Municipal Commissioner, Periyakulam to the Director of
Public Instruction, Madras.

Budget Estimate - Elementary Education - Funds - Peri-
yakulam Municipality - 1945-46 - submission of.

I enclose herewith the Budget estimate of this council of the Elementary Education Funds for 1945-46 in duplicate with a schedule of establishment a copy of municipal council resolution No.322 dated 28-11-44. As explained in the enclosed office note, the capital expenditure of Rs.5,000/- made in the Budget Estimate for 1944-45 is now deleted in the revised estimate as the amount is required to meet extra expenditure in connection with the payment of dearness allowance to all teachers at Government rate. A provision of Rs.1,980 has been provided in the Revised Estimate for 1944-45 for the payment of dearness allowance and a sum of Rs.3,960/- for the Budget year 1945-46. I request that the reappropriation of Rs.5,000/- from Capital to Ordinary for the reasons stated above may kindly be sanctioned.

No provision has been made for the construction of a school building in the year 1945-46 as the amount is required for the payment of dearness allowance as stated in the enclosed note.

The variations between the Revised Estimate and Budget Estimates have been fully explained in the note enclosed.

I request that the Budget may kindly be approved.

Copy of Note for the Council.
Revised Estimate -1944-45.

(Expenditure):

8. General: Increased provision under all establishment charges is due to the payment of dearness allowance to the staff at Government rates.

19. C. Elementary Education: House rent: As the Boys' school, Thenkarai has to be immediately shifted to some other building, since the building in which the above school is housed at present is in a dilapidated condition and as increased rent has been sanctioned to the building in which the Bazaar Street Girls' school is

p.t.o.

situated for the improvements and repairs to be effected to the building in the near future by the owner, increased provision has been made under the above Head.

20. C. Elementary Education: Capital: As it is not possible to raise the building for the Boys' School, Thenkarai in the current year, a provision of Rs.5,000/- made in the budget for 1944-45 is now deleted. The amount is required to meet the extra expenses in connection with the payment of dearness allowance to all teachers at Government rates.

BUDGET ESTIMATE - 1945-46. EXPENDITURE:

14. C. Elementary Education: Increased provision under establishment charges is made as there is a proposal of providing an additional secondary grade mistress to the Bazaar Street Girls' School, Thenkarai from the next school year as suggested by the Inspectress of Girls' Schools, Madurai considering the possibility of opening VIII Standard in the said school.

15. Elementary Education - Capital:-- No provision for the construction of a school building in the year 1945-46 is made, as the present financial condition of the council does not permit of doing so and as more than Rs.3,500/- will be required for the payment of dearness allowance to all teachers

16. Elementary Education. House rent. For the reasons stated in para 19 above under the notes for the revised estimate for 1944-45, the increased provision is made to meet the enhanced rent that has to be paid.

rized by the Government in this behalf.
10. When the Government decide to attach any
lands under section 5 of the Act the following pro-
cedure shall be observed, namely:—

(a) The Government shall issue a notice to
the Local Authority prohibiting the collection or
management of such funds by the Local Authority,
and vesting the administration thereof in such officer
as the Government may appoint. The Government
shall cause such notice to be published in the local
official gazette, and in such other manner as they
may deem fit within the local limits of the area sub-
ject to the control of the Local Authority.

(b) The officer appointed by the Government
under section 5 of the Act shall pay the moneys
collected or received under such attachment to the
lender, or, in the case of a Government loan, into
the Government Treasury.

(c) The said officer shall prepare the accounts
of moneys so collected, and of the cost of collection,
in such form as the Government may, from time to
time, direct. He shall deliver a copy of the ac-
counts to the Local Authority, and shall cause a
copy to be published in the Fort St. George Gazette.

Unexpended
balances.
11. If, on the completion of the work or the
closing of the account of the transaction for which
a Local Authority has borrowed money, the Govern-
ment are satisfied that the whole of the money has
not been spent on the purpose for which it was
borrowed they shall proceed as follows, namely:—

(a) In the case of a Government loan.—The
Government shall direct that the unexpended
balance shall be forthwith repaid to Government,
and the principal of the debt reduced by an equiva-
lent amount. The Government may direct such
variation as they may consider necessary on this
account in the instalments fixed for the liquidation
of the loan.

(b) In the case of a non-Government loan.—
The Government may direct that the unexpended
balance shall be utilized either in the reduction in
any way of the debt of the Local Authority, or in
carrying out any works which that Authority is
legally authorized to carry out.

Interest on
Government
loans.
12. The following provisions shall apply to inter-
est on Government loans, namely:—

interest.

Repayment of
Government

13. With the previous consent of the Govern-
ment, the Local Authority may, at any time, repay

vance of the period fixed by the conditions of the
loan.

16. Notwithstanding anything contained in the
foregoing rules, it shall be permissible, with the pre-
vious sanction of the Government, for a District
Board, which desires to construct a railway, partly
from the proceeds of a cess levied for that purpose
and partly from borrowed funds, to borrow money
by means of debentures repayable at the option of
such District Board.

APPENDIX B.

Memorandum containing the points to be considered
in scrutinizing applications for loans from Local
Authorities or for sanction to the raising of loan
in the open market.

1. The fixing of the maximum term for loans ordi-
narily at thirty years does not imply that this
maximum limit should be worked up to in each
case. In many instances indeed, a much lower limit
is desirable. Thus in the case of loans raised for
famine or plague expenditure or for ornamental
works, or for any other expenditure which should
ordinarily be met from revenue, a much shorter
period should normally be prescribed. In all cases
an important factor in determining the period of
the loan will be the nature of the works for which
it is to be taken and their utility and probable life;
and in this connexion the liability of the works to
become obsolete as well as their intrinsic durability
should also be considered. It should also be borne
in mind that the prolongation of the loan period
does not involve a proportionate decrease of the
annual charges, and that in ordinary circumstances
the policy of early repayment will most conduce to
economical administration and the maintenance of
the credit of the local body concerned.

2. When a Local Authority desires to obtain a
loan, the account of its financial position, required
under rule 4 (8), should be in sufficient detail to
exhibit the financial position of the local authority
for the three last preceding years, and in particular
the following instructions should be observed:—

(a) The receipt side of the account should show
only ordinary revenue. Receipts from loans or
deposits, or the investments of sinking funds should
be excluded as well as items of abnormal character
which should be indicated separately when required.

(b) On the expenditure side interest on debt and
payments to a sinking fund should be included, and
all expenditure from loan funds and repayment of
advances or deposits should be excluded.

(c) Explanations should be given of important
variations in the accounts of revenue and expendi-
ture.

3. Similarly when a loan is required for the finan-
cing of extensive projects, the local body concerned
should be required to submit a comprehensive works

The contribution taken credit for in the Ehy. Edn. Budget of the '44-45 for each of the two years 1944-45 and 1945-46 (Rs 5500) is the same as that allowed provisionally in the gl. fund budget. The contribution taken credit for in the R.E. for 1944-45 is the same as that approved in the S.O. passing orders on the Ehy. Edn. Budget of the '44-45 and may be accepted.
