Sir,

Sub: Budget Estimate - Municipal Council, Udipi - Elementary Education Fund - 1945-'46 - Submitted.

****

I am to submit herewith a copy of the budget estimate in duplicate of the Elementary Education Fund Account for 1945-'46 with copies of a brief explanatory memorandum thereon, schedule of establishment, Council resolution No. 6 dated 8.1.1945 and other prescribed enclosures.

2. The credit taken for Government grants under section 37 of the Elementary Education Act, 1920 is subject to revision with reference to the amount of Education tax to be actually realised in the current official year of 1944-'45 excluding the amount of enhanced tax levied with reference to para 3 (iii) of G. O. No. Ms. 352, Edn., dated 6.3.1944. In addition to the subsidy payable under proviso to section 37 of the said Act for the maintenance of Elementary Schools, credit has been taken in the revised estimate for 1944-'45 for the grant sanctioned in G.O. No. 1502, Edn. dated 10.10.1944 to meet the cost on account of allowance payable to Elementary Schools teachers. Credit is also taken for the grants payable towards the salary of the part time teacher employed for the purpose of teaching prevocational subject in the Udipi South Girls' Hr. Ele. School and calculated in accordance with the instructions issued by the Director of Public Instruction in his Proceedings C. No. 1285-B/40 dated 8.3.1940 as modified by his proceedings R.O.C. No. 1285-B/40 dated 4.5.1940 against this head of account.

p 19 cfg ②

3. As in previous years 95% of the current and arrear demand against Education tax has been taken credit of in the revised and budget estimates. The rate of Education tax has been enhanced from 2% to 2¼% of the annual values of lands and buildings with effect from 1.4.1944 as directed by Government in G.O. Ms. No.352, Edn., dated 6.3.1944.

p 19 cfg ②

4. The provisions made against several items on the expenditure side of the budget under ordinary are only for normal expenditure. However increase in expenditure will be noticed against "Dearness Allowance" both in the revised estimate and the budget estimate. The increase is mainly due to the sanction by Government with effect from 1.6.1944 of the higher rate of dearness allowance. Increased provision against repairs to buildings had to be made as the schedule of rates for public works are increased owing to the rise in the ~~the~~ cost of materials and labour.

5. An usual provision of ₨ 450/- has been made under "Capital" to supply additional furniture, teaching appliances, garden implements etc. to the schools. These articles will be supplied after consulting the inspecting authorities as to the requirements of each school.

6. The Inspectress of Girls' Schools, Sixth Circle, Calicut considers the accommodation provided for both the Girls' Schools maintained by the Council inadequate and unsuitable. This question is agitating the mind of the Council since the last two or three years and the Council has already taken steps to acquire lands for one of the schools. The matter is pending with the Director of Public ~~Inspect~~ Instruction, Madras. The scheme of providing a new school house for the Udipi South Girls' Hr. Ele. School will be pushed through to the extent possible. The other Girls' school can continue in the present building until a suitable building with sufficient vacant space for play ground is available.

7. Both the girls schools are in need of additional equipment.

8. Time scales of pay are adopted. Leave salary and dearness allowance are paid.

7. The account for 1944-'45 opened with a balance of Rs 2,260. The receipts and expenditure for the year have been estimated at Rs 15,200 and Rs 16,180 respectively leaving a deficit of Rs 980. This deficit is proposed to be met out of the opening balance of Rs 2,260. The closing balance for the year will be Rs 1,280 and this will form the opening balance for the budget year of 1945-'46. For the year 1945-'46, the receipts and expenditure have been estimated at Rs 14,310 and Rs 16,940 respectively. It will thus be seen that the expenditure for the year exceeds the receipts by Rs 2,630. The reasons for the deficit are obvious. After utilising the opening balance in full to meet the deficit, the year will close with a net deficit of Rs 1,350.

8. The Education tax has been raised only with effect from the current year and further increase in the rate of the tax will surely go against the interests of the rate payers. It will always be difficult for small municipalities like Udipi to balance their war time budgets. The Council therefore requests that the Government should come to the aid of such municipalities by sanctioning liberal grants to meet deficits resulted by conditions created by war. The request of the Council may be conceded by sanctioning a grant from Provincial Funds to wipe off the deficit.

