Education - Charges in England". The Director of Public Instruction will be the estimating and controlling authority. The expenditure that will be incurred in India in the current year will be the allowance for equipment and incidental voyage expenses and railway fare for the onward journey as mentioned in paragraph 2 (3) above. Intimation will be given to the Director as soon as the Government of India have secured passages for the candidates. The Director may then draw the amount required from the Accountant-General in advance. He may make the disbursements in accordance with para 2 (3) after taking delivery of the bond executed by the candidate and, in the case of the two Jamshedpur candidates, arrange to remit the amount if necessary in accordance with the address previously given on receiving the telegram as to execution of the bond, referred to in para 2 (i)(iii).

After the disbursements have been made, the Director of Public Instruction is requested to make a report to Government of the total expenditure to be adopted for purposes of the revised estimate against the new sub-head under "37. r. Education".

Technical Education Overseas - Government of India Scheme - Private students - Execution of bonds, delivery of passports and disbursement of equipment and travelling allowances.

--

Ref: G.O.No. 1382, Education, dated the 8th September, 1945.

--

The Government of India have appointed Messrs. the American Express Co., New Delhi and their branches in Calcutta, Madras and Bombay, as travel agents to look after the passage arrangements of the stipendiary candidates sponsored under the Government of India scheme. The following instructions are issued in this connection, in partial modification of G.O.No.1382, Education, dated the 8th September, 1945.

2. (1) Execution of bonds: All the candidates should have the bonds executed immediately in accordance with the instructions in the Government order cited above as amended subsequently and submit them to the Secretary to the Government of Madras, Education and Public Health Department.

(2) Passports: The passports of candidates who may have to proceed to United States of America, have been already sent to them direct with reference to Memorandum No.40305-C-3.Edn., dated the 17th September, 1945. The passports of the other candidates also, namely those who may have to go to United Kingdom, will now be sent to them separately.

(3) Equipment and travelling allowances: (i) Immediately on receipt of this memorandum, the candidates should contact Messrs. the American Express Company, Mount Road, Madras, for information regarding vaccination, luggage etc. They should also at the same time intimate to the company the places of commencement of their railway journeys so that they may be furnished with the necessary tickets.

(ii) One of the candidates, Mr. G.Viswanatha Rao who is at Jamshedpur and the one at Bombay, namely Mr. A.P.Mahadevan, shall have the option of getting into touch with the Bombay branch of the company at Hugs Road, Bombay, instead of the Madras branch.

(iii) Messrs. the American Express Company in Madras or Bombay, as the case may be, will pay the candidates the equipment allowance of Rs. 500/-, £5 for incidental expenses and a single II class ticket from the places of residence to the ports of embarkation. If any candidate proceeding to United States of America intends to procure his equipment in that country, he will be given the equivalent of the equipment allowance of Rs. 500/- in dollars by the travel agent. There is no necessity for the candidates to take any monies, other than this amount, into the United States of America; no dollar exchange facilities will, therefore, be given. The sum of £5 for incidental expenses will be disbursed by the travel agent in traveller's cheques in pounds or dollars according

to

34

to the country to which the candidate is to proceed.

3. As there is great difficulty in securing sea passages for candidates who may have to go to United States of America, some of these candidates may have to go by air. In that case, it will not be possible to give them more than 24 hours' notice; candidates who have been allotted to United States of America should, therefore, keep themselves in readiness to leave at such short notice on receipt of instructions from the travel agents.

The dates on which the candidates should reach the airports or seaports will be intimated to them direct by the travel agent at the appropriate time.

4. Financial procedure.- Messrs. the American Express Co., will, after making disbursements to all the candidates, present a single bill to this Government. The bill, on receipt, will be forwarded to the Director of Public Instruction, who shall then draw the amount required from the Accountant-General, and remit it to the company.

The necessary adjustment between the Provincial and Central Governments will be made by the latter in due course and intimated to this Government.

MEMORANDUM.

Technical Education - Sending of students to other countries.

Under the Government of India's scheme of sending students at Government expense for advanced courses in technical and scientific subjects directly related to the probable post-war needs, it has been decided, in consultation with the Government of India, that the Madras Government should "sponsor" for the purpose 49 students who are not in Government service. While intimating the selection of these students, the Government of India stated, early in August, that the shipping position was still uncertain, but that it was quite likely that passages might be provided for the selected students rather suddenly and that they might be asked to undertake the journey within a week or ten days.

2. It is estimated that the stipends to be given to the selected students and the other expenses in connection with their deputation will be Rs.7,30,100, as shown in the Annexure. According to the general arrangement agreed to by the Government of India, one-half of this expenditure will be defrayed by the Central revenues and the remaining half will be met from the revenues of the Madras Government. The Madras Government's share will, therefore, be Rs.3,65,050, or Rs.3,65,000 in round figures.

