Dearness Allowance to aided Ele. Teachers. This association begs to humbly appeal the following for your kind and merciful consideration.

As already repeatedly appealed, the lot of the aided teachers is the worst and we feel humiliated to express that the noblest profession and much less the cheapest maxim of the wide spread of Ele. Education, is the least fed and treated worse than the scavengers, who are being paid their and Dearness Allowance at the Government Rates by their managing local bodies.

P.T.O.

But, we the aided teachers are not fortunate to have dearness allowance equally with the scavengers at least.

With this in view, may we entreat your Honour to kindly advise the Madras Government to pay us dearness allowance at Government rates.

As a step towards the Post war Education Scheme let this unworthy aided agency be abolished and let all Education taken up by the Govt. when only we feel comforted and contented.

We make this much of appeal for your mercy.

Sir,

We the teachers of the Sree Krishna Vidyaya Hindu Aided Ele. School, Kasaragod Taluk beg to submit the following memoradum for your kind consideration and favourable orders.

The aided Ele. Schools can justly be said to be responsible for the lion's share of the spread of the education. The very sad predicament in wich the aided elementary schools are placed at present will no doubt make a true educationist feel rather sceptical about the future of elementary education wich is evedenced by the alarming shortage of qualified teachers, and full attendance of children compared to that in High Schools. The success of education would undoubtedly depend upon the persons engaged in the noble profession of teaching. The financial condition of aided elementary school teachers have always received extremely poor attention and this has been aggravated by war.

A sum of Rs. 8/- allowed to us by way of dearness allowance is only trivial when teachers of better pay of other sections but of the same qualification and responsibility receive increased D. A.

So we pray you to be kind enough to concede the following demands to the aided elementary school teachers immediately.

1. D. A. on a par with that granted to Governmet servants, from 1st January 1945.
2. 50% increase in the basic pay and monthly disbursement of the same.
3. Fecilities for giving free mid-day meals to poor school children.

(1) Considering the enormous rise in matters in the life of teachers owing to war conditions our basic pay may be increased at least by 50%

(P.T.O)

Dearness allowance to teachers & other employees in schools under private management.

In the last few days, a good crop of telegrams and printed memorials have come in, on the question of dearness allowance and other concessions.

(1) Elementary Schools under private management

The requests are

(1). Payment of dearness allowance at Govt rates

(2) 50% increase in the basic pay which in the context would mean an increase in the rates of teaching grant by 50%

(3) Disbursement of teaching grants in monthly instalments and

(4) Facilities for giving free midday meals to poor school children

Request (1) The current rate of dearness allowance applicable to corresponding employe in Govt service is Rs 16 (The rate applicab to Govt Servants on a pay exceeding Rs 40, nam Rs 18 need not be considered in this context teachers on that level of pay in aided elemen schools are not likely to be many) – Govt now pay a dearness allowance of Rs 8 to teachers of this type. There is no proposal for a further increase.

p 59. (4)

Request (2). The DPI recently proposed an increase of Re 1 p.m. and in some cases of Rs 2 p.m. to the teaching grants as a temporary arrangement for the duration of the war. That proposal was rejected. The Director has returned to the subject again.

G.O. No. 958

Request (3) The grants are now paid in quarterly instalments. The suggestion to make monthly payments has been considered more than once & dropped on the ground ~~of~~ that it will add disproportionately to the work of Deputy Inspectors. The Dept will not be able to undertake the work.

Request (4) The provision of mid day meals for poor elementary school children simultaneously throughout the Presidency will entail very considerable expenditure. It is however in the five-year plan to be given effect to gradually. For the present there is a provision of Rs 20 lakhs for the purpose in the current year's budget and it is meant for selected villages in each district. It would not be practicable to do anything more in that direction.

(ii). Secondary Schools and other institutions under private management to which the Grant-in-Aid Code applies.

Separate file

Govt have decided to require managements to give dearness & war allowance at full Govt. ~~rates~~ and to take into account the whole expr. on ~~allowances at not more than one-half of the Govt rates~~ ~~that~~ basis for purposes of teaching grants. The DPI has been asked to send in an estimate of cost on receipt of which the Governor-General will be addressed. An amendment
