Surgeon-General with the Govt. of Madras.

Copy of letter dated 16th January 1945 from the Honorary Director, Leprosy Campaign, Vellore.

With reference to the kind interview which you granted to me yesterday, I have to confirm that the typewriter which was supplied to the Lady Wellington Leprosy Sanatorium for the Research Secretary is not suitable for the work of my office. Further it is urgently needed at the Lady Wellington Leprosy Sanatorium as Mr. Murray, the Secretary of the Sanatorium needs it for his personal use in connection with certain confidential correspondence and other matters in connection with the Sanatorium. I should be glad therefore if you would kindly pass orders to the necessary Government Department to issue a typewriter to my office.
