Sir,
Elementary Education - Special Schools - The
Cordite Factory Anglo-Vernacular Higher Ele-
mentary School, Aruvankadu - Teaching Grant
for 1944-45.

I have the honour to submit herewith a copy of
the letter No.3552-M.O. dated 13-7-44 of the Superintendent,
Cordite Factory, Aruvankadu (addressed to me) along with a
copy of my Proceedings Dis.No.2448/44, dated 7-7-44, and to
state as follows:

2. The teaching grant for 1944-45 applied for
by the management of the school is Rs.3802-8-0. This
amount is the calculated half of the net expenditure incurred
by the management on the school during 1943-44. While
sanctioning the grant, the amount was limited, in my Proceedings
Dis.No.2448/44, dated 7-7-44 to the maximum of Rs.3,725/-
fixed by the Government in G.O.No.Mis.1222, Law (Education)
dated 13-6-1929. The enhanced maximum of Rs.4,412/- (Vide
G.O.Nom Ms.491 Edn., dated 1-4-41.) could not be taken into
consideration for the reason that no additional section was
worked in any of the higher elementary standards during the
year 1943-44.

3. The Correspondent of the school now reiterates
his request for the half-grant of Rs.3802-8-0 originally
applied for by him. Supporting his request, he refers, inter-
alia, to the emergency conditions of the present war and the
consequent necessity to pay dearness allowance to the staff
of the school, which was not thought of while Government
were fixing the maximum grant in 1929. I agree with him that
the maximum grant of Rs.3,725/- fixed in 1929, cannot be
strictly applied in these times of abnormal cost of living
and materials. I, therefore, recommend his request for
favourable consideration by the Government. There is suf-
ficient budget provision (viz. Rs.3914/-) for the purpose
under the head "37-n-Education - Special - Direct grants to
non-Government Special Schools - B.Non-Europeans - n.B.1.
Teaching - Authorised" in the Budget Estimate for 1944-45.

SUB: Teaching grant for Cordite Factory Higher Elementary
School, Aruvankadu for the year 1943--44.

REF: Your Proceedings Dis.2448/44 dated 7--7--44.

7 Against Rs.3802-8-0 billed for, only Rs.3725/- has been
sanctioned by you based on the original estimate referred to in your
No.R.C.555-B/30 dated 17th March 1931 and on the score that no
additional sections were worked during the year 1943--44. When the
original estimate was framed, the emergency conditions still
existing involving the payment of an enhanced dearness allowance were
not anticipated. During the year in question (1943 - 44) a sum of
Rs.1263-8-0 has been paid as dearness allowance and this has been
included in the salary of teaching staff in the bill. So long as it
is an understood condition that one half of the actual expenditure
incurred is to be met by the Madras Government, a contribution equal
to half of the actual expenditure in any year should, in equity be
met from the provincial funds, especially as the maximum referred to
is not always paid in any year when half of the actual expenditure
incurred is less than this amount. In the circumstances disclosed
above, it is requested that the bill may kindly be passed in full.

Anglo-Vernacular Higher Elementary School, Aruvarkadu--Grant 8X
for the year--1944-45.

Reference:--Government Memorandum No.Nil dated 18.9.1944.

50145

The total amount of dearness allowance paid to the staff
of the school during the year 1943-44 is not Rs.1,263-8-0, but
it is Rs. 1,405-3-0. The amount shown in his letter No.3552-M.O.
dated 13.7.1944 has since been corrected by the Superintendent,
Cordite Factory, in his letter No.3552-M.O.; dated 30.9.44.
2. The composition of the amount of Rs. 1,405-3-0, mentioned in
para 1 above, is as follows:--

Teaching Staff:--

(a) Amount of dearness allowance relating to the period-1.3.43 to 31.5.43	Rs. 228 0 0
(b) Amount of dearness allowance relating to the period-1.6.43 to 29.2.1944	Rs. 951 5 0
(c) Arrears relating to the year 1943-44 but paid in 1943-44.	Rs. 91 10 0
(d) Dearness allowance for 1943-44	Rs. 152 0 0
(e) Arrears relating to 1942-43 paid in 1943-44	Rs. 2 4 0
Total	Rs. 1,405 3 0

