R.C. No.404 J/44 dated 25th October 1944.

51355

Sub: Teachers' Provident Fund - Belated deposit of
Contributions to the accounts of subscribers
made by managements of institutions & Condonation
of delay in deposit.

Ref: G.O. No.744 Edn., dated 2-6-1943.

In the G.O. referred to above, Government have ordered that
all cases of belated deposits of contributions made on behalf of sub-
scribers to the fund irrespective of the period when they occurred
should be reviewed and disposed of now. Managements of schools have
persistently but legitimately represented to me the following diffi-
culties with regard to the belated deposits of contributions, made
by them towards the accounts of subscribers in the years previous
to the issue of the G.O. under reference requiring condonation of
delay in the deposit of contributions in all cases irrespective
of the period when they occurred:-

i) that the investigations into the reasons for the belated
payments made long before involved a great deal of work and difficul-
ty in view of the distance and time, change of hands of managements
of schools, non-existence of some schools and absence of relevant
records;

ii) that the reasons in some cases were not forthcoming while
in some cases they were vague and indefinite;

iii) that in several cases the delays were occasioned by the
belated disbursement of salaries to subscribers and a delay in
transfer of accounts of subscribers from one school to another;

iv) that while introducing the scheme, it was neither notified
that belated deposits of contributions would not be taken into
account for purposes of government contribution in case the delays
were not got condoned by the competent authority nor such a penal
provision laid down in the rules;

v) that when inspecting officers sanctioned the transfer of
accounts of subscribers from one school to another, they also certi-
fied to the title of subscribers for both the managements and Govt's
contributions even though there were cases of belated payments of
contributions to their accounts;

vi) that rule 6(d) permitted belated payments of contributions
"in exceptional circumstances". The delay in transfer of accounts
of subscribers from one school to another and the delay in disburse-
ment of salaries to subscribers were generally the "exceptional cir-
cumstances" under which belated contributions were remitted;

vii) that till recently, the grant of government contribution
to subscribers was passed by the Accountant-General on all belated
deposits without being objected to in audit.

viii) that only on receipt of the G.O. under consideration,
managements of schools were notified for the first time that delays
in deposits of contributions should be got condoned;

ix) that subscribers were not responsible for the delay in
deposits of contributions made by managements. It was, therefore,
not equitable to penalize them by refusing condonation of delay on
the ground that reasons for the delay were not satisfactory. The
reasons for such delays were beyond the control of subscribers and
to penalize the innocent subscribers on account of the delays
caused was evidently unjustifiable.

2. The managements therefore request that in view of the facts
put forth above, the Government be moved to rescind the retrospective
provision of G.O.No.744 Edn., dated 2-6-43 and make it applicable
from the date of its issue only or to give a blanket condonation
for all delays in deposit of contributions made to the accounts of
subscribers prior to the issue of the Government order. Inspecting

Inspecting officers also recommend that the difficulties represented by the managements of schools in the matter are real and that their request may be complied with, especially from the point of view of subscribers whose interests should be safeguarded.

3. It is observed from para 2 of G.O.No.744 dated 2-6-1943 ^{that} this G.O. was passed on the advice of the Accountant-General. I, therefore, addressed the Accountant-General to re-examine the question in the light of the difficulties represented by managements of schools whether he was agreeable to my requesting Government to let me know G.O. operative from the date of its issue only and not retrospectively. The Accountant-General agreed to this proposal and stated that he had no objection to my approaching Government for giving effect to their orders requiring condonation of belated payments only to cases of delays occurring after the issue of G.O.No.1542 Edn., dated 29-10-42 or any earlier date which Government might specially fix having regard to the practical difficulties mentioned by me (copy of his letter No.T9Sci-160 dated 11-9-43)s herewith enclosed).

