ment Presses.

Sir,

Printing work of the Central Government, both civil (including P. & T.) and military has increased so much in volume of late that in spite of considerable expansion of the four Government of India Presses and a second shift in all of them, we are unable to meet the demands on us satisfactorily. We are grateful to the Provincial Governments for the help they have been rendering by printing our jobs in their presses. We have also been able to enlist the co-operation of a number of reputable private presses in the country. But the pressure on us is on the increase. We are now compelled to expand our resources.

2. Your Government will appreciate the shortage these days of trained printers, of printing machinery and of building material required to step up production in our presses. Moreover, the present large demand is a duration phase only. It has to be met by a measure of a temporary nature. The solution lies in enlisting the co-operation of a larger number of private presses in the different parts of the country.

3. The difficulty of giving out work to private presses throughout the country from a place like Delhi will be obvious. Reputable presses have to be selected and a panel formed on a regional basis. Rates in general for each zone may have to be fixed in advance as it may not be possible in urgent cases to entrust work after calling for tenders. Paper will have to be stored at convenient centres and issued to the printers. Jobs will have to be progressed and in the end, bills scrutinised before payment.

4. I venture to approach you with the request that the paper Controller of your province who is a printer and has now dealings with nearly every private press in your province be permitted to distribute Central Government work to selected private printers in your province. We shall give him all assistance he requires by way of staff etc. for the work enumerated in para. 3 above. We suggest the following staff to be recruited by your Government and a special pay of 10% of his pay per month for the Paper Controller.

From (Name) A.G. Anderson Esq.,
(Designation) Superintendent, Government Press,

DEPUTY
To The Secretary to the Government of Madras,

EDUCATION & PUBLIC HEALTH Department.

Sir,

Ref:- Education & Public Health Department Memorandum No. 23915 F-1, Edn., dated 30th May 1945.

With reference to the above I have the honour to state that this Press is already doing its utmost to comply with the printing requisitions from the offices of Central Government and there had been no case of refusal to take up the work provided it is covered by orders of the Controller of Printing. I have done work to nearly the value of Rs 1,77,800/- during 1944-45 and in the current year it is increasing. Just now, I am having nearly 1000 foolscap pages of solid matter for printing to be done for Hindu Law Committee and from the Enquiry Commission besides a number of other miscellaneous jobs. With a proper provincial organization for Central Government in this Press it should be possible to extend the services to the maximum effect. The shifting of responsibility in this connexion to any other agency would be disastrous as it may have to assume direct even with reference to the abnormal heavy portion of the work now done in this Press.

2. I am already utilizing the services of many of the

priv

private presses in the presidency for printing the Crime and Occurrence sheets, Sessions judgments, etc. through the District officers. I am selecting the presses for contract work on yearly basis to the several universities and local bodies and also check their claims for payments. The printing of entire rolls of the Provincial Legislatures in 1935 was done by me under my own responsibility which I did with co-operation of the local presses. I am therefore fully conversant with the details of all important presses in the presidency with their probable equipments and capacity for work.

3. This office with its knowledge and experience will certainly be able to help the Government of India to the maximum extent needed. I have already a list of presses in the presidency compiled and it would not be difficult to take up extra work immediately as received. I may also point out to Government that only a few presses in the city are well equipped to undertake all kinds of work and they too on account of pressure in other directions are reluctant to take up additional jobs. The work should be entrusted to me initially to spread it out according to circumstances.

4. The existing practice of recouping paper used by this Press every half year as ordered in G.O. Ms. No. 768, Edn., dated 16th May 1945 may continue for the present. Should however the volume of work largely increase it will be necessary to shorten this period. The paper required for private presses for printing work to be done by them may be supplied direct by the Superintendent of Stationery and the stock subsequently recouped from Central Government.

