INSTRUCTIONS FOR THE SECRETARIAT.

(*a*) If a paper is marked to be printed urgently or as special the Superintendent of the section concerned should sign the Press slip. The Superintendent should exercise a careful discretion in the matter.

(*b*) Each letter, memorandum, or order, or set of orders, in the file of correspondence should be headed in succession with the Roman numeral I, II, III, etc., the number being written in red ink or blue chalk above the item. The particular papers to be printed in the special issue-copies should be indicated by the Roman numeral (I, II, etc.) by which that item had been headed in the correspondence file. All matter, including marginal remarks or references, to be printed should be written in ink and matter which should not be printed should be encircled. Initials and signatures that are not quite legible should be re-written distinctly.

(*c*) For rules regarding printing of notes, see the chapter on printing and proof correction in the Secretariat Office Manual.

(*d*) The number of copies and the details of distribution should be filled in by the Superintendent or clerk concerned.

(*e*) In the absence of special instructions to the Press to keep matter standing for a specified period, ordinary papers of 8 pages and under will be kept standing for *one* week, and larger papers for *two* weeks only. *The type of notes and of all confidential papers is distributed immediately after striking.*

(*f*) This slip, properly and completely filled in, should accompany every paper sent to Press; it will be returned by the Press when proofs are furnished; it should be sent to the Press when a call is made for revised proofs or when a corrected proof is sent for striking. When finally returned by Press it should be filed with the original order or letter.

INSTRUCTIONS FOR THE PRESS.

(*a*) If, in the opinion of the Superintendent of the Press, a paper has been marked special of urgent unnecessarily, he should send the Press slip to the Assistant Secretary with a remark to that effect.

(*b*) Unless a note to the contrary is made against the matter, pencil entries should not be printed. The Superintendent of the Press may bring to the notice of the Assistant Secretary any instance of incomplete or careless editing.

(*c*) Signature copies of letters to the Secretary of State or to the Government of India should be printed on hand-made paper.

(*d*) This slip should be returned by the Press to the Secretariat when proofs are furnished: it will be sent back to the Press when proofs are returned corrected and should be finally returned to the Secretariat when struck-off copies are supplied.

(*e*) The names of the Secretary and Ministers or Advisers should be printed in full when they occur on the right hand side, only the first time when they appear on the left side, the initials alone being printed later.

Sir,

Sub:--Prevocational Training - introduction of Paper making as a prevocational subject Deputation of a teacher cost to be met from Elementary Education Funds Account - sanction sought for.

---:---

I have to state that the District Educational Officer, Cuddapah in his Rc.No. 115-E-45 dated 18-2-45, communicating a copy of Director of Public Instruction's Proceedings Rc.No. 2226-B1-44 dated 30-1-45, desired to let him know if the Board is prepared to depute a teacher for the training course proposed to be held for a period of three months at Gazulapalle of Kurnool District meeting the cost there of such as stipends, Travelling Allowance etc. from the general funds. There upon he was informed that as the Board is already having deficit Budget the general funds of this Board does not permit the incurring of any additional expenditure on it. Therefore a teacher will be deputed for the training duly obtaining the sanction of the Government to meet the cost from the Elementary Education Funds Account. The services of the Training teacher will be utilised on return for holding the prevocational class in paper making in any one of the Higher Elementary schools in the District.

I therefore request the Benign Government to accord necessary sanction for meeting the cost from the Elementary Education Funds Account as a special case.

Necessary sanction of the Board will be obtained and communicated in due course.

IN submitting herewith the letters cited above, I have the honour to state as follows:

IN June, 1944, a letter was received in this office from the Government of India, Department of Education, Health and Lands, together with some extracts from letters of the Director of Public Instructions of other Provinces and a copy of a note by the Paper Production Commissioner on the subject of "Paper-making" in schools. This reference from the Government of India recommended the extensive introduction of the study and practice of paper-making in schools on certain lines mentioned therein.

