To All Provincial Governments and Local Administrations.

Grant of financial assistance to evacuee university students - General Policy - Continuance of the scheme for the academic year 1945-46.

Sir, In continuation of the Department of Indians Overseas letter No. F.20/44-E(ii) dated the 7th August 1944, I am directed to say that the Government of India have decided to continue the scheme of financial assistance to evacuee University students during the academic year 1945-46. The position will however be reviewed when conditions in Burma return to normal.

2. In this connection, I am to add for the information of the Provincial Governments that only those students who are British subjects and who are either themselves evacuees from Burma, Malaya, or other enemy occupied territories or are dependants of parents or guardians who are such evacuees or who are stranded in enemy occupied territories are eligible for financial assistance under the scheme. Students who are already studying in University classes and those who after passing their school final stage have become eligible for admission to a University not later than 1945 and join University classes during the academic year 1945-46, are also eligible for assistance under the scheme. The new entrant should be clearly warned that in their cases there is no promise of the scheme being continued beyond the year 1945-46. Evacuee students who are dependants of Burma Government pensioners or of Burma Government servants who are drawing leave salary in India should also be considered eligible for assistance under the scheme provided the Provincial Governments are satisfied on consideration of the deterioration, if any, in the financial circumstances of the evacuee family on account of the evacuation from the enemy occupied countries that it is not possible for the students in question to continue their interrupted courses of studies without such assistance. The scheme will be applicable to evacuee students who are British subjects residing in an Indian State (but not an Indian State subject) and studying in an Indian State University recognised for the purposes of Federal Public Service Commission Examinations (Vide this Department letter No. F.20/44-E(ii), dated the 28th February 1945).

3. Evacuee students who, after passing their school final stage, take up non-university technical studies are also eligible for financial assistance under the scheme and the following procedure should be followed in their cases:—

(i) Students who have already been granted non-repayable assistance under the scheme during the academic years 1942-43, 1943-44 and 1944-45 should continue to receive assistance on a non-repayable basis in the academic year 1945-46 also.

(ii) The assistance granted to technical students will continue to be on a non-repayable basis and should be limited as in the previous academic year to those technical courses only which will not exceed two years.

4. The following classes of evacuee students are not eligible for financial aid under the scheme:—

(a)

(x) 4

(a) Evacuee students who are already graduates. But evacuee graduates who take up B.T. or B.T. or similar courses, which are usually of a year's duration, with a view to train themselves for future employment as teachers may, however, continue to be granted necessary financial assistance as in the previous academic year, up to a maximum of Rs. 600/-, on a repayable basis. All such cases should be referred to the Government of India for orders.

(b) Evacuee students taking up fresh medical, engineering and other expensive professional courses whether in a University or not, with the exception of those, who have already taken up those courses in Rangoon or in India before evacuation or during the academic years 1942-43, 1943-44 and 1944-45 and have been granted financial assistance under the scheme. Students undertaking fresh courses in those studies during the academic year 1945-46 will be eligible for assistance under the scheme only if they satisfy the conditions laid down in this Department letter No. F.20/44-E(11) dated the 15th May 1944. All these fresh cases should be referred to the Government of India for orders even if their prima facie eligibility is established. The Provincial Government should, before recommending for assistance the cases of these students, give the students concerned to understand that the Government of India, even if they sanction an allowance, do not guarantee to be responsible for the completion of the course of studies the student undertaken.

5. The instructions laid down in paragraph 2 of the Department of Indian Overseas letter No. F.155-1/43-1, dated the 4th August, 1943, regarding the grant of financial assistance to evacuee medical students and those in the letter No. F.155-1/43-1, dated the 15th July, 1943, regarding the grant of financial assistance to evacuee students during vacations will continue to apply.

6. In all cases of evacuee students, where allowances towards the purchase of books and other equipments are included in the grants recommended by the Provincial Governments, the College authorities should be requested to scrutinise the sort of books an evacuee student may purchase out of funds provided or to be provided by the Government and the advance for books and other equipments should be given only after due verification of their costs.

7. Requests from evacuee students for assistance towards expenses for clothing, etc., should be dealt with in accordance with the instructions contained in this Department letter No. F.20/44-E(ii), dated the 7th April, 1945.

8. With the beginning of the academic year 1945-46, the Government of India have decided to stop granting assistance to evacuee University students in respect of the academic year 1944-45 except in those cases where the students have financed their education by borrowing or by placing an undue strain on their guardians in anticipation of Government assistance, and if the Provincial Governments make special recommendations in this regard hereafter no grants for the academic years 1945-46, and 1946-47 will be sanctioned, except in very exceptional cases, where the Provincial Government have already advanced certain sums to the students in anticipation of the Government of India's sanction. Such cases, if any still pending with the Provincial Government, should be forwarded to the Government of India without delay.

9. Wide publicity may be given to the scheme and application for financial assistance from evacuee students forwarded to this Department, in accordance with the procedure laid down in paragraph 6 of the Department of Indian Overseas letter,

-31-

F.135-4/42-0.8., dated the 26th November, 1942. Instructions may also be issued to the local authorities to deal with the applications of evacuee students as expeditiously as possible. In cases where further investigation is necessary before a recommendation can be made, the Provincial Government may, in prima facie deserving cases, grant repayable advances and later obtain sanction from the Government of India for converting them into non-repayable grants under the scheme.

425-6

10. The expenditure under the scheme should be debited to the head "BY-Miscellaneous -0-Expenditure in connection with evacuees -0-1. Expenditure on Indian evacuees from war zones and dependants of persons detained there; 0.1(1)-Administration of the scheme of assistance -0.1(1)(3)-other charges".

11. Spare copies of this letter will follow as soon as these have been printed.