9. Elementary Education has been free in all standards of the Municipal schools as in previous years. There are no new features in budget worth reporting.

10. I am to request in conclusion that the Government may be pleased to approve the revised estimate for 1944-'45 and the budget estimate for 1945-'46.

The following further recommendations are made:-

(1) The provision for the cost of turpolins may be retained in the revised estimate. But as they have not been used yet and are not likely to be used in the near future, the Commissioner is requested to address the Municipal Health Officer, Coimbatore to receive them back.

(2) The Committee recommends the entertainment of six gang coolies for execution of small petty works departmentally for a period of one year with effect from 1.1.1945 and the cost on account of these coolies be debited to the respective works.

(3) Commissioner will get estimates for the following works etc., prepared and placed before the Council before 31.3.1945 so that loans for them might be applied from Government.

(a) Construction of sheds in the Shandy market.
(b) Acquisition of land for the Bus ~~stand~~ Stand.
(c) Improvement of the Jutka Stand.
(d) Site value for the proposed fish market at Kunjubettu.
(e) Purchase of a lorry for street watering.

The Committee feels that the Council can go in for a loan from Government for the above purposes as the last instalment of the previous loan will be repaid in 45.'46 and the Council will not have any difficulty to repay it in future.

Incidentally the Committee considered the question of making any contribution to the District Board for the maintenance of the High School at Udipi. After scrutiny of the budget and the financial position of the Council, the Committee came to the conclusion that under the prevailing conditions and very high cost of administration, it is not possible for the Council to undertake any additional recurring liability especially when it is remembered that the Council could not do anything to provide important and urgent amenities to the rate payers for want of funds. If and when the cost of administration comes down and the finances of the Council improve the matter may be reconsidered.

With the above recommendations the revised estimate for 1944-'45 and the budget estimate for 1945-'46 may be passed and sanctioned.

Receipts:- Compared with the actuals for 1943-'44 and budget estimate for 1944-'45, the receipts as per revised estimate for 1944-45 show some improvement. This increase is mainly due to the sanction by the Government of grants for the payment of dearness allowance to Elementary school teachers. But for the grant, the income may be -- considered as normal. During the budget year however there will be a drop in the income from Government grants. This is because that no credit has been taken for grants from Government for the payment of dearness allowance to Elementary school teachers and that the -- grant under section 37 has not been taken credit in respect of the Education tax raised by ~~4Rs~~ 1/8 % per half year. No detailed explanation are offered in respect of credit taken against each item as there ~~th~~ are marked variations in the figures.

EXPENDITURE

2. Staff:- Salaries and allowances of masters.

Revised Estimate	Rs 10,140
Budget Estimate	Rs 10,360

The schedule of Establishment showing the sanctioned strength, grades scale of pay etc. of the staff in each school is appended. The provision made consists of the following items.

Revised Estimate:	Expenditure up to 31.10.1944	Rs 5,882
	Amount required for the remaining 5 months at Rs 829/- per month.	Rs 4,145
	Provision for leave salary and increments.	Rs 109
	Total	Rs 10,136 or Rs 10,140
Budget Estimate:	Monthly cost - Rs. 833/-	
	Annual cost at Rs 833/- per month.	Rs 10,105
	Provision for leave salary & increments.	Rs 255
	Total.	Rs 10,360

3. The provision made for the payment of dearness allowance in the revised estimate is based on the actual expenditure incurred up to 31-10-1944 and that in the budget estimate is based on the rates at which the dearness allowance is paid at present.

4. Contingencies & Equipment: No special remarks are called for on the provision made either in the revised estimate or in the budget estimate. However, some increased provision is made in the budget estimate under house rent for providing additional accommodation

P.T.O.

accommodation in the Udipi South Girls' Hr. Ele. School. In making provision for this major head as a whole due regard has been ~~taken~~ given - to the recommendation of the inspecting authorities.

4. Repairs to buildings:- In the budget estimate increased provision is made as the rates of materials and cost of labour has increased. But for this no special remarks are called for.

5. Capital:- The amount provided against furniture and apparatus is required to meet the cost of furniture, library books and maps and garden implements to be supplied to the Elementary -- schools in general and especially to the newly opened Girls' Hr. Ele. School.

R.O.C. No. A1-4277-9-44 dated 9.1.1945

Sir,

Sub: Budget Estimate - Municipal Council, Udipi - Elementary Education Fund - 1945-'46 - Submitted.