PAPER making is one of the approved prevocational subjects for higher elementary schools. In view of the importance of the subject, especially in relation to the present war-time conditions, it is proposed to give greater impetus to the study of the subject as a prevocational subject in higher elementary schools. In consultation with the Adviser to Government on Manual Training and the Director of Industries it has been proposed to organize refresher courses for instructors, as qualified instructors in "paper-making" are not available in adequate numbers. The Director of Industries has supported this proposal and has promised necessary help by his Department. A

A copy of this Office RC.No.2226-B/44, dated 30-1-1945, referred to in the letters of the Presidents, District Boards, West Godavari and Cuddapah is enclosed. It gives an idea of the proposed refresher courses. p 9 infra

A copy of the letter No.747-P/44, dated 8-1-1945 of the Director of Industries on which this office R.C.No.2226-B/44, dated 30-1-1945 was based, is also enclosed for favour of information. p 7 infra

X/

FROM the replies so far received from the Divisional Inspectors to this office RC.No.2226-B/44, dated 30-1-1945 it is gathered that the District Boards, West Godavari and Kistna and the Municipal Council, Rajahmundry, propose to depute to the proposed refresher course two candidates each; and that the District Boards, Bellary, Cuddapah, Kurnool, Nellore, Madura, Tinnevelly and Tanjore one candidate each. Proposals of other local bodies have not yet been received.

I propose that permanent teachers and approved probationers under local bodies who may be selected for deputation to the proposed refresher course, may be paid the usual allowances, i.e. salary and dearness allowance for the period of the course and travelling allowance for the journeys made. In the case of others that may be deputed, a stipend of Rs.12/- per mensem may be paid to each. The expenditure that may be incurred in this connection by local bodies, may be met from their Elementary Education Funds.

I request that Government may kindly approve my proposals.

I have the honour to be,
Sir,
Your most obedient servant,

for DIRECTOR OF PUBLIC INSTRUCTION.

Sub: Paper - Making - introduction into schools as prevacational subject - Organising refresher courses for would-be instructors.

I can arrange for the training of eight candidates at a time at the three institutions mentioned below where sufficient equipment staff is available.

A
1. The Government Hand Made Paper Mill, Bezwada (Kistna Dt.)
2. The Government Hand Made Paper Mill, Gazulapalli (Kurnool)
3. The District Board Industrial School, Tanjore.

A batch of 8 trainees is to be preferred to a batch of sixteen as the smaller the number is, the less difficulty for accommodation in the various centres and the greater the personal attention, which a candidate is likely to receive. The candidates will have to make their own arrangements for their boarding and lodging in the different centres and my staff would give such assistance as possible in this connection.

The candidates from Northern Circars may be sent to Bezwada and those from the other Telugu speaking areas to Gazulapalli. Candidates from Tamil areas and Malabar may be sent to Tanjore. The aided institution at Tanur is reported not sufficiently equipped for the training purposes.

The refresher course might be for 3 months' duration and may begin from 15th Feb. 1945.

Copy of Proceedings R.C.No.2226-B/44, dated 30-1-1945 from the Director of Public Instruction, Madras.

Elementary Education - Prevocational Training - Introduction of "paper-making" as a prevocational subject in elementary schools - organisation of xxx refresher courses for instructors in the subject.

With a view to popularize "paper-making" as a prevocational subject in Elementary schools and to provide adequate number of trained instructors in the subject, it is proposed to organize refresher courses to train candidates as instructors in the subject. Three centres at Bezwada (Kistna District) Gazulapalli (Kurnool District) and Tanjore are tentatively slected for the purpose, and it is proposed to train in the first instance a batch of eight candidates at each of the centres. The refresher coursex will be of three months' duration, and will begin as soon as possible. It is considered desirable to select candidates for the training from among teachers of elementary schools from all parts of the province. The first batch of twenty four candidates may be selected from schools which are prepared to introduce.and arrange for the teaching of "paper-making" as soon as the teachers return from training candidates from the Northern Cirars and Guntur District will be trained at Bezwada; those from the Ceded Districts and Chittoor and Nellore Districts will be trained at Gazulapalli; and those from the Southern Districts (Tamil and Malayalam areas and South Kanara District) will be trained at Tanjore. The **Divisional** Inspectors of Schools, Guntur and Anantapur are requested to select eight candidates each, and the Divisional Inspectors of Schools, Madura and Coimbatore, to select four candidates each, in consultation with the local bodies in their respective Divisions. The executive heads of the local xx bodies may also be requested to say whether they are willing to meet from their funds expenses relating to the deputation of their teachers for the training, such as stipends, travelling allowance, etc. with the necessary sanction of the Government.