3. The rates at which dearness allowance was paid in 1943-44 are as shown below:--

TEACHING STAFF	PAY	Dearness allowance per mensem.
From 1.3.43 to 31.5.43	Below Rs.40/-per mensem	Rs. 6 1/2
	From Rs.40/- to Rs.100/-	Rs. 9/-
From 1.6.43 to 29.2.44	Below Rs. 40/-per mensem	Rs. 8 1/2
	From Rs.40/- to Rs.100/-per mensem	Rs. 11/-
SCHOOL PEON:		
From 1.3.43 to 29.2.44	Upto Rs.125/- per mensem	Rs. 11/-

It may be observed that as far as the teaching staff is concerned the above rates of dearness allowance are the same as those admissible to the Madras Government Servants during that year

P.T.O.

(Vide G.O.No.5, Finance dated 27.1.1943 and G.O.No.111 Finance dated 30.6.1943). Under the Madras Government's scheme of dearness allowance the school-peon (whose pay was below Rs. 40/- per mensem) would get Rs. 19-8-0 for the period from 1.3.43 to 31.5.43 and Rs. 76-8-0 for the period from 1.6.1943 to 29.2.1944.

4. In sanctioning the grant of Rs. 3,725/- (my proceedings Dis. No. 2448/44 dated 7.7.1944) dearness allowance was not separately considered. The bill of the Superintendent, Cordite Factory, for a total sum of Rs. 3,802-8-0 was considered as a whole, and was restricted to Rs. 3,725/- which was the maximum admissible grant for the reason stated in para 2 of my proceedings Dis. No. 2448/44 dated 7.7.1944.

SUBJECT:- Elementary Education - Special Schools -
The Cordite Factory Anglo-Vernacular Higher

Enhancement of grant.

26546

11/2/45

In G.O. No. Ms. 558, E.M., dated 10-4-45 Government have raised the maximum grant payable towards cost of maintenance of the Cordite Factory Higher Elementary School at Aravankadu in the Nilgiris District from Rs. 3725/- to Rs. 4055/- per annum on account of the creation of the post of Music Teacher in the School. The Superintendent of the Cordite Factory now reports that a sum of Rs. 1608/- is being spent towards the payment of dearness allowance to the members of the staff employed in the school and requests that the maximum grant payable to that institution may be increased suitably so as to cover one half of the additional expenditure on the payment of dearness allowance. The expenditure on dearness allowance comes to Rs. 1608. As this is a legitimate expenditure in all schools, I recommend that Government may be pleased to increase the maximum grant to Rs. 4859/- and thereby provide a half grant on the amount spent towards dearness allowance so long as such dearness allowance is continued to be paid.

1. I have the honour to state that the Superintendent,
 Cordite Factory Anglo-Vernacular Higher Elementary School,
 Aravangadu while submitting the Financial Statement of the school
 for 1946-47 has claimed Rs.6240/- as Teaching grant on behalf
 of the school. The net expenditure towards the maintenance of
 the school during 1946-47, as shown in the financial statement
 is Rs.12,480-5-4.

2. This includes Rs.3064-7-0 incurred by the management
 under the 3 heads viz. Additional pay and Grain compensation and
 under interim relief and war bonus, which have been included
 newly during the year 1946-47. These 3 items of payments have
 been sanctioned by the Government of India.

3. The Grant payable to the school on the amount of
 expenditure inclusive of Rs.3064-7-0 is Rs.4708/- i.e. half of
 Rs.12,480-5-5 minus Rs.3064-7-0.

des whether the Director should be consulted on this point. If the Director's recommendation may be accepted & the file sent to Finance for remarks. If however it is held that the decision need not be applied to this special school and that one half of the net cost of the school as at present may be sanctioned as recommended by the D.P.I. the file may be sent to Finance w.o for remarks.

