Sub: Elementary Education Fund - Budget Estimate for 1945-46
Municipal Council, Palamecottah.

Submitted.

REVISED ESTIMATE FOR 1944-45.

The credit taken for Government grant under section 37 of the Madras Elementary Education Act may be reduced to Rs 4272/- with reference to G.O.No. 1385 Edn., dated 21-9-1944.

3. The credit taken for Government grant under the proviso to Section 37 of the Act may also be reduced to Rs 1423/- with ref. to G.O.Nos. 616 Edn., dated 21-4-1944 and 674 Edn., dated 1-5-1944.

4. The expenditure under "Ordinary" is in excess of the amount sanctioned. This is due to the excess expenditure under almost all items. A sum of Rs 1270/- is provided under "House Rent" in the Revised Estimate for 1944-45 while provision is made for only Rs 710/- in the Budget Estimate for 1945-46 and the actuals under this head during 1943-44 are only Rs 587/- Further a sum of Rs 630/- is also provided under "Capital" while there is no such provision in the sanctioned budget. The Commissioner has not explained the large variation under this head as well as the excess expenditure under the other heads. Sanction of Government is necessary for the excess expenditure.

5. BUDGET ESTIMATE FOR 1945-46.

The credit taken for Government grant under section 37 of the Act is liable to revision with reference to the actual amount of education tax realised and adjusted to the fund during 1944-45.

6. The one single teacher school should be developed into a plural teacher school as early as possible.

Note by the Administrative Department.

The Director of Public Instruction proposes that standards VI to VIII may be opened in the model school attached to the Government Training School for Masters, Calicut, from the school year 1942-43. In support of the proposal, he states as follows:-

"The Government Training School for Masters, Calicut, is a secondary grade training school with eight training sections (2 secondary grade and 6 higher elementary grade). It has a model school of its own with standards I to V only. In the absence of higher standards in the school, the secondary training students and the supervising staff are made to go to other aided schools for their practicing work. The other schools are reported to be situated at a considerable distance from the training school. This arrangement is unsatisfactory especially when pupil teachers are to spend more periods in teaching practice under the revised training school syllabuses. The opening of standards VI to VIII in the Government Model School is, therefore, necessary. It is desirable to open all the three higher standards in 1942-43 itself to enable the secondary grade training students of the institution admitted in 1941-42 and to be admitted in 1942-43 also to have adequate teaching practice in a complete higher elementary school. There will be sufficient strength if all the standards are opened in the same year."

This Department accepts the proposal of the Director and recommends that the necessary provision for the scheme may be made in the budget for 1942-43.

B. C. Wood,

Note by the Finance Department.
The proposal may be considered as a Part II scheme for 1942-43.