4. I may mention here that G.O.No.1542 Edn., dated 29-10-42 is the first G.O. requiring condonation of delay in deposit of contributions and also empowering me to condone such delays (upto a period of one year only). G.O.No.744 Edn., dated 2-6-1943 is the first G.O. requiring condonation of delays in deposit of contributions made prior to the issue of that order. If the belated deposits of contributions are not condoned by the proper authority the subscribers will not be eligible for Government contribution for the period or periods for which condonation ~~is~~ not granted. In view of the difficulties experienced above I have the honour to request that Government be pleased to make the G.O.(744 Edn., dated 2-6-1943) operative from the date of its issue only. I may submit in this connection that it was only after the receipt of the G.O. that the managements of schools and the inspecting officers were informed for the first time that delays in deposits should be got condoned. As the date of the G.O. is 2-6-1943, it will be convenient to make it operative from the beginning of the school-year commencing from June 1943.

R. Narasimha
for Director of Public Instruction.

R.C.26/10.

Copy of letter T.9.Sc.I-160 dated 11th September 1944 from the Accountant-General, Madras, to the Director of Public Instruction, Madras.

Ref: Correspondence ending with your letter R.C.No.404 J/44 dated 23-8-44 Teachers' Provident Fund - Belated deposit of contributions - Rescinding the retrospective provision of G.O. No.744 Edn., dated 2-6-44. (U) 2

In the circumstances since explained by you in your letter R.C.No. 204 J/44 dated the 7th July 1944, this office will have no objection to your approaching Government for giving effect to the orders requiring condonation of belated payments only to cases of delay occurring after the issue of G.O.No.1542 Education dated the 29th October 1942 or any earlier date which Government may specially fix having regard to the practical difficulties mentioned by you.

1947
No. 57355 C-3 Ldn. of 4. 12. 44
Teacher's Provident Fund - Delay in deposits - Andaman
Ref: Ltr to D.P.I. Re. No. 404 Hse of 25. 10. 44.
So far as past delays are concerned, it has been suggested
that all belated payments ~~within the period of two years before~~
made within a reasonable time after the issue of Rs. 1542 Ed. 8
of 27. 10. 42, say until the 1st Nov. 1943 most be
if the delay in each case was not more than five years.
and to ensure that no delays occur in future it is
proposed that the ~~annual~~ subscriptions and contributions may be
deducted from the Govt. grant due to the institution. The
D.P.I. is requested to offer this sum as an advance on the
Govt. grant in each case in which a delay has occurred.
The D.P.I. is requested to ensure that all contributions are
paid to the fund within the period of two years before the
issue of the order for payment.

Station Madras, Dated the 4th January 1945

From (Name) G. L. LOBO ESQ., B. A. (Hons.), (Cantab.),
Deputy Director of Public Instruction
 (Designation) (In-Charge) Office of the Director of
Public Instruction, Madras.

To The Secretary to the Government of Madras,

Education and Public Health Department.
Fort St. George, Madras.

Sir,

I have the honour to submit herewith the following remarks in regard to the proposals contained in the Government Memorandum quoted above.

2. PROPOSAL No. 1:-

presumably Government are prepared to condone all belated payments made before the issue of G.O.No.1542, Education, dated 29.10.1942, without any restriction. With regard to the belated payments made after the issue of the G.O. referred to above, Government have suggested that all belated payments made within a reasonable time, say until 1.5.1943, may be condoned, if the delay in each case was not more than five years. It is submitted that the difficulties pointed out by the managements of schools in the matter of investigating into the reasons for the belated payments enumerated in the Director's letter to Government R.C.No.404-J/44 dated 25.10.'44 will not be removed, in view of the existence of the proviso, viz. that the delay should not exceed five years in each case.

P.T.O.

the following shall be inserted as item 1:-

"1. Agamudaiyans of Tanjore, Madura, Ramnad and Tinnevely Districts".

(2) After item 45, the following entry shall be inserted:-

"45. A. Kaikolans (Sengunthars)".

(3) After item 49, the following entry shall be inserted:-

"49 A. Kammalans (Kamsalas or Viswabrahmans)".