Memorandum No. 9673 A. 2. dated 21 May 1945.

Read letter from the Director of Public Instruction, R.C.No.2226 B/44, dated 2nd May 1945.

Sub: Refresher Courses for teachers in "Paper Making"

V

According to the proceedings of the Director of Public Instruction R.O.C.No.3546 B/40, dated 10th October 1941 the possession of an Industrial School Certificate in paper making is the prescribed qualification for pre-vocational instructors in the subject. It is presumed that the teachers who will be deputed to attend the proposed refresher course will be the ordinary type of trained teachers and not those who already possess the Industrial School Certificate referred to above and that attendance at the refresher course will be reckoned as an alternative qualification to the certificate in question. In that case it is not clear whether the term "refresher course" is the appropriate ~~one~~ one to be used in the context. That apart, it will probably be necessary to have an examination or other arrangement to assess the attainments of the candidates at the conclusion of the "refresher course". The Director of Public Instruction is requested to consider these points and make a further report.

Sub: Elementary Education - Pre-vocational training - Introduction of "Paper-making as a subject in the Higher Elementary Schools - Organisation of refresher courses for instructors.

Ref: Govt. Memo. No.9673 A-2, Education, dated 21-5-45.

The presumption of Government that the teachers who will be deputed to attend the proposed refresher course in "Paper-making" will be the ordinary type of trained teachers is not correct. The Adviser to Government on Manual Training reports that the present instructors in paper-making do not appear to have sufficient technical knowledge of the craft to produce a better quality and a greater variety of paper. He has also pointed out that there is much scope for improving paper-making especially in the use of certain local fibruous materials suitable for paper-making and for improving the quality and quantity of the paper produced, in the making of different kinds of paper; and in the marbling and colouring of paper. This clearly indicates that the course must also be given to the existing instructors in Paper-making who are not sufficiently well qualified to produce better types of paper. Of course the proposed course is also open to other ordinary teachers who might like to undergo the course.

The other presumption of Government that attendance at the course will be reckoned as an alternative qualification to the Industrial School Certificate is correct.

If the Government have any objection to the use of the words "Refresher Course" I suggest that the term "Short Training Course" may be used instead of it.

As regards the necessity for having an examination at the end of the course the Director of Industries & Commerce has agreed to hold a test at the conclusion of the Training Course and to award a certificate to each successful candidate.

REF; G.O. No.1516 Education dated 25-9-1945.

With reference to the above G.O. a short traini course in Paper-making for teachers inElementary Schools w organised by the Director of Industries from 18-2-46 to 18-5-46 at 3 centres and 20 teachers from Elementary scho under local bodies were trained. As the Director of Industries had restricted the number of teachers that could be trained at each centre to 8 only during the first batch o training, the course was confined to teachers employed in Elementary schools under local bodies, and the question o conducting such courses for some more terms and of extend it to teachers in aided Elementary schools also, was pro to be considered later. The Director of Industries was t fore addressed regarding the necessity to conduct the co for some more time so that an opportunity might be afford to other teachers to get themselves trained and employed instructors in Higher Elementary schools. He was also requested to consider the feasibility of increasing the maximum number of candidates to be trained at a time and selecting some more centres for the conduct of the cours

p.t.o.

43

has reported that he has no objection to raise the number f centres from 3 to 8 (4 centres to be located in the South nd 4 in the North) and also to increase the number of trainees rom 8 to 16 at each of the centres. Thus 128 teachers can be rained, if the course is conducted for a second time.