5. If my suggestion is accepted I would require the following staff:-

- | | | | |
|--|------------------------|------|------|
| 1 Overseer on Rs 125-10/2-175 plus D.A. | 155 | 27 | 25 |
| 1 Estimator (to fix rates when tenders cannot be called) | 80-7 1/2-110 plus D.A. | 98.9 | 18 |
| 1 Foreman on Rs 55-85 plus D.A. | 73 | 18 | 6.5 |
| 1 Clerk on Rs 55-70 plus P.A. plus D.A. | 65.8 | 18 | 2.5 |
| 1 Attender on Rs 19-2/2-25-1/2-30 plus P.A. plus D.A. | 36 | 16 | 2.5 |
| 1 Peon on Rs 12 plus P.A. Rs 2-8-0 plus D.A. | 14.7 | 16 | 2.5 |
| | 433.4 | 113 | 36.5 |

6. I would have to be in charge of this work. As my pay including special pay of Rs 250/- is Rs 1,075/- I should be eligible for an allowance of Rs 107/- being the 10% offered by the Controller. Besides this I would request a grant of Rs 25/- as conveyance allowance.

7. As far as possible work to private presses will be confined to the city but it may be necessary to extend work to presses in the districts also.

Enclosures:

No. 30 m 8 dated 25th August 1945.

Sir,

With reference to Education & Public Health Department
Memorandum No. 23915-F-2, Edn., dated 18-6-45, I have the honour
to state ~~that~~ in consultation with Mr. Anderson, that the pro-
posals may be dropped as there may not be any need for the
Central Government to give effect to their proposals for the
entrustment of their work to private presses through this
office in view of the present altered conditions by the cessa-
tion of hostilities. The work of the Central Government may be
continued to be done in this office as hitherto. If however,
large quantity of work is likely to be sent here and there is
still any necessity for the Central Government to give effect
to their proposals my further remarks are given hereunder.

2. The stocking and accounting of the paper to be used
on behalf of the Central Government for work done at the Madras
Government Press will be regulated with reference to the final
orders that may be issued on this office letter No. 82/Pd1/Skr/
Mis/44 dated 11-7-45. In regard to the paper required for their
printing work at private presses it can be stored at the Govern-
ment Press.

3. Much

-2--

3. Much work will of course be involved in the initial scrutiny of the various jobs of manuscripts received for printing with a view to their distribution between the Government Press and private presses according to the nature and urgency of the work and in the issue of instructions to private presses so that full economy in printing and paper may be observed for which I should have the assistance of one of my technical Gazetted Assistants. The correspondence and accounting work involved in this matter will also naturally further increase the work of my Personal Assistant who is already over-worked. Should Government therefore be pleased to consider their cases also, I would recommend the sanction of a special pay of Rs 50/- to the former and Rs 30/- to the latter per mensem.

Execution of Printing work on
behalf of Central Govt. in the
Provincial Govt. Press

The Controller of Printing & Sty.
Shahpur requests the assistance of
this Govt. in the matter of selection
of private presses in this Province for
distribution of Central Govt. work.
For this purpose, the Central Govt.
are willing to give the necessary staff
and a special pay of 10% of the pay
of the Paper Controller who is in
charge of printing. The Controller has
given an idea of the nature of staff
which may be recruited for the
purpose. at A on 1-1-2/45.
The Controller of Paper Controller
The S.G.P. was consulted in the
matter. It is submitted that as the
question raised by the Controller
of Printing & Sty. relates to the printing
at private presses, it seems that
the due due weight may be given
to the view of the S.G.P. alone
who is a private, though the
Controller Mr. Menon is a private
too next to in rank. In the S.G.P.,

holding the post of Dy. Comdr. Paper. The Paper Controller is not a printer in 3. The S. G. P. is ~~not~~ his previous agree to undertake the work of distribution of Central Govt. Printing work among Provincial Presses in this Province, if his suggestions in paras 3 & 4 of his letter meet with the approval of Govt. The staff & allowances required by him are set out at C & D on p. 6 of 14. For distribution in the S. G. P. proposals may be forwarded to the Controller of Printing in 1010, P.O. may be before circulation.

