G.O. No. 1401, 12th September 1945

War—Educational concessions to children and dependants of "soldiers"—Grant on a reciprocal basis to students belonging to other Provinces—Orders passed.

READ—the following paper :—

From the Government of India, Department of Education, Health and Lands, dated 7th July 1945, No. 32-7/44-E-1.

Order—No. 1401, Education, dated 12th September 1945.

The educational concessions provided by this Government to the children and dependants of certain types of Defence Services Personnel (G.O. No. 610, Education, dated 20th April 1945) were originally meant to be available only for Madrasis and only in the schools and colleges of this Province. They were extended in 1944-45 to those students belonging to the Central Provinces and Berar reading in educational institutions in this Province who would be eligible for the concessions provided by the Central Provinces Government in their own Province, on terms of reciprocity which would secure from that Government the concessions of that Province for Madrasi students reading in institutions in the Central Provinces.

2. The Government of India have now stated that the other Provincial Governments and Local Administrations in British India, except the Government of Bombay, have also agreed to a reciprocal arrangement in the matter under which children and dependants of Defence Services Personnel belonging to Madras Province would be entitled to the concessions granted by another Province to its own students, should the former be obtaining education in that Province, and *vice versa* and suggested that the arrangement may be put into operation immediately. His Excellency the Governor accepts the suggestion and directs accordingly that the concessions in question be granted to students belonging to other Provinces and Local Administrations, except Bombay, reading in educational institutions in this Province, if they would have been eligible for similar concessions provided by the Provincial Government or Local Administration concerned and produce a certificate to that effect from the Director of Public Instruction of the

Province, it being understood that Madrasi students, if eligible for concessions in this Province, will be entitled to the concessions admissible in other Provinces, should they have to carry on their education there.

3. As the Bombay Government have not agreed to such a reciprocal arrangement, this Government will be prepared to provide concessions, on the scale on which they are available in Madras, for Madrasi students studying in institutions in the Bombay Province. The Bombay Government have decided that a similar arrangement will be followed in respect of Bombay students reading in institutions in this Province. The Director of Public Instruction is requested to take steps to implement this decision in the cases of this type that come to his notice.

in the case of pudukkottai

4. The foregoing orders will take effect from the school or college year 1945-46.

Sub:- Military - Educational concessions to children etc. of serving personnel -

Sir,

I have the honour to state that with the publication of the Government of Madras G.O. No.1408/43 dated 19-10-43 announcing educational concessions to the children and dependants of soldiers belonging to the Imperial Service Troops I addressed the Pudukkottai Darbar with the suggestion that they should reciprocate by offering the same facilities to the children and dependants of Indian Army soldiers.

The Pudukkottai Darbar however fear the possibility of the number of British Indian subjects resident in the State much exceeding the number of State subjects residing in British India and so feel that they cannot afford to adopt the Madras rules, but they are willing to pay the educational expenses of Pudukkottai subjects dependent on anyone in military service and residing in British India if such cases are brought to the Darbar's notice. It may be noted therefore that in the case of Pudukkottai subjects residing in British India the cost of any educational concessions granted should be brought to the notice of the Darbar and recovered from them.

I have the honour to be,
Sir,
Your most obedient servant,

H. Todd.
Resident for the Madras States.

Educational concessions to children of soldiers.

35372

Sir,

I am directed to address you regarding reciprocal arrangements between Madras and Mysore in the matter of educational concessions to children of soldiers who take part in the present war.

2. Under the Madras Government G.O.No.272, dated the 16th February 1942, certain educational concessions are granted in the Madras Presidency to the children of serving soldiers. Similarly under the notification of the Government of Mysore No.E.4093-Edn.131-41-10, dated the 21st April 1942, a copy of which is enclosed, concessions are granted for education in the State, of children of persons employed in the Military Services of His Highness the Maharaja of Mysore or of Mysoreans in active service and of recruits from the Mysore State. But at present, Mysoreans are not eligible for the concessions, if they study in Madras and equally inhabitants of the Madras Presidency are not eligible for the concessions if they study in Mysore. The Hon"ble the Resident considers that it is desirable that this gap should be removed. He therefore addressed the Government of Mysore in the matter and they have agreed to the following proposal:

> "Reciprocal arrangements under which Madras would, in respect of educational institutions in the Presidency, extend the concessions mentioned in their order to the classes mentioned in the Mysore order and vice versa"

The Government of Mysore also suggest that at the end of each school year, each Government may prepare a bill of cost at the rate of concession offered by them and the difference in cost adjusted.

tional work. This temporary arrangement was continued from year to year until the end of the academic year 1933–34. Since that date the course has been temporarily suspended. (The special pay granted to Miss Park was abolished with effect from 1st April 1932 on the recommendation of the Retrenchment Committee.)