Need not be for the reason given below
12-8-44

The S. of D. had proposed to call this school as one under public management. It was only for the purpose of bringing the case within the general principle underlying grants-in-aid to est. institutions of this Province that it was described as a 'special' school — B/63, 88, 95, 96. A grant for Dearness allowance to employees in this school need not therefore follow the decision in Sio 1466 Ed, 2, 31.10.43. The D.P.I.'s proposal may be accepted.

(1) Half grant payable on the total expenditure, including Dearness Allowance	Rs As Ps 3,802-8-0

If the school is treated as an elementary school the grant payable will be Rs 4 p.m per teacher. If, on the other hand, it is treated as a special school (it has been so treated as a special school for purposes of grant-in-aid) the school will be eligible for a grant of 1/4 of the expenditure on account of D.A. The S.P.H. may be requested to ascertain on what basis the D.P.I. allowed a half grant (subject of course to the maximum of Rs 3,725 for all items). They may also be requested to ascertain what the amount of grant payable to the school will be according to the scale referred to at A & B above.

S.P.H.

43679

It is better to make a few points clearer before a reference goes out to the D.P.I. Grant on the half net cost principle applies strictly only to Secondary schools - rule 32 of the Grant-in-Aid Code. This is not a secondary school, nor is it aided like elementary schools under private management for which the grant is a fixed amount in respect of each teacher of a particular type of qualification. As pointed out already (page 2 ante), the school was labelled a special school for the very limited purpose of bringing it within the framework of the Grant-in-Aid Code. If it had been labelled a school under public management, which it actually is, it would not come under the Code as the Code does not apply to institutions under public management.

of: Def. in rule 1 of the Madras Est. Rules Grants in Aid

12-8-44

(B)

2. Although looked upon as a special school, in the peculiar sense noted above, the quantum of aid to the institution is not fixed by the D.P.I. under rule 45 of the Grant-in-Aid Code, but has been determined by Government subject, of course, to the maximum limit of Rs. 3,725 a year. This amount was reported as one-half of the estimated recurring cost of the institution which includes also various other items of (contingent) expenditure, besides the cost of the staff. The details of the staff which were reported to Government originally are at page 105 of G.O. No. 223-Edn., dated 22-4-1929. These accounted for 11 teachers including a Headmaster on Rs. 100-5-125 and a peon. The Correspondent's letter at page 5 C.F. shows that a sum of Rs. 1,263-8-0 was paid as dearness allowance to the staff in 1943-44, apparently at the rates allowed to the Central Government servants. The question is merely whether this Government should meet half the cost just as they have undertaken to meet half the cost of the other items. If a reference is to go to the D.P.I. at all, it need be only to ascertain the rates at which dearness allowance was actually given. Finance may see to it.

It will be seen from p.91 of G.O.823 Law(Edn.) dated 22-4-29 that the school is to be treated as a special school under public management. As pointed by E & P.H., the provisions of the Grant-in-aid Code will not apply if the school is to be treated as a special school under public management. In order to sanction aid to the school it was brought within the ambit of the Grant-in-aid Code by treating the school as special.

Before Finance agree to the sanction the addl. grant proposed, it seems necessary to ascertain the rates at which dearness allowance was paid to teachers. E & P.H. may consult the

D.P.I. on this point. *act. of dearness allowance will have in any case to be restricted to half the cost calculated at rates allowed to Madras Govt. servants in 1943-4.*

FINANCE DEPARTMENT

G.O. No. 93, 3rd April 1940

Expenditure—Proposal to adopt the fasli year as financial year—Dropped—Execution of works during the first quarter of the financial year—Instructions issued.

READ—the following papers :—

From the Collector of Ramnad, dated 28th March 1939, No. B-4-6944/38.

Memorandum to the Collector of Ramnad, No. 12740-Accts.-1, dated 1st May 1939.