I think that the S.G.P. would be in a better position to do this job than the Paper Controller - who is not a printer as the S.G.P. (presumably) they are already doing printing work in his Press for the Govt of India and he also sees that Govt work is done in private presses - it will be quite easy for him to combine the two and undertake to control & supervise Govt of India work for in private presses. Though the Dy. Paper Controller is a printer, this kind of work will be new to the Paper Control Dept., both in the matter of actual execution as well as in the accounting procedure.

- The S.G.P. may be asked to clear up the following 2 pts:-
- (1) Is not the paper mentioned in (A) stocked by him & not by the S.G.P. & cannot the paper used for the proposed printing work in private presses also be stocked by him?
 - (2) Will any other officers in his office e.g. his P.A., Manager etc have any add. work on account of the proposals?

15/6/45

With reference to the orders of the Govt. - p. 2 anti, a draft order is submitted for approval. [Issued as Memo No. 23915 P-2 Dtd 18.6.45] From the S.G.P. No. 30. Dtd 25.8.45. Please see the S.G.P.'s reply on p. 14. CP to the Dy. Secy. Memo on pp. 7-8 & 6.

The S.G.P. is of opinion that there may not be any need for the Central Govt. to give effect to their proposals for the entrustment of their printing work to private presses through the Govt. Press, in view of the present altered conditions created by the cessation of hostilities. He therefore, suggests that the proposals may be dropped and that the printing work of the Central Govt. which may be continued to be done in the Govt. Press as hitherto.

In case, the proposals of the Central Govt. are to be given effect to, he states, that the stocking and accounting of the paper to be used for their printing work at the Govt. Press will be regulated with reference to the final orders of the Govt. that may be issued on his letter No. 82/Pd/34 Dtd 11.7.45. That letter has been sent to the Dy. Secy. of Stationery. His reply is awaited. As regards the paper required for their printing work at private presses, he suggests, that it may be stored in the Govt. Press.

He recommends a special pay of Rs. 50 to one of his Technical Gazette Assistants and Rs. 30/- per mensem to his P.A.

will have additional work if the proposals of the Central Govt. are given effect to... in some 15 m staff on 1-6-45. Before sending a final reply to the Govt of India, it is for orders whether the Controller of Printing and Stationery may be requested to say whether his proposals should be given effect to as are or dropped in view of the present altered conditions created by the cessation of hostilities.

with reference to the Deputy Secretary's note above.

We may tell the S.G.T. that, if it is considered necessary to carry out the scheme, as it may be done through the S.G.P., who is in a better position to be the agent of the Govt of India in this matter rather than the Paper Controller, who is not a printer. The S.G.P. at 'X' and 2 and 3 may be stated. As regards the procurement & storing of the paper required & the accounting in respect of it, the same procedure may be adopted as in the case of the paper supplied by the S.G.T. for their jobs done at present in the Madras Government.

A special staff as at 'c' and 'd' of may be sanctioned and the full officers in the Press, who will be responsible for supervision & who, on this account will have extra duties to perform, may be granted the full spl pay per month:-

Suppl. Rs 100/-, for other technical staffed posts Rs 50/-
Pers. Rs 100/-, for all this will be less than 10% of the pay of the Paper Controller, suggested by the S.G.T.

Dept at K on p 4 above

7/9/45

It is presumed that in addressing the Govt.

of India as indicated in the R.P.H. by Secy's note on p. 4 above, that dept will make it clear that the S.G.P. has recommended that the proposals may be dropped in view of the changed conditions on account of cessation of hostilities. If however, that Govt still consider it necessary to proceed with their scheme set out on pp 1-2 of, the details of additional staff proposed under the S.G.P. at C on p 6 of calls for no special remarks and as may be accepted. The Govt of India has agreed to the employment [the staff proposed is in accordance with the suggestion of the G.D. on p. 2 of].