IK

2 The Director of Industries, has in this connection raised certain new points. He states that since the short-time course has to be organised as a regular feature for some time to come, it is necessary to arrange for payment of an honorarium to the Instructors in Government employment who undertake the work of teaching and training or a fee to the non-government institutions that provide training facilities. He considers that a payment of Rs.5/- per trainee per month is a reasonable fee to cover adequately the losses wastage and the incidental charges incurred by the institution and also towards payment of honorarium to the instructors. As the instructors will be relieved of their ordinary work to give instruction to the deputed teachers, there seems to be no reason why they should be paid extra remuneration. I, therefore, do not agree with the suggestion of the Director of Industries in this regard.

3 In view of the fact that the Director of Industries has agreed to increase the number of centres for training as well as the number of candidates to be trained at a time ~~at~~ in each centre, I consider that the teachers in aided Elementary Schools for boys also may be permitted to attend the course. But as the aided elementary school teachers are poorly paid, they cannot be expected to spend from their own pockets the expenditure involved for the course and the travelling expenses to and from the place of training. I, therefore recommend that the aided elementary school teachers that might be selected for the course may be considered to be on deputation and that grant may be permitted to be assessed on their behalf during the period of the training course. They may also be allowed a stipend of Rs.12/- per month and T.A. as per M.T.A. rules. I request that Government may be pleased to approve of my above proposal. On receipt of the orders of Government I shall address the Director of Industries, in regard to the conduct of the second Training course in paper-making.

REF: Government Telephone Message by post dated 14--2--1947.

......

1. With reference to the information called for in the above reference I have the honour to state as follows:--

2. The payment of stipends and assessment of grant on behalf of teachers ~~an~~ of aided Elementary schools deputed for the training is necessary in view of the fact that these teachers are poorly paid and they cannot be expected to maintain themselves with only a stipend of Rs.12/- p.m. as in the case of probationers who will be deputed from local bodies for this training. This concession has been allowed to the trainees at the Basic training schools who have been deputed by the aided managements - vide G.O.No.1363, Edn., dated 15--7--46. The presumption of the Government that substitutes will be appointed in the place of deputationists is correct and it is also necessary that grants should be assessed on their behalf. It is submitted in this connection that it is not possible to give any detailed statement of the financial implications involved in the proposal as called for by the Government since it is not decided yet as to how many of the teachers of the aided elementary schools are to be deputed for the training. But the expenditure that will be incurred on account of a single teacher, secondary or Higher grade as the case may be including the substitute that will be appointed will be as follows.

		Higher grade.	Secondary grade.
Stipends for 3 months	3 x 12	36	36

With reference to the Government Memo cited above, I have the honour to state that as paper making is becoming popular, it was felt that a large number of teachers in Elementary schools (both aided and Local body) may be given training, so that they can teach papermaking in Elementary schools as a prevocational subject. Again, as in the first course conducted by the Director of Industries, the number of candidates that could be selected for the training was small, only teachers from Local board schools were deputed for the training and it was decided that the question of deputing aided school teachers might be taken up when the second batch of teachers are trained. Now that the Director of Industries has agreed to train 128 teachers, it was suggested that Aided School teachers may also be deputed so that paper making can be introduced in Aided schools also. However, if Government consider that additional

ELEMENTARY EDUCATION - Prevocation instruction -
Short training course in Paper making for teache
in elementary schools - proposals.

pp 1-2 (b)

In G.O. No. 1516 Edn. dated 25--9--45 the Govt. approved the proposals of the D.P.I. to organise a short training course in paper making in selected centres in the presidency and the local bodies were permitted to depute teachers employed in their elementary schools for the course. The Director now reports that the short training course was organised by the D.I.&C at 3 centres from 18-2-46 to 18-5-46.