****

I am to submit herewith a copy of the budget estimate in duplicate of the Elementary Education Fund Account for 1945-'46 with copies of a brief explanatory memorandum thereon, schedule of establishment, Council resolution No. 6 dated 8.1.1945 and - other prescribed enclosures.

2. The credit taken for Government grants under section 37 of the Elementary Education Act, 1920 is subject to revision with reference to the amount of Education tax to be actually realised in the current official year of 1944-'45 excluding the amount of enhanced tax levied with reference to para 3 (iii) of G. O. No. Ms. 352, Edn., dated 6.3.1944. In addition to the subsidy payable under proviso to section 37 of the said Act for the maintenance of Elementary Schools, credit has been taken in the revised estimate for 1944-'45 for the grant sanctioned in G.O. No. 1502, Edn. dated 10.10.1944 to meet the cost on account of allowance payable to Elementary Schools teachers. Credit is also taken for the grants payable towards the salary of the part time teacher employed for the purpose of teaching prevocational subject in the Udipi South Girls' Hr. Ele. School and calculated in accordance with the instructions issued by the Director of Public Instruction in his Proceedings C. No. 1285-B/40 dated 8.3.1940 as modified by his proceedings R.O.C. No. 1285-B/40 dated 4.5.1940 against this head of account.

3. As in previous years 95% of the current and arrear demand against Education tax has been taken credit of in the revised and budget estimates. The rate of Education tax has been enhanced from 2% to 2¼% of the annual values of lands and buildings with effect from 1.4.1944 as directed by Government in G.O. Ms. No.352, Edn., dated 6.3.1944.

4. The provisions made against several items on the expenditure side of the budget under ordinary are only for normal expenditure. However increase in expenditure will be noticed against "Dearness Allowance" both in the revised estimate and the budget estimate. The increase is mainly due to the sanction by Government with effect from 1.6.1944 of the higher rate of dearness allowance . Increased provision against repairs to buildings had to be made as the schedule of rates for public works are increased ow~~n~~ing to the rise in the ~~the~~ cost of materials and labour.

5. An usual provision of Rs 450/- has been made under "Capital" to supply additional furniture , teaching appliances, garden implements etc. to the schools. These articles will be supplied after consulting the inspecting authorities as to the requirements of each school.

6. The Inspectress of Girls' Schools, Sixth Circle, Calicut considers the accommodation provided for both the Girls' Schools maintained by the Council inadequate and unsuitable. This question is agitating the mind of the Council since the last two or three years and the Council has already taken steps to acquire lands for one of the schools. The matter is pending with the Director of Public ~~Inspect~~ Instruction , Madras. The scheme of providing a new school house for the Udipi South Girls' Hr. Ele. School will be pushed through to the extent possible. The other Girls' school can continue in the present building until a suitable building with sufficient vacant space for play ground is available.

--2--

7. The account for 1944-'45 opened with a balance of Rs 2,260. The receipts and expenditure for the year have been estimated at Rs 15,200 and Rs 16,180 respectively leaving a deficit of Rs 980. This deficit is proposed to be met out of the opening balance of Rs 2,260. The closing balance for the year will be Rs 1,280 and this will form the opening balance for the budget year of 1945-'46. For the year 1945-'46, the receipts and expenditure have been estimated at Rs 14,310 and Rs 16,940 respectively. It will thus be seen that the expenditure for the year exceeds the receipts by Rs 2,630. The reasons for the deficit are obvious. After utilising the opening balance in full to meet the deficit, the year will close with a net deficit of Rs 1,350.

8. The Education tax has been raised only with effect from the current year and further increase in the rate of the tax will surely go against the interests of the rate payers. It will always be difficult for small municipalities like Udipi to balance their war time budgets. The Council therefore requests that the Government should come to the aid of such municipalities by sanctioning liberal grants to meet deficits resulted by conditions created by war. The request of the Council may be conceded by sanctioning a grant from Provincial Funds to wipe off the deficit.

9. Elementary Education has been free in all standards of the Municipal schools as in previous years. There are no new features in budget worth reporting.

10. I am to request in conclusion that the Government may be pleased to approve the revised estimate for 1944-'45 and the budget estimate for 1945-'46.