3.

3. The proposal requires the sanction of His Excellency the Governor-General, with reference to paragraph 8(b) of the Memorandum of financial arrangements during the section 93 situation. It is requested that the sanction may be obtained as early as practicable, as the Government of India's intimation about the securing of passages is likely to be received any day.

I have the honour to state that a sum of Rs.65,000/- was provided by me in the Revised Estimate for 1945-46 on behalf of 40 students who were reported to have sailed from Bombay and Calcutta (vide my letter Roc. If the remaining bills are not received by the middle of this month, it may not be possible to realise the bill amounts in time (i.e. before 31-3-1946.) Explanatory Note.

In pursuance of the Central

students
at Government expense for training in advanced courses of technica

Accordingly 49 students were selected in September last for being sent abroad for higher studies. The cost ~~for~~ in the first year of the grant of equipment and travelling allowances and stipends to the 49 candidates was estimated at Rs.7,30,100, out of which half will be met by the Provl. Notes

With refce. to para 5, CF 21 of G.O. No. 1439 Edn of 15.9.45, there has been no intimation from the G. of I. that passages have been provided for the selected students. They have, however, stated that the students will have to leave within a week or 10 days (apparently of the receipt of intimation that passages have been secured). Secretary desired that the students might be told now that as soon as such intimation is given to them, they should arrive at Madras, sign the bond and obtain payment of -

(1) the equipment allowance of Rs. 500;

ASST. SECRETARY FINANCE DEPARTMENT

A above: It is not necessary for the Secretary to sign the bond.

J/4 The bond is not invalid for want of sureties. The form suggested by the Govt. of India and adapted for our purposes does, however, provide for sureties, apparently for the sake of additional ~~surety~~ security for the due performance of the obligations undertaken by the candidate. It is obvious that it is not every candidate that can find sureties in Madras if the bond is to be signed in the presence of the Secretary. In that case, a form of the bond may be sent to each candidate with instructions that he may have it executed with sureties (I think there must be two) in the presence of, say, a gazetted officer. [illegible]

I have already sent the bond forms, as revised with reference to G. of I.'s suggestions, to the Press, asking it to supply proof today or tomorrow. We can have clean copies in a couple of days.

"C" above: The amount to be entered in the bond may be Rs.14,900, according to details at flag "B", although the amount will be a little bigger if any student should undergo more than two years' study.

The case has been sent to this Dept. for perusal of the draft O.M. below and for advice as to the budget head to which the expenditure on account of the payment of the allowances mentioned in the draft should be debited and the arrangements to be made for drawing and disbursing it.

2. It is observed from the Memorandum sent to the Governor General - copy at 'B' - that the scheme for the training of candidates abroad is designed to meet the probable post-war needs. The expenditure incurred in India may be debited to "37.r.Education - General - Miscellaneous" under a new sub-head of account "Post-war Reconstruction - Deputation of candidates for advanced studies in technical and scientific subjects". The charges which may be incurred in England on account of the ~~se~~ training of ~~trainees~~ candidates may be debited to a similar sub-head under "37-s. Education - Charges in England". As the D.P.I. is the estimating and controlling authority for the major head "37.Education" he may arrange for the disbursement of the amounts in the present case.

A

3. The draft O.M. below does not specify the class of the railway fare which will be admissible to the candidates. According to the terms and conditions governing the selection of candidates - see p.3 of (J) - the candidates are to be allowed second class fare or where there is no second class fare, the fare next below first class from their normal place of residence to their place of instruction and back. Travelling allowance for the railway journey may be allowed on that basis and E.& P.H. may suitably amplify the draft.

The payment of £ 5 to cover incidental journey expenses and of an equipment allowance of Rs 500 provided for in the draft follows the terms laid down at p.3 of (J).

2. Passports The question whether the students shd. take delivery of the passports at the Madras Sectt. or whether arrangements may be made for the passports being sent by post to the respective addresses will depend upon whether it is necessary for the students to touch Madras before they proceed to Bombay for embarkation. That again hinges, apart from the shortness of the time which will be at the disposal of the students after the G. of I.'s intimation of shipping arrangements is communicated to them, on the procedure to be devised for placing them in possession of funds to cover the equipment allowance and the Rly. fare. If they are not to take the amount at Madras, it will have to be sent to them by postal M.O. or through the nearest treasury or say a branch of the Imperial Bank. That arrangement will not act speedily. At the same time there may be a few particularly those at Jamshedpur, who may find it difficult to go to Madras. We can only leave it to them ~~to intimate~~ with a suggestion that they may intimate to the D.P.I. - (vide para 3 infra) any other alternative method in regard to the remittance and to the Home Deptt. of the Madras Sectt. in regard to the transmission of the passport.

would be necessary to give him a succinct account of all the arrangements in contemplation, together with a list of the candidates and their addresses in India. He will have to be authorised also to draw the amounts required for disbursement before the students embark, in advance from the A. G., to make disbursements in accordance with the arrangements indicated in para 2 above (that is to say, disbursement at Madras for those who call at his office and remittance in accordance with the students' desire in other cases), ~~and~~ to obtain from the students particulars of the Ry. journey or journeys completed by them before they sail and to get the expre. properly adjusted in the A. G's books against the advance drawn by him for the purpose.