Special pay. The G.T. suggested that if the Paper Controller is entrusted with the additional work (of distributing Central Govt Printing work among private presses in this Province) he may be given a special pay of 10% of his pay. R.P.H. consider that the S.G.P. is in a better position to do the job and recommend the grant of special pay as under:-

Rs 100/- per m to the S.G.P.
Rs 50/- per m to one of the technical assistants under the Secy
Rs 30/- per m to the P.A. to the S.G.P.

The special pay for the S.G.P. proposed may be granted or may however be restricted to 10% of his pay for the present. The Govt of India has agreed to the special pay in the case of the S.G.P. as above. It does not seem equally wise to contemplate the grant of special pay only to one officer, and the argument that the sum total

F

Special pay now proposed is Rs 180/-pm, all within the limit of 10% of pay of the Paper Controller is in itself no sufficient justification to accept the proposal. In fact, it is said that the RA is already overworked, and it is not clear how he can be given any more work except it be work on paper for purposes of special pay. In any case it is proposed to sanction necessary special staff under the S.G.P. for the additional work and he should manage the work with that staff in the best manner possible. In this view, Fin. may ^{advise against} ~~suggest that~~ the grant of any special pay to the other two officers.

Conveyance allowance of Rs 25/-pm to the S.G.P. the necessity for the Conveyance allowance has not been explained. In the absence of convincing reasons Finance may suggest that the proposal may be ~~rejected~~ ^{rejected}.

Procedure for procurement and stocking of paper for Central Govt Printing. The suggestion of Mr. H. M. on p 4 above may be accepted. If the above suggestions are accepted, the extra

cost on account of the proposal will be Rs 8,195/-pa. (including on staff and special pay alone. The entire cost is directly debitable to "56 - Stationery and Printing - Central", and Provincial funds will not be affected. The additional staff and special pay, if decided upon by the G.I., may be sanctioned temporarily for a period of one year until the need therefor ceases, whichever is earlier.

The Finance Dept have agreed to all the proposals of this Dept on p 4 ante excepting Conveyance allowance of Rs 25/- ^{proposed} per month to the S.G.P. They state that the special pay of the S.G.P. should cover this item also. For orders whether these items may be accepted.

He may agree to S.G.P.H. proposal. The S.G.P. will require the assistance of the Officer in charge of the work.

The facts in the file are briefly as follows:

The Controller of Printing and Stationery ~~has~~ ^{was in the} addressed this Government in May last for entrustment of Central Government printing works to select private presses through the Paper Controller ^{of this Province.} In that connection, the Government of India undertook to give the Controller a special pay of equal to 10% of his pay and the necessary additional staff on the scale laid down on page 2 c.f. The Paper Controller and the S.G.P., were consulted on the proposals. The Paper Controller has no objection to undertake the work, provided a special pay of Rs. 200/- ^{has} given to the Deputy Paper Controller with the staff specified on page 4 c.f. The S.G.P. has also agreed to take up the work, if he is given the Conveyance allowance of Rs. 25/- per mensem and necessary additional staff as at 'C' on page 6 c.f. and special pays to him and his assistants on the following scale was ~~fixed~~ ^{proposed}:

S.G.P.	Rs. 100/-
Gazetted Assistant..	Rs. 50/-
Personal Assistant..	Rs. 30/-

It is considered that the S.G.P. will be the proper officer to undertake the work as the Paper Controller is not a printer. ^{Also please see the remarks at 'X' on p 2 ante.} The S.G.P. has also stated in his letter dated 25.8.45 that the proposals may be dropped, as ^{there} ~~he~~ may not be ^{any} ~~in~~ need for the Central Government to give effect to the proposals for the entrustment of their work to private presses ~~through this office~~ in view of the present altered conditions due to the cessation of hostilities. If the Government of India, in spite of the cessation of hostilities considered it necessary to ^{proceed with} ~~persist on~~ their scheme
