LETTER/Ref. No. 25563 C-1 Edu dated 11. 6. 45

To The Vice-Chancellor,
Annamalai University,
ANNAMALAINAGAR (with encl.).

Sir,

Admission to the Engineering courses.

The Government have seen the advertisement recently published by the University inviting applications for admission to the Engineering courses to be newly opened. In that connection, I am to invite attention to condition (2) in the annexure to G.O.No. 1892-Edn. dated 20-12-1944, according to which admissions to the new courses should be made generally on the lines followed in the Government Engineering College, Guindy, in regard to such matters as the representation of communities, the proportion in which students are selected from the various linguistic areas of the Province, etc.

2. The college at Guindy now provides for the admission of 100 students every year to the B.E. course; in addition, there is also provision at present for the admission of five Burma evacuees and two African Indian students. There is a proposal to raise the total number from 107 to 120.

The published rules of this college, a copy of which is presumably available in the University office, do not contain specific instructions on the two details mentioned in para 1 above. I am, therefore, to forward for the information of the University copies of the following two Government Orders which apply to the Government Engineering College:-

(1) G.O.No.1435-Edn., dated 1-8-1940;

relating to the representation of communities and

(2) No.297-Edn., dated 22-7-1943

To ensure loss,
with encls.
properly made
& checked.

File sent to
P.W.D.
orders since
sent - 10/6/45
up to 11/6/45

I am to request that after admissions ~~to the new courses~~
e been made a report may be sent to Government, show-
g how they stand distributed according to the communities
nd the linguistic areas specified in the orders in
question.

ANNAMALAI UNIVERSITY
ANNAMALAINAGAR
7th August, 1945.

To
The Secretary to Government,
Education and Public Health Department,
Fort St. George.

35557 Sir,

With reference to your letter No. 25563 C-1 Edn. dated
11-6-1945, I furnish here below information on the representation
of communities and the proportion in which students have been
selected from the various linguistic areas of the Province for
courses in Engineering and Technology at this University.

The College has provided for 100 students of the Madras
Province to the Engineering course. In addition, admission has
been given to 8 students from outside the province, i.e., 3 from
the Cochin State, 3 from the Pudukotah State and 2 from Secundera-
bad. In addition, the number of admissions to the courses in
Technology offered this year is 25. The figures here below re-
garding communities and linguistic areas are in respect of the
total number of admissions, namely, 133, to the courses in the
Departments of Engineering and Technology.

The numbers selected are:

Brahmins.	...	...	33.
Non-Brahmins - Hindus.	...	...	49.
Christians.	...	...	14
Muhammadans.	...	...	2
Backward and Scheduled classes.	25		
Others.	...	...	10

$100 + 7 + 25$

$= 133$

Linguistic areas:

50.8	Group I.	...	76
38.4	Group II.	...	34

$35 \frac{73}{100} \times 100 = 59.6\%$
 $34 \frac{25}{100} \times 100 = 27.6\%$
The comparative

smallness of the proportion
for this Group (II) may be
due to the distance from the
Telugu area from Chidambay

2.

Group III ... 19. - 3 = 16. $\frac{16 \times 100}{123} = 13.1$

From outside the Province:

Secunderabad.	2
Rangoon Evacuee.	1.
Calcutta.	1.

M. Anthamany
Vice-Chancellor.

R.C.NO.463-A/45.

OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS, DATED 8-8-45.

From

Dr. B.B.Dey, D.Sc.(Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

SUBJECT:- College of Engineering, Guindy - Arthur Hope College of Technology, Coimbatore - Admission of students - Linguistic representation - Report on the working of the arrangement - Submitted.

With reference to the Government Memo. No.25563-C/45-3, Edn., dated 20-7-1945 I have the honour to submit the following report in respect of admissions made to the College of Engineering, Guindy, and Arthur Hope College of Technology, Coimbatore, in the current academic year.

(1) College of Engineering, Guindy:-

Out of the 122 seats sanctioned for the College for this year 20 seats are reserved for states and other Provinces. The distribution of the remaining 102 seats among the various Linguistic groups is as shown below:-

50.8%	Group I	52	51 (Tamil)	50%
38.1%	Group II	39	(Telugu)	37.5%
11.1%	Group III	13	12 (West Coast)	12.5%

Total. 104

(2) Arthur Hope College of Technology, Coimbatore:-

Number of seats sanctioned is 75.

Group I	37	(Tamil)	49.3%
Group II	29	(Telugu)	38.7%
Group III	9	(West Coast)	12%

Total.. 75

ANNAMALAI UNIVERSITY

No. 5572

From

THE REGISTRAR

ANNAMALAI UNIVERSITY

ANNAMALAINAGAR

To

The Secretary to the Government of Madras,
Education and Public Health Department,
Fort St. George.

Sir,

Sub: Admissions to the Engineering College.

With reference to your letter No. 25563C/45-Edn. dated 10-10-1945, I have to state that the total number of qualified applicants from the Telugu area was 120. Most of these candidates were found distributed over two or three districts in the area. The number finally selected was 34, which bears a proportion of 29% to the total number of qualified applicants. The slight reduction in the percentage specified for this group in G.O. No. 997 d. 22-7-43 is also due to the fact that a larger proportion had to be selected from among communities other than Brahmins. A statement showing the number of applications received and the number selected from the different communities is appended.

Total.	181	120	34.

Annamalai University,

Gov. Lappal
A.S. Registrar.

SPECIAL.

Secy., E. & P.H. Dept.