4. The G. G.'s sanction under sec. 93 has not yet been applied for. The file (x) on the subject recd. from Fin. and was circulated to A2 and P. S. G. yesterday. If the G. of I.'s call to the students to proceed is recd. earlier than the receipt of the G. G.'s sanction, it is not clear whether the A. G. can be authorised to make an advance of funds to the D. P. I. | A But in the spl. circumstances of the case, it would be necessary to authorise the course in the contingency at 'A' above. | P Fin. may see specifically on the point.

5. A comprehensive and self-contained draft of the instructions to be communicated to the 47 students (two of the forty nine have dropped out) the Collrs. concerned, the D. P. I. and the A. Technical Education – Deputation of private students for higher studies overseas

C.F. No. 1382 (2) 1-3 CF
8-9-45

It has been decided that 49 private candidates should be sponsored by this Govt. and sent to the U.K. or U.S.A. for higher studies under the G. of I. scheme. Half the cost is to be met by the Central Govt. and the remaining half, by this Govt. Assuming that the course in each case will be one of two years, the cost on behalf of each student may be roughly estimated as follows:–

G.O. No. 1462
18-9-45

	Rs.
Stipend at the rate given by the G. of I. Rs. 500 p. m. for 24 months	12,000
~~Journey expenses in the country to which the student is sent~~	~~1,000~~
Sea passage both ways	2,000
Equipment allowance	500
Railway fare from the place of residence to the place of embarkation in India and similar fare during the return journey and also a sum of £5 for incidental voyage expenses each way.	400
Total	14,900

para 8 as p3 brochure

para 6 ibid.

Total cost for 49 students = 14,900 × 49
= 7,30,100

Half debitable to the Madras Govt. = 7,30,100 / 2
= 3,65,050 or
3,65,000 in round figures

(over a period of 2 yrs)

Finance has noted that the sanction of the G. G. should be obtained.

2. In advising the selection of the students in question the G. of I. had stated early this month that the shipping position was still

uncertain, but that it was quite likely that passages might be provided for the selected students rather suddenly and that they might be asked to undertake the journey within a week or ten days. No intimation has been received from the G. of I. that passages have been obtained. It is perhaps better to apply for the G. G.'s sanction now. In that view, the usual draft memorandum is placed below. As the case has already been given full circulation at an earlier stage when it was hoped that this Govt. ~~would~~ would sponsor over 100 students, it is presumed that it is not again necessary to circulate the case. The Fin. dept. may see the draft memorandum before it is sent to the P.S.G. for addressing the G. G.

Please see E&PH note above. In assessing the extra cost of the scheme of training of private students overseas, it was assumed that the courses will last for 3 years on an average. In the draft memo to the G. G., E&PH have estimated the cost on the basis of 24 months' training for each student. It is presumed that all the 49 students have selected courses of training which will last only 2 years. Otherwise, the estimate will have to be revised suitably.(x) Subject to this remark, the draft memo may be accepted and the case returned to E&PH.

GOVERNMENT OF MADRAS

From the Govr.'s Sectt., U.O. No. 2626/45-3, dated 10-10-45.

The G.-G. has accorded sanction for incurring an expenditure of Rs.3,65,000 on the deputation of 49 candidates for higher studies in other countries. Two out of the 49 candidates have since expressed their unwillingness to go. The expenditure will be reduced correspondingly. The selected candidates have not yet left India. In G.O.1382-Edn., dated 8-9-45, it was ordered that the D.P.I. should draw some amount in advance from the A.G. and pay to each of the candidates an equipment allowance of Rs.500, a single second-class railway fare from the place of residence to the port of embarkation and the equivalent of £5 for incidental voyage expenses. The procedure has been since altered. Under the existing arrangements, the candidates will be paid the amounts mentioned above by the Travel Agents (Messrs. Govan Bros., Ltd.) who will later claim the amount from the Provincial Government in a single bill. The D.P.I. will then draw the amount from the A.G. and pay the bill.

As the Director has already been authorized to incur the expenditure in anticipation of the G.-G.'s sanction, it does not seem necessary to issue any fresh order now - pl. see the note in para 4 on p.6 N.F. of "Z". All that is necessary now is to make provision in the budget. As regards the expenditure that will have to be incurred in the current year, a supplemental estimate will be put up in due course (after ascertaining the amount that will have to be paid to the Travel ~~Line~~ Agents).