From the D.P.I. Rec No. 404 Jfuc of 25.10.44

EXP.H.(C)

Teachers' Provident Fund - Delays in deposits - Condonation

In Jf's No. 1542 E.M. of 29.10.42, the

D.P.I. was authorised to condone delays in depositing the teacher's subscription or the management's contribution or both to the Provident Fund up to a period of 12 months from the date on which the deposit was due, so as to admit such hasty deposits to the benefit of Govt. contribution. This period was increased to

two years in Jf's No. 1313 E.M. of 28.9.43.

In Jf's No. 744 E.M. of 2.6.43, the Govt. directed that all pending cases of delay, irrespective of the period when they occurred, should be reviewed and disposed of; with a view to ensure speedy disposal the D.L.O.s and Insprns were authorised to condone delays up to a period of six months.

The D.P.I. now requests, for the reasons mentioned in his letter cited above, that this order may be reconsidered and that effect may be given to it only from the date of issue i.e. 2.6.43, or a blanket condonation may be given to all cases prior to that date. It may be noted here that Govt. have decided that as a working rule, delays for over three years shall not be condoned except in cases of special circumstances. The suggestion of the D.P.I. is a blanket condonation is not in keeping with this decision and does not, therefore, seem acceptable. [The rule cannot be applied unless each case is examined individually]. On the other hand there is some force in the arguments that (1) that much work and difficulty is involved in examining old cases of delays especially in the absence of relevant records etc. and (2) that it is a great hardship to penalise the poor teachers by not paying the Govt. contribution for the fault of the management. In the circumstances, the suggestion of the A.G. that cases of delays occurring after the date of Jf's No. 1542 E.M. of 29.10.42 may need

be investigated into with a view to condonation, seems acceptable. If however, it is considered that the investigation should be made from an earlier date, it may be from 1-6-42 to one year before the date proposed by the D.P.D. The case may be sent to Finance for remarks.

30.10.44
1882
30.10.44

What was long suspected is clearer now. There have been numerous cases of delay in paying up the P. F. subscriptions & contributions and

the service of the delegation to D. E. O. & Inspection of the power to condone delays up to 6 months has not been quite helpful in bringing about order. What is implied in the D. E. O. & Inspection report 2.6.43 is that the retrospective effect is that

whatever the term of duration delays back to that date, should be overlooked & the Govt. contribution equivalent to the kind of the amount to the subscribers credit should be admitted by the A. S., ignoring those delays. That will require a special order to be passed. It may now be passed with the concurrence of Finance.

30.10.44
1882

Finance (Exp. A).

The intention behind the orders in G.Os 1542 Edn dated 29-10-42, 744 Edn. d. 2-6-43 and 1313 Edn. d. 28-9-43 is that all pending cases of delay, irrespective of the period when they occurred should be reviewed and disposed of. The delegation of the power to condone delays sanctioned in the 2 G.Os was calculated to help a speedy disposal of such cases, so that the Provident Fund accounts might be brought up to date and maintained properly. In passing the above orders, the Govt. were not unaware of the causes that led to delays on the part of the managements of institutions in paying their contributions, together with the subscriptions of the teachers employed by the

EDUCATION AND PUBLIC HEALTH DEPARTMENT.

PART II SCHEME FOR 1942-43.

[SUBJECT.—Stipendiary grant to aided training school.]

Palni, Madras Dt.

Summary.

Head of account.	Item of expenditure.	Ultimate cost. Recurring. RS.	Cost in 1942-43. Recurring. RS.
37. n. Education—Special— Direct grants to Non-Government Schools—B Non-Euro- pean—2. Stipendiary— Authorized.	St. Michael's R.C. Training School, Palni.	5,040 or 5,000	1,920 or 1,900

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Director of Public Instruction is empowered to give managements of aided training schools grants to enable them to pay stipends to teachers undergoing training in those schools at the rates laid down in rule 117 of the Madras Educational Rules. The Director proposes to give stipendiary grant for the first time in 1942-43 to St. Michael's R.C. Training School attached to the Little Flower Girls' School, Palni. The school was newly opened during the current year and the stipendiary grant is payable from 1942-43.

