GOVERNMENT OF MADRAS.

FINANCE DEPARTMENT.

MEMORANDUM No. 7901-ZSR-1, dated the 3rd August 1942.

ab. Officers permitted to take up appointments under the Government of India - Special training given to them at the cost of Government - Liability to be intimated to the Government of India in future - Instructions Issued.

When a Government servant who has been specially trained at the cost of this Government is permitted to take up an appointment under a Government of India, the question arises whether at least a portion of the cost of the special training should not be paid by Government of India. There are two beneficiaries of the knowledge and experience gained by such an officer, the Provincial Government and the Government of India, and it is therefore equitable to distribute the cost of training rateably between the two Governments.

Thus where an officer after completing his training is 40 years old, he may be expected, in the normal course, to render 15 years of service before superannuation and the total cost of his training was, say, Rs. 3000, the amount to be recovered from the Government of India, for each year of service under them, would be Rs. 200 per annum. The principle of sharing the cost of training rateably in such cases has been accepted by the Government of India and by this Government.

The Government of India have however requested that in future when this Government permit any of their officers to apply for a post under the Government of India, they may at the same time inform the latter of any liability attached to the officer concerned in connection with special training so that the Government of India may take that liability into account, if they consider it necessary to do so, in fixing the officer's pay.

The Departments of the Secretariat are requested to take action accordingly when officers trained at this Government's expense are permitted to apply for posts under the Government of India.

W. Scott Brown,
Secretary to Government

the Departments of the Secretariat (all sections).