Order—No. 93, Finance, dated 3rd April 1940.

The Government observe that in most districts of the Province, the first quarter of the financial year is in most respects very suitable for the execution of works and repairs while it is also the season when agricultural operations are slack. In practice, however, for reasons connected with the voting of grants, the rush of expenditure towards the close of the financial year tends to be succeeded by a definite break in the execution of works at the end of each financial year which comes almost in the middle of the best working season. In order to avoid a rush of expenditure in March and to provide work for labourers when agricultural work is slack, it has been suggested that the fasli year should be adopted as the financial year. As the disadvantages resulting from the change outweigh the advantages, His Excellency the Governor is unable to accept the suggestion.

2. The Government consider, however, that it would be an advantage in districts other than those where the south-west monsoon is heavy, for expenditure on the works of Government and the local bodies to be at maximum as far as possible in the months of April to June when labour is readily available. It would not be possible in the case of new schemes of expenditure to make preliminary arrangements and start work in the first quarter of the financial year or to do very much in that quarter since it is not possible to enter into any commitments before funds are actually voted by the Legislature. But in the case of works in progress, minor works, maintenance and repairs for which it is known definitely that provision will be made, it has been suggested there should be no difficulty in making the first quarter of the financial year a busy spending period if Heads of Departments are authorized to proceed with the works before funds are voted by the Legislature.

3. His Excellency the Governor accepts the above suggestion and is pleased to authorize—

(i) the Chief Engineer (General, Buildings and Roads) to incur expenditure up to 50 per cent of the grant proposed for the next year in the case of works in progress, and up to 75 per cent of the grant proposed for next year in the case of minor works executed by the Public Works Department;

(ii) other Heads of Departments to incur expenditure on minor works and on maintenance and repairs up to 75 per cent of the provision made in the departmental budget for the purpose.

(By order of His Excellency the Governor)

Boards Factory school at Aravankodu -
Payment of dearness allowance to staff -
Grant from Govt. Fund

The need for the disbursement of a grant towards the payment of dearness allowance to the staff in the Boards Factory school at Aravankodu has been considered by Govt. The grant payable in a year shall be determined with reference to the expenditure incurred on dearness allowance in the previous year as the rate admissible to Madras Govt. servant.

However dearness allowance grant will not be permanent in the sense in which the basic grant will be paid or see for remarks. It does not seem necessary to the school as the maximum grant payable will be sufficient if the Director is authorized to sanction a half grant for dearness allowance in addition to the usual teaching grant payable. The Finance Dept. may be asked to see for remarks.

25. 11. 44 Def A draft order - submitted

Subject: Cordite Factory - Anglo - Vernacular Higher Elementary School - Aravanadu Financial statement for 1946-47. Certain additional items - Inclusion of.

Ref: From the D.P.I. No. 2185 -B2/47 dated 16-9-47.

There is an elementary school attached to the Cordite Factory at Aravanadu. The school is maintained from the funds placed by the Government of India at the disposal of the factory authorities. The Provincial Government is also sanctioning a grant to the school year after year (the school being treated as a special school.) The maximum grant admissible is Rs. 4055/- per year besides a subsidy paid towards the cost of Dearness Allowance

2. The Director enquires whether the expenditure incurred by the management on the payment of grain compensation allowance, interim relief and war bonus to teachers in the Cordite Factory school can be admitted for purposes of grant. As the school is maintained from the funds placed by the Government of India the concessions and allowances granted to the employees of the Central Government are granted to the teachers in the school also. It does not appear necessary that these items of expenditure should be taken into account for purposes of grant payable by this Government. The orders (G.O.No. 1460 Education dated 18-9-45) regarding the payment of grant for D.A. stipulate that the grant should be calculated only at the rates of D.A. in force for the Madras Government servants.

3. In the circumstances the D.P.I. may be informed that the expenditure on the three items, referred to in his letter should be excluded for purposes of grant.

4. Finance may see for remarks, before circulation.