This Department accepts the Director's proposal and recommends that the necessary provision may be made in the Budget Estimate for 1942-43.

E. C. WOOD—25-11-41.

NOTE BY THE FINANCE DEPARTMENT.

The proposal may be considered as a Part II Scheme for 1942-43.

W. SCOTT BROWN—2-12-41.

and these are repeated in para 1 of the D.P.I.'s letter on p. 1 C.F. It is true that, in equity, the teacher who pays his subscriptions should not be penalized, by the refusal of the Govt. contribution, for delays on the part of the management to pay its contribution but this is no reason why such delays should be condoned without any limit of time and Govt. contribution allowed in all cases as a matter of routine. Hence, the present decision of the Govt. to condone delays up to 3 years, for valid reasons and beyond 3 years, for special reasons. As it is now pointed out, in items (i) and (ii) in para 1 on p.1 C.F. the reasons for the delay will not be ascertainable easily in the case of belated payments long before, Finance may perhaps suggest that delays in such cases may be condoned for 3 years without examining the validity or otherwise of the reasons, instead of making a blanket condonation as asked for by the D.P.I, irrespective of the period of delay and (ii) that this concession may take effect from the school year of 1942 i.e. June 1942 - cf. A.G.'s letter on p.3 C.F. in lieu of June 1943

proposed by the D.P.I. In other words, delays from the due date to the date of deposit up to 5 (five years) may be condoned automatically in all cases where the belated deposits were made before 1-6-42 and in cases where the belated deposits are made after 1-6-42, the existing orders should be followed in regard to condonation of delays.

I understand from EdPA that the scheme of this Provident Fund is as follows:— The teacher contributes one anna in his wages on his pay & the management contributes half anna. These contributions are supposed to be made then & there and the money is put into the Post Office Savings Bank. Ultimately when the teacher retires, he gets a contribution of $\frac{1}{3}$ of his accumulation of deposit and interest in the S.B. and the balance amount is paid to him. In actual practice the management does not pay regularly and is often badly in arrears. In many cases the teacher's share is not paid. The teacher is about to retire, the whole of the

management wake up, produce the arrears of contribution sooner and get the $\frac{1}{3}$ rd contribution from Govt; since Arise $\frac{1}{3}$ of zero is zero. One can imagine the kind of the following in the case of an inept management. Before the teacher retires the management lends him Rs 300 on a promissory or a gentleman's agreement. The whole amount, representing the arrears of contribution, is put into the fund. The $\frac{1}{3}$ rd Govt contribution of 100 Rs is got, and the 300 Rs is then returned to the management. It seems very desirable to prevent frauds, & in the teacher's own interest to see that the contributions are paid regularly and that related contributions are not taken into account. E.P.H. may consider whether the contributions may not be compulsorily deducted from the Govt grant before it is disbursed.

So far as past cases are concerned, this Dept may agree to 'X' mark & close (ie) a blanket condonation up to a period of 5 yrs in delay in respect of all payments, which were made within a reasonable time of the issue of

(c) G.O. 1542, say till 1.5.43. That is to say all payments made before 1.5.43 will be recognised if the delay in each case is not more than 5 years. After 1.5.43 the Govt will apply strictly. This would seem sufficient to dispose of most deserving cases. As may see.

HS
8.11.44
E.P.H.

53392
Fin. no: 582746/44
8/11/44

Finance suggest, with a view to see that contributions to P.F. are paid regularly, that arrears of contribution may be compulsorily deducted from the Govt. grant before it is disbursed. Under rule 6(a) of the P.F. rules, the manager or correspondent of the school shall arrange

