Dr. B. B. Dey, D.Sc. (Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras

Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

C.No. 2052-B/45 dated 26th May, 1945.

Elementary Education--Aided schools--proportion of strength in Standards IV & V to that in standard I--statutory cut--Amendment to rule--proposed

24044

With reference to sub-rule (6) of rule 4, Chapter II, Rules relating to elementary schools, the grant as calculated in accordance with the provisions of sub-rules (2), (3), (4) and (5) of the said rule should be reduced (i) by 10% where the strength in the IV or V standard of the school is less than 25% of the strength in the I standard and (ii) by 15% where the strength in each of the standards IV and V is less than 25% of the strength in the I standard. For this purpose, the strength on the date of inspection of the school for the year is taken into account.

2. Just to maintain the prescribed proportion of strength in standards IV and V and to avoid a reduction in grant, managements have been restricting new admissions in Standard I, resulting in a marked fall in the strength of this standard. The continued fall in the strength of standard I inevitably leads to the decline of the strength in the higher standards and thereby to a fall in literacy.

3. With a view to prevent the tendency on the part of the managements to restrict new admissions and in order to improve the strength in standard I, and the gradual development of the higher standards in successive years, I suggest that from the year 1946, it may be ordered that the proportionate strength in standards IV and V on the day of inspection should be maintained with reference to the maximum strength in standard I on the dates of inspection during the three years prior to 1946. I also suggest that this concession may be allowed to be in force for a period of 3 years from 1.1.1946.

4. I request the Government to kindly approve my suggestion and to order the insertion of the following note under sub-rule 6 of rule 4, Chapter II, Rules relating to elementary schools:

"Note:-- For a period of 3 years from 1st January 1946, the proportionate minimum strength required in standards IV and V on the day of inspection, shall be calculated with reference to the maximum strength in standard I on the dates of inspection during the 3 years prior to 1946."

I have the honour to be,
Sir,
Your most obedient servant,

T. S. Nayan

For Director of Public Instruction.

From

Dr. B. B. Dey, D.Sc. (Lond.), F.R.I.C.,
Officiating Director of Public Instruction, MADRAS.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: **ELEMENTARY EDUCATION - Aided Schools - Proportion of strength in Standards 4 and 5 to that of standard 1 - Amendment to the rules for aid.**

With a view to prevent the tendency on the part of the managements of elementary schools to restrict new admissions and in order to improve the strength of standard 1. I have recommended to Government in my letter C.No. 2052.B/45, dated 26-5-1945 the addition of a note under sub-rule 6 of rule 4 Chapter II-Rules relating to Elementary Schools.

2. On account of the introduction of compulsion in select villages in each District a large number of admissions in standard 1 has to be made in each of the schools in the compulsory areas and as such they will not be able to maintain the prescribed proportionate strength in standards 4 and 5. According to the existing rules statutory cut in ~~the~~ grants has to be imposed on such schools for the non-maintenance of the proportionate strength. The addition of a note to sub rule 6 of the rule 4 suggested in my letter R.C.No. 2052.B/45, dated 26-5-1945 will help the schools in the compulsory areas to escape from the statutory cut since the concession suggested in the note will take effect only from 1-1-1946. Hence I now recommend that the suggestion made in the above said letter may be made applicable to schools in all areas except in the new compulsory areas. In the new compulsory areas the maximum strength of standard 1 in the 3 years prior to the introduction of compulsion may be permitted to be taken into account for purposes of imposing statutory cut. If this concession is not given almost all aided schools in the new compulsory areas will get statutory cut. Hence I request you to be good enough to pass early orders on the matter.

R. R. Srinivasan
5.9.45
for Director of Public Instruction.

R.R.5/9/1945.

The answers of candidates must be legibly written.

In case additional books are used, fasten all the books together.

No loose sheets of paper will be allowed in the examination room, and no paper must be detached from the answer-books.

Do not write in the margin.

All rough work must be shown on the lower half of the page. No marks will be given where the working by which the answer has been arrived at is not shown.

Write your answers on both sides of the paper.

If you enter your S.S.L. Certificate number or your name or both, your answer-book will not be valued.

You should enter only your register number on this page and also on the first page.

Before you begin your answers, fill in the above particulars.

G. O. (MS.) No. 1466 Edn., dated 18.9.45

The following notification will be published in the Fort St. George Gazette:-

NOTIFICATION.

The following amendment will be made to the rules relating to recognition and aid to elementary schools, published with Education Department Notification No.243, dated 21-8-1939, at pp.556-568 of Part I-B of the Fort St. George Gazette, dated 29-8-1939, as subsequently amended:-

Amendment.

Chapter II - Rules for aid.

In rule 4, under sub-rule (6), the following

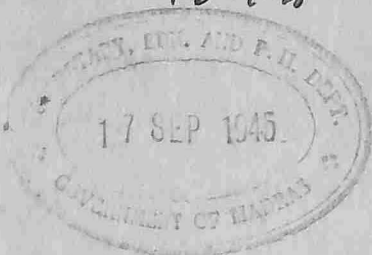

shall be inserted:-

"NOTE: The minimum strength required in

standards IV and V shall be calculated,

(a) in the case of schools in District
board areas where compulsory ^{elementary education} is introduced in or after
1945, with reference to the maximum strength of
Standard I on the dates of inspection during the three
years prior to the year in which compulsion is intro-
duced, and

(b) in the case of other schools, for a
period of three years from the 1st January 1946, with
reference to the maximum strength of Standard I on the
dates of inspection during the three years prior to
1946."
