for Director of Public Instruction.

✓ This shows that there had been an increase of 443 scheduled class pupils (382 boys and 61 girls) during the year under report as compared with a reduction of 1342 boys and 330 girls in the previous year. It is also noticed that both boys and girls schools in the district have contributed towards this increase. This improvement is of course a satisfactory feature for the year under report.

✓ The number of schools under the management of the District Boards intended for Backward and Scheduled Classes in the several taluks of the district is detailed below.