to have contribution to the fund due from the subscribers deducted from their salaries and shall remit them together with the management's contribution before the 15th day of each month to the post office at which the accounts stand open. If the suggestion of Finance was accepted, then the D.E.O., who disburses the teaching grants, will have to deduct the contributions ^{This will save the Govt. lot of work on the office of the D.E.O.} and remit them to the post office. ^{It will also necessitate} an amendment of the rules. Again, as this cannot enforce monthly ^{subscriptions} payments as teaching grants are disbursed only once in three months. On the other hand, under rule 5(5) of the P.F. rules, if the manager of a school fails to pay his own contribution and that of a subscriber employed by him before the 15th of each month... the recognition of the school may be withdrawn on the report of the D.E.O. by the D.P.D. if it is a secy. school and by the D.E.O. if an a.s. school. It will be sufficient if the inspecting officers are instructed to be more vigilant in the matter. ^{Attention is invited to the instructions issued to the D.E.O. in the letter of the 2.6.43. It may be made prominent in para 3 of G.O. No. 744 Edu & 2.6.43. For orders, on then part to take action under this rule, by substituting the word shall for may in the order.}

(2)

2. As regards past cases of delays, the D.G. ^{has in objection} suggests that a blanket condonation might be given in respect of all cases of delays ^{which} occurring prior to 29.10.42 or any earlier date, which the Govt. might fix. The D.P.D., for the reasons mentioned in his letter on 1/11/44, wanted that a blanket condonation should be given to all cases occurring prior to the date of issue of G.O. No. 744 Edu of 2.6.43. This Dept. supported the D.P.D.'s proposal. Finance would condone delays in cases occurring prior to 1.5.43 and that too if the delay in each case is not more than five years. This will not solve the difficulties pointed out by the D.P.D. in A of page 1 of CF.

was suggested and be put to the D.P.D. by the D.P.D. 16.11.44

the contribution due from the teachers' provident funds, the D.P.I. does not recommend the course for the reasons that the instructions already issued by them - see portions A+B+C on p.8 of - may be sufficient to prevent delays in payment of contributions, and (2) that the proposal for deduction of arrears from Govt grants will create complications and involve additional work to inspecting officers. But the only difficulty pointed out by the D.P.I. is that the pass books of the subscribers are in the custody of the managements and that without their cooperation, the inspecting officers cannot remit the contributions on behalf of subscribers, deducting the amount from the teaching grant payable to the institutions. This does not appear to be an insuperable difficulty for, the managements cannot refuse to show or hand over the pass books to inspecting officers or whom the responsibility for ensuring the proper maintenance of provident fund accounts are placed by the Govt and on whose recommendation the recognition of the schools is liable to be withdrawn for irregular contributions to the Provident Fund. From the point of view of the department also, the deduction of arrears of contribution from teaching grants seems to be an effective, practicable way of enforcing the G.O. that the Provident Fund accounts should be brought up to date and maintained properly, without resorting to the extreme penalty of withdrawing the recognition of the school. For orders whether Finance may suggest

It does not seem necessary to press this.

17.1.45

that the proposal may be further considered in consultation with the D.P.I. on the above lines.

16.1.45

17.1.45

He need not press this. This is

mainly an administrative matter; see efft 1.5.43

The orders already issued will be applied strictly in regards

arrears

18.1.45

His no. 2517 Sept 18.1.45

02745

do not press their original suggestion that so far as future payments are concerned, the arrears contribution should be deducted from the grants given to the schools.

On the question of condonation of past delays they are not in favour of a blanket condonation of all delays prior to 1.6.43 as suggested by the D.P.I. and recommended by this dept., but adhere to their original view that only payments made before 1.5.43 and in respect of which the delay was not more than five years, should be condoned.

For orders.

20.1.45

The review of Finance may be accepted and an order on those lines

20.1.45

drafted

23.1.45

24.1.45

A draft order is submitted. Sorry. Last noted on p.9 ante. The compromise proposed in the draft will meet the majority of cases. The few remaining may be ignored or may be left to the D.P.I. to recommend a 'blanket' condonation for all delays prior to 2.6.43. In view of the difficulties which are.

DPI's letter - C.A.

I see no harm in permitting a 'blanket' condonation for all delays prior to 2.6.43.

In view of the difficulties which are.

25/1/45
