E1.D.C. No. B-3-1137 of 194 5, Dated 21st June 1945. Through the Mayor of Madras.

Enclosures : No.

Sir,

Subject:— War - ARP - First Aid Equipment - Corporation Schools -
Disposal of - Orders requested.

In Memorandum No.14134-A2, Education and Public Health Department dated 15-6-1943, Government sanctioned an expenditure of Rs.27,600/- being the estimated cost of providing First Aid equipment in the various Corporation Schools as an ARP measure. First Aid materials have accordingly been purchased and kept at these institutions at a cost of Rs.27,640/-.

P.T.O.

2. Government have since passed orders that all A.R.P. measures should be abandoned in the city. The First Aid materials in the schools will not, therefore, be required for the purpose for which they were originally intended. These materials are useful in teaching First Aid to the pupils in the Corporation Schools. The Medical Inspectors and Inspectresses of schools maintained by the Corporation teach the pupils the principles of First Aid. As a knowledge of First Aid and First Aid equipment will be useful even in peace-time, I request that Government may be pleased to pass orders making over the First Aid equipment to the Corporation free of cost for giving instruction to pupils in First Aid.

The proposal in this file is to hand over, to the Madras Corporation free of cost the First Aid equipment maintained in their schools. The cost of the equipment was debited to the Provincial revenues. The proposal has been accepted in E & P.H. This department may also accept the proposal. E & P.H. may be requested to let Finance see the case before issue of orders.

In 1943-44, a subsidy of Rs. 52,129 was sanctioned to the Corporation of Madras towards the cost of certain A.R.P. works undertaken in its elementary schools as detailed below:-

The expenditure was met by the Government and debited to the head "64. Civil Defence Sec. IV - Expenditure controlled by the Education and Public Health Department".

2. In his letter on pp. 1-2 above, the Commr. Corporation of Madras has stated that the First Aid materials are useful in teaching First Aid to the pupils in the Corporation Schools, that a knowledge of First Aid and First Aid equipment will be useful even in peace-time, and has requested the Government to transfer the First Aid equipment to the Corporation of Madras free of cost for giving instruction to the pupils in First Aid. The Director of Public Instruction has recommended that the Commissioner's request may be granted, as "First Aid" is one of the optional subjects in the Elementary Education Scheme of the Lower Elementary Stage. E. & P.H. and Public (C.D.) also propose to comply with the Commissioner's request.

3. The Government incurred the expenditure as an A.R.P. measure and emergency in the Corporation Schools. The Commissioner has stated that a knowledge of First Aid and First Aid equipment will be useful even in peace-time. The Director of Public Instruction has stated that "First Aid" is one of the optional subjects in the Elementary Education scheme of the Lower Elementary Stage. It seems therefore that it is clearly the responsibility of the Corporation to provide this equipment at their own cost. The "First Aid" equipment was provided by the Government purely for an emergency use. Otherwise the Corporation would perhaps have made their own arrangements to provide themselves with the equipment.

4. After the closure of A.R.P. measures in this Province, surplus medical stores, equipment etc. were transferred to the nearest Govt. hospitals to the extent required by them and the balance was handed over to the Local fund hospitals and dispen-

saries on payment of cost.

The general principle followed between this Govt. and the Central Govt. in regard to A.R.P. expenditure is that each Govt. gets credit for the residual value of materials and equipment ~~in proportion~~ ^{in proportion} left after the closure of A.R.P. to the expenditure met by them. It is logical that such an arrangement should be applicable also as between this Govt. and the local bodies.

In the circumstances, there does not appear to be sufficient justification for the Govt. to hand over ~~the~~ to the Corpn. free of cost the First Aid equipment in the schools. It is for orders whether Finance may advise against the proposal.

5. If, however, it is proposed to sanction the Corporation's request ~~to the cost of the equipment~~, this need not be treated as a "new service", as no new grant is involved. A-1 may see.

AD 21.8.45 ^{US} 21.8.45 On the basis of half grant, Finance may suggest that the Corporation should pay half ^{23.5.45} the cost of the A.R.P. First Aid equipment.