2. In the meanwhile, in November 1932 the Director of Public Instruction proposed that a full-time lecturer in 'Domestic Science' should be appointed. He also suggested that, as it was not likely that any one with the requisite qualifications would be available in India, an officer of the Educational department might be selected to undergo a course of training in Domestic Science in England. Owing to financial stringency, the proposal could not be accepted. The Director was however asked to bring forward the proposal as a Part II Scheme for 1934–35. The Director accordingly revived his proposal, but it was again postponed owing to financial stringency and the part-time arrangement was continued.

3. In 1936, the Director of Public Instruction again examined the question of making adequate arrangements for the teaching of Domestic Science in the College and in June 1936, he made the following report:—

> "I feel that it is undesirable in the interests of efficient work to combine the work of the Lady Willingdon Training College with that of the European Special Subjects Centre. It is not possible for the lecturer without undue strain, to discharge the duties of both institutions satisfactorily and I think that the Lecturer in Domestic Economy should confine her activities to the post for which she was recruited, and not make an attempt at doing two jobs, normally requiring the services of two persons. The need for a full-time lecturer in this subject for the Lady Willingdon Training College has been fully represented to Government. It is needless to emphasize that Domestic Science is a very important subject for girls, and that it is

From the Government of India, Department of Education, Health and Lands, dated 7th July 1945, No. 32-7/44-E-1.

Order—No. 1401, Education, dated 12th September 1945.

The educational concessions provided by this Government to the children and dependants of certain types of Defence Services Personnel (G.O. No. 610, Education, dated 20th April 1945) were originally meant to be available only for Madrasis and only in the schools and colleges of this Province. They were extended in 1944–45 to those students belonging to the Central Provinces and Berar reading in educational institutions in this Province who would be eligible for the concessions provided by the Central Provinces Government in their own Province, on terms of reciprocity which would secure from that Government the concessions of that Province for Madrasi students reading in institutions in the Central Provinces.

2. The Government of India have now stated that the other Provincial Governments and Local Administrations in British India, except the Government of Bombay, have also agreed to a reciprocal arrangement in th matter under which children and dependants of Defenc Services Personnel belonging to Madras Province woul be entitled to the concessions granted by anothe Province to its own students, should the former b obtaining education in that Province, and *vice versa* an suggested that the arrangement may be put into operatio immediately. His Excellency the Governor accepts th suggestion and directs accordingly that the concessions i question be granted to students belonging to othe Provinces and Local Administrations, except Bombay reading in educational institutions in this Province, i they would have been eligible for similar concession provided by the Provincial Government or Loca Administration concerned and produce a certificate t that effect from the Director of Public Instruction of th

Province, it being understood that Madrasi students, if eligible for concessions in this Province, will be entitled to the concessions admissible in other Provinces, should they have to carry on their education there.

3. As the Bombay Government have not agreed to such a reciprocal arrangement, this Government will be prepared to provide concessions, on the scale on which they are available in Madras, for Madrasi students studying in institutions in the Bombay Province. The Bombay Government have decided that a similar arrangement will be followed in respect of Bombay students reading in institutions in this Province. The Director of Public Instruction is requested to take steps to implement this decision in the cases of this type that come to his notice.

4. The foregoing orders will take effect from the school or college year 1945-46.

The Resident for the Madras States ~~recommends~~ suggests that the cost of any educational concessions admissible to children of soldiers, granted to subjects of the Pudukkottai State should be brought to the notice of the Darbar and recovered from them as the Darbar do not agree to grant similar concessions to Madrasis residing in Pudukkottai. According to the decision now in force, these concessions are granted only to the children and other dependants of soldiers belonging to the Madras Province and they are available only in the institutions in the ~~Presidency~~ Province. It has been ascertained from the D.P.I. that in practice, however, the concessions are granted to all pupils reading in recognized institutions in the Presidency irrespective of the fact whether they belong to this Province or not - Vide page 7* 10 C.F.

2. The Government have addressed the Governments of Bombay and the Central Provinces asking them whether they are willing to enter into a reciprocal arrangement in the matter of the grant of these concessions - Vide ~~L.F.~~ (W). It seems that the practice of granting the concessions to persons not belonging to this Province is not correct. The D.P.I. may, therefore, be informed that the grant of the concessions to non-Madrasis should be discontinued. The question of addressing other Governments may be taken up if representations from individual pupils are received.

A copy of the Resident's letter also may be sent to the D.P.I. and he may be asked to ascertain and report whether any pupil belonging to the Pudukkottai State is now in receipt of the concessions and, if so, to submit a statement of the cost that should be recovered from the Darbar.

As the Pudukkottai Darbar does not wish to reciprocate, to the subjects of British India the educational concessions granted by it to its subjects, it seems that the Darbar may be dealt with on the basis of mutual recovery of cost.

