Memorandum No. 15444-B/43-1, -Edn., dated 16th June 1943.

Read:- From the Superintendent of Stationery, No.B.5-3067/43, dated 1-6-43.
Clothing - Ordinary and warm - Supply to be made to last as long as possible.

The Superintendent of Stationery has brought to notice that there is at present considerable difficulty in obtaining woollen and cotton materials and that the prices of the articles have also risen very high. It is therefore necessary that the life of the articles of clothing should be prolonged as much as possible. Heads of Departments are requested to issue instructions to their subordinates that clothing (ordinary and warm) should be renewed only when really necessary and not merely because the period of wear prescribed has expired in respect of the clothing already supplied. Renewals will therefore not be permissible as a matter of course after the expiry of the prescribed period of wear. Indent for renewals should be accompanied by a certificate signed by a responsible officer to the effect that he has found after personal examination that the articles of clothing supplied previously have become useless and unfit for further use.

2. The transport problem and the non-availability of textile materials (cotton and woollen) still exist although the War is at an end and therefore there is a necessity to enforce the conditions contained in Govt. Memo. dated 16-6-1943 and G.O. 1604 Edn., dated 25th November 1943 till the above difficulties are completely removed.

3. There is sufficient stock of Red Serge at present and about 100 yards of Blue serge. 200 yards of Red serge and 800 yards of Blue serge are expected to be received through the Chief Controller of Purchase (Supply), New Delhi. The supply of red serge and blue serge uniforms required as renewal can therefore be arranged for by this Department.

Supdt. of Stationery, No. B.5.4595/45 d. 20-10-45.
Subject: Clothing - Ordinary and warm - Period of wear - Orders passed

The Govt. have considered the question whether the instructions issued in the orders cited above should continue to be in force even after the cessation of hostilities. As the transport problem and the non-availability of textile materials (cotton and woollen) still exist, the Government have decided that the restrictions regarding renewal of clothing should continue to be in force till the difficulties are completely removed and normal conditions are restored.

2. The Supdt. of Stalg reports that the supply of red serge and blue serge uniforms required at renewals can be arranged for by him since he has a stock of those materials at present, and expects to have more stock.