para 1 p1 cf

p2 cf M/

It is now proposed to conduct the short training course in paper making at 8 centres, and to raise the no. of trainees at each of these centres from 8 to 16. In view of the proposed increase in the no. of centres, as well as the no. of trainees, at each centre, the D.P.I. suggests, that the teachers in aided elementary schools for boys may also be permitted to attend the course. He recommends that (i) grants may be assessed on their behalf for the period of the course; (ii) a stipend of Rs. 12/- p.m. may be granted and (iii) travelling allowance, as per M.T.A. rules may be allowed to them. It may be mentioned in this connection that teachers deputed from elementary schools under local bodies, if they are permament or are approved probationers, were granted during the period of training the pay and ~~D.A.~~ dearness allowance usually admissible to them, together with T.A. in accordance with the M.T.A. rules; while probationers were allowed only a stipend of Rs. 12 a month. It is not therefore clear why the Director has proposed in the case of aided elementary school teachers, the assessment of grant on their behalf as well as the payment of stipends to them. The Director has not also stated whether grants should be assessed to teachers who are appointe as substitutes in the place of those deputed for training. The cost involved in the proposal has not been furnished. The D.P.I. may perhaps be consulted on the ~~proposal~~ points. Subject to orders a draft ~~memo~~ T.M is submitted for approval.

The letter from the D.P.I. at p. 5 C.F. is submitted for perusal with ref. to the T.M. on pp. 3-4 CF. The Director states that an estimate of the cost involved in the proposal could not be furnished as the no. of teachers to be deputed by aided ele. schools has not yet been decided; however he states that the expr. on account of a single teacher deputed from an aided ele. school would be Rs. 228 or Rs. 252 according as he is ~~an~~ a higher elementary grade or a secy. grade teacher. It may be noted here that in arriving at this figure, the Director has not taken into account the expr. on account of the payment of travelling allowance. ~~[illegible]~~. p 5 CF

The total no. of teachers proposed to be trained at the 8 centres is 128. K on p 2 CF
For purposes of calculating the cost roughly, half this no. may be taken to be deputed by the aided schools, while the other half may be from schools under local bodies. Again half the no. deputed by each of the ~~[illegible]~~ two agencies may be taken to be secy. grade teachers and the remaining half as higher ely. grade teachers. For orders whether the Director may be asked to furnish an approximate cost ~~involved~~ on this ~~basis~~

basis, ~~and including~~ the expr. on a/c of the payment of travelling allowance being included in the estimate. Subject to orders, a draft T.M. for appl.

pp 9-10 CF [From the D.P.I. No. 1186 B6/46 dt. 9.4.47].

The Director's letter at pp 9-10 CF. is submitted for perusal with ref. to the T.M. on pp 7-8 CF. The Director reports that the cost involved in the proposal on account of the teachers deputed by the aided ele. ~~Schools teachers~~ alone would come to about Rs. 16960/- (including travelling allowance payable to them). The expr. on account of the deputation of the teachers ~~to be deputed~~ by the local bodies has not been included in the above estimate as the expr. would be met by the local body concerned.

A/ The DPI's proposals may be approved.

2. The proposals of the Director of Public Instruction are

tend the prevocation short training course in Paper making r teachers sanctioned in G.O.1516 Edn. dated 25-9-1945; and o allow them to draw their salaries and dearness allowances during the period of the training in addition to the stipends of the value Rs 12/ p.m. and travelling allowances under the M.T.A. Rules. The extra cost involved in the proposal is Rs 16,960/-.

p-10 CF

E & P.H. have supported the D.P.I's proposals.

3. The scheme for short training courses in Paper Making sanctioned in G.O.No.1516 Edn. dated 25-9-1945, was intended solely for teachers of elementary schools under the Local Bodies. There was no expenditure to Government on this account as the entire expenditure was met by the Local Bodies themselves.

ⓑ

The D.P.I. has now stated that in all the 3 centres at which the training was organised under the above G.O. 20 teachers from local bodies schools have been trained. The need for the training of a larger number of teachers has not been explained by the D.P.I. If there is any such need, it would seem sufficient to train a larger number of teachers from schools under the management of local bodies without involving any extra expenditure to the Government. The D.P.I. may first be asked to report if this will not meet the requirements of the Province. If, however, the need for more teachers trained in paper making is still felt, there may then be a case for the extension of the training to the teachers of aided elementary schools.