As regards other Madras States, it ~~is~~ not clear whether they also would fall in line with the Pudukkottai Darbar or ~~reciprocate~~ give ~~the~~ educational concessions to the subjects of Br. India, just as this Govt have extended the concession to the subjects of the Indian States. The point seems to require elucidation by a further reference to the Resident for the Madras States. Meanwhile Finance may agree with the Chief Secy. that the concessions already granted need not be discontinued.

In regard to other Provincial Govts, attention is solicited to pp 1-2 R.F. and the letters to Bombay and C.P. in the linked file. Finance may agree with the Chief Secretary that the conclusion of reciprocal

The decision which now holds the field is that the educational concessions in question should be granted to the children and other dependants of soldiers belonging to the Madras Presidency if they read in institutions in this Province. The practice however is to grant them irrespective of whether the students belong to the Madras Province or to outside areas. The D.P.I. may now be told

(1) that while the concessions already granted to students from outside areas may be continued, ~~the question of recovering the cost of the concessions in their behalf should be taken up with the Province or State concerned (that would necessarily imply the Madras Government meeting the cost of the concessions if any of their students ~~or~~ reading in another Province or State)~~, and

(2) that outside students should be granted concessions anew only on the basis of reciprocity. (It is not clear that this is so: has any objecting to this course) & that the question of reciprocity should be raised, whenever such a case came up, with the outside administration concerned; (3) that in the case of Pudukottai the C.I. no doubt that was to be sent by the D.P.I. as the question of reciprocity by others been raised taken up with them; & (4) that in the case of Pudukottai action may be taken, in cases arising hereafter, as at p c.c. p. 3 ante.

The Govt of India have since proposed that each Province should provide the concession in its institutions to the eligible children irrespective of the Province to which their parents or guardian belong. In that file it has been suggested that Indian States also might be brought within the scope of the arrangement. If that suggestion is acceptable it would be unnecessary to carry on the discussions in this file on the basis of the recovery of cost. If it is not acceptable the question will have to proceed on the basis of recovery of cost so far as Indian States are concerned.

We cannot be certain that the G. of I. will take this up or that the States will agree. Meanwhile it is desirable to have working of a new contract with Mysore of Puttukottai.

It is going to complicate matters if Indian States require adjustment of expenses of the concession. I think we should not give up the idea of reciprocity so easily. force between Madras and C.P and Berar. For orders whether the Govt. of India's proposal that ~~[illegible]~~ this Govt. should enter into reciprocal arrangements with the other Provinces except Bombay will be accepted. As regards Bombay, the suggestion is that this Govt. should bear the cost of the concessions of Madras students reading in B. educational institutions in the Bombay Presidency. In fact such a case came to the notice of the Govt. and the reply given was that the concessions are available only in educational institutions ~~institutions~~ in this Province.

The present reference from the Govt. of India relates only to reciprocal arrangements bet: Provinces. May have stated that the question of similar arrangements bet: Provinces and Indian States will be taken up separately.

The file may be sent to Public (War) and Finance ~~for remarks~~.

A draft order is subd.

2. As regards the proposal that this Govt. should meet the cost of the concessions of Madras students reading in edl. institutions in the Bombay Presidency, some ~~[illegible]~~ procedure has to be evolved by which the amounts may be made available to Madras students in the Bombay Presidency. ~~The question also arises how the amount is to be found and to which budget head the expenditure is to be debited. For the present the D.P.I. may be asked to suggest the procedure that may be adopted.~~

That may be left to the D.P.I.

Supplementary noting. Emergency Commissioned Officers

G. of I. took up the question of reciprocity. G.O. 1161 Edn. of 16.7.45, extending equal concessions to Emergency Commissioned Officers who, after demobilisation, wish to complete interrupted college studies had not issued. There is no information whether other Provinces have provided similar concessions. But it has been noted on p. 40 N.F. of G.O. No. 1253 Edn. of 24.8.44, that Madras concessions are far more liberal than those obtainable in other Provinces and, nevertheless, the G. of I.'s reciprocal idea was acquiesced in W/35 C.F. It would be an extension of this idea if the reciprocity arrangement is made applicable to the E.C.Os in question. On the other hand, it is possible that the G. of I. negotiates the reciprocal idea with other Provinces without taking into account the E.C.Os. It is for orders whether para 4 of the draft shd. remain there.

Universities There are some colleges maintained by the Universities of this Province. ~~maintain their own colleges~~ The Madras Govt's concessions are available in those colleges also and Govt. pay compensation to the Universities for the consequent loss of fee income. If reciprocity is to be all along the line a student of say the U.P. studying in an Andhra University College or the Annamalai University ought to get the concession in the same manner as a Madrasi student. If, of course, the U.P. student would get a concession for