I understood some time back when the College of Engineering at the Annamalai University was sanctioned that the admission of students from all over the Presidency would be in the same proportions as was laid down ~~for~~ the College of Engineering, Guindy in regard to the students coming from predominantly Telugu, Tamil and other districts. Will you please let me know ^{immediately} whether this has not been definitely laid down as I understand from boys who have applied to the Annamalai University that there is some doubt on this point?

2 Was any report sent last year as to how the admission of boys from the different linguistic areas was carried out? If so, I should like to see the report. With regard to this year, I shall be glad to know in regard to the College of Engineering, Guindy as well as the College of Engineering, Annamalai University, how the proportion for linguistic areas have been carried out.

Para 1 :- Please see letter

11.6.45 sent out to the Annamalai Univ.

Para 2 - Attention is invited to pp 526 of 15. 1449 Ed, 7 3.10.44. The notes at Palam are noted.

Annamalai University - Admission to the Engineering courses.

"The Hindu" of 27-5-1945.

ANNAMALAI UNIVERSITY. ANNAMALAINAGAR. New Courses of Study. (a) Saiva Siddhanta, and (b) B.O.L. (Part I—English, Part II—Linguistics, Part III (a group identical with the Pulavar, Vidvan and Siromani courses). - Bachelor in Engineering degree B. E. Degree courses for 4 years after Intermediate will be offered in (a) civil, (b) Mechanical and (c) Electrical Engineering. Admission will be to Intermediates with Mathematics, Physics and Chemistry as their optional subjects. High proficiency in Mathematics, Physics and Chemistry will be required. - A 4 years Degree course in Technology under the "Rm. Alagappa Chettiar Foundation for Technology" will be offered in Technology with specialisation in Oil and Sugar Technology. Here also Intermediates with Mathematics, Physics and Chemistry will be admitted. High Proficiency in Mathematics, Physics and Chemistry will be expected.	A Diploma course in Road Construction and Minor Irrigation Overseers will also be given. S.S.L.C. holders declared eligible for admission to a University course with Mathematics, or Physics or Chemistry as their optional subject will be admitted. All applications for admission should be made to the Registrar to reach him not later than the 10th June, 1945. The offer of seats will be made by the 25th June. On receipt of offers students are expected to interview the Vice-Chancellor from the 28th June. No seats can be kept reserved after the 4th July, 1945. REGISTRAR. Annamalainagar, 24th May, 1945. P-2025
---	---

Please see the advertisement of the Annamalai University above. Courses 2 and 3 will come under the purview of the scheme for which the Govt./sanctioned grants in G.O.No.1892-Edn., dated 20-12-1944. One of the conditions of the grant is that in making admissions to the courses arrangements should be made generally on the lines followed in the Govt. Engineering College, Guindy, in regard to such matters as the representation of communities, the proportion in which students are selected from the various linguistic areas of the Province, etc. The Government have not yet had any communication from the Registrar as to what the University ~~xx~~proposes to do to implement this condition. It is perhaps better to tell the University at this stage what exactly the arrangement is in the Engineering College, ^{Guindy,} and to ask it to report in due course how admissions have been made. It may be noted that this is one of the colleges which have been taken into account in the Post-War Plan, and it follows that benefits arising from the college should be shared by the whole Province, in as equitable a manner as possible. Draft letter is for approval.

1/11

From the V.C., Annamalai University, telegram dated 2-7-1945.

Please see the telegram at pp.3-5 C.F. The reference

sent out to the Vice-Chancellor had referred to two specific points in the matter of admissions to the new Engineering College:-

- (1) Communal representation; and
- (2) Regional representation.

2. Communal representation: No rigid percentages have been laid down. It is only necessary to follow the general principles in para 3 of G.O.No.1435-Edn., dated 1-8-1940, a copy of which had been sent to the V.-C. The percentages proposed in the telegram are apparently with reference to the total number of candidates selected for admission. In that case, the percentages have no necessary connection with the number of applications received. The G.O. in question refers to the due representation of non-Brahmans, to all minority communities (which expression presumably would include, inter alia, the Brahman, the Indian-Christian, etc.), to Muhammadans, to scheduled classes and to women. The percentages are, however, in the case of the Brahman, the non-Brahman and 'others'.

It may be presumed, in the context, that these percentages are acceptable in the main.

Regional representation: The Vice-Chancellor had also been sent a copy of G.O.No.997-Edn., dated 22-7-1943. The telegram makes no reference to that G.O.

3. The following reply is for consideration:-

"Your telegram second - Engineering college admissions - Percentages regarding communal representation. Presume G.O.997 twentysecond July 1943 on regional representation has been followed. Detailed report requested in my letter Telegram Elements June awaited."

No.35557.C.

From the Registrar, Annamalai University, No.3459. dated 7-8-1945.

From the D.P.I. R.C.No.463.A.45. dated 8-8-1945.

The proportion in which the seats in the Engineering Colleges are to be allotted as follows:

Group I	50.8	per cent.
Group II	38.1	"
Group III	11.1	"

According to the figures furnished by the Registrar,

Annamalai University and the Director of Public Instruction the proportion in which the students have been admitted in the three Colleges during this year is as shown in the table below.

	I	II	III
Annamalai University	59.4%	27.6%	13.0%
College of Engineering Guindy.	50.0%	37.5%	12.5%
Arthur Hope College of Technology, Coimbatore.	49.3%	38.7%	12.0%

The largest variation from the proportion laid down by Government, is in group II in the Annamalai University. This the Registrar has explained, is being perhaps due to the distance of Chidambaram from Telugu area.

The file may be circulated with reference to 'P' on page 1 ante.
