Education Department.

Dr. B.B. Doy, D.Sc. (Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras.

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.C.No. 294-N/45 dated 2nd July 1945.

Sir,
PRESIDENCY COLLEGE, MADRAS -- purchase of microscopes and
books for the Geology Department in 1946-47--proposals
submitted.

I have the honour to state that upto 1940 there were only very few students in the Geology classes of the Presidency College, Madras. The strength varied on the average from four to six for the pass course while the Honours classes had only on the average of one in each class. At present 12 students are admitted for the pass course and six to eight for the Honours course. On account of the greater impetus given for the advancement of the mineral industry in this country by the Central and Provincial Governments, Geology is gaining greater importance and more students specialise in this subject. The Geology students have to use a special kind of microscope called the "petrological microscope". At present for the 28 to 30 geology students in the college there are only eight microscopes available for use. This is hardly sufficient. The Principal, Presidency College, Madras reports that atleast six more microscopes have to be purchased. It is reported that the manufacture of these microscopes was discontinued for the last four years and that some of the manufacturers have now stated that they are ready to manufacture them. The estimated cost of the six instruments is Rs. 12,500/- (Rupees twelve thousand and five hundred). It is likely that the price may go down later on when the instruments are actually received in 1946-47. The Principal also recommends that in order to equip the Geology department with the latest books he should be given a special grant of Rs. 1,500/- (Rupees one thousand and five hundred) for the purchase of these books.

P.T.O.

Page 2.

2. In the circumstances stated above, I request that Government may be pleased to sanction the purchase of these instruments and books in 1946-1947 and make necessary provision in the budget under "57(b) Education-University-Government Arts Colleges(b) A. Arts Colleges-Men" in the next year.

3. I am including this sum of Rs. 14,000/- in my Part II estimates for 1946-47.

4. I request that Government may be pleased to allow the Principal to place orders for the instruments now in advance so that they may be available for use early in 1946-47.

I have the honour to be,

Sir,

Your most obedient servant,

For Director of Public Instruction.

Re: Expenditure in the current
year for the purchase of
microscope for the Presidency
College

As the microscope will
be purchased only in
1946-47. no expenditure
will be incurred in the
current financial year.

~~Pres~~ Stores Presidency College, Madras - Geology
Department - Purchase of microscopes & books, Sanction
From the D.P. Re. No. 294 Mus. & 2-7-45.
Order/Res. 1508 Dn 25-9-45

The Government sanction the purchase
of six 'petrological microscopes' at a cost not
exceeding Rs. 12,500 and ~~books at a cost not exceeding~~
Rs. 1,500 (Rs. twelve thousand five hundred) and
books at a cost not exceeding Rs. 1,500 (Rs. one
thousand five hundred) required for use in the
Geology Department of the Presidency College, Madras.
2. The Principal of the College is permitted to place
an order for the purchase of the microscopes
with the manufacturers even now, so that they may
be available for use early in 1946-7.

3. The D.P. is requested to include the necessary
provision

C.No.30422.C. From the D.P.I., Re.No.294.A/45 dated ~~2nd~~ 2nd July 1945.

Subject: PRESIDENCY COLLEGE, MADRAS - Geology Department - Purchase of microscopes and books.

In connection with the Part II estimates for 1946-47 the D.P.I., has submitted a proposal for the purchase of 6 petrological microscopes costing Rs.12,500/- and books costing Rs.1,500/- required for use in the Geology Department of the Presidency College, Madras. As it will take some time to manufacture these microscopes, the Director requests that the Principal of the College may be authorised to place an order with the manufacturers even now for their purchase so that they may be available for use early in 1946-47.

2. If the proposal is to be treated as a Part II Scheme, it does not seem that any commitment can be entered into before the scheme has been approved by Government and necessary provision has been included in the next year's budget. Having regard to the importance attached to the study of Geology, the Director's suggestion to authorize the Principal to place an order in advance may be approved, and the proposal may be treated as a scheme for introduction in the ^{the} current year. The file may be sent to Finance Department for remarks.

created as on a 'New Service'. The E.P.H. Dept, may therefore be requested to take orders in full circulation. E.P.H. will ~~not~~ have to obtain H.E.'s authorisation to a supplementary estimate of expenditure for the amount required in the current year in course. If any expenditure is incurred in the purchase of microscopes will be incurred in the current year. If not, i.e. if the expenditure will be incurred in 1946-7, it will be sufficient if they propose the inclusion of the necessary provision in the P.E. 1946-7 (Part I)

for the partition of the Ramnad estate and of the personal properties of his father to the late Muthu Ramalinga Sethupathi Rajah of Ramnad. The suit having been decided against the petitioner he filed an appeal in A. S. No. 89 of 1891 on the file of the High Court of Judicature at Madras and which also having been held against him petitioner was advised to prefer an appeal to Her Majesty's Privy Council. The main grounds on which the petitioners case was based were (1) that by the proclamation of 1801, the British Government annexed the Carnatic and assumed sovereign rights over the territories of the Nawab Wallajah. By this Act all treaty relation between the British Government and the Nawab of the Carnatic ceased to have force (2) That Mangaleswar Nachiar the sister of the deposed Muthuramalinga Sethupathy was declared by 3 Brahmans, 3 Pandarams and ³ learned men to be not eligible to succeed as the succession in the Ramnad Zamindari never devolved in the female line at an enquiry regarding the question of succession held by Mr. Powney. (3) Mangal⁴swami Nachiar was put in full and absolute possession of the Ramnad Zamindari in 1803 under a Milhiat-ei--Istimirari Sannad in accordance with regulation XXV of 1802 (4) That in a suit instituted by Sivagami Nachiar the daughter of the deposed Muthuramalinga Sethupathi in O. S. 3 of 1813 in the provincial court of Trichinopoly against Annasami a distant Dhayathi of the husband of Mangalawari Nachiar the grantee who had by her will left the Ramnad Zamindari to the said Annaswami. The Provincial court decided in favour of the plaintiff. Sivagami Nachiar daughter of the deposed Muthuramalinga
