A sum of Rs.5000/- has been shown in excess in the revised estimate for 1944-45 under salaries and allowances-masters by a clerical error. It has been noticed only now. The correct amount under this head is only Rs.38300/- against the sum of Rs.38247/- mentioned in the penultimate sentence of the above Government Memo. The above figure of - Rs.43,300/- may therefore be corrected into Rs.38,300. Similarly the provision of Rs.45,000 under "Receipts - contribution from General account - Ordinary " also may be reduced to Rs.40,000/- for 1944-45. Corresponding corrections are

In the Budget estimate in respect of the Elementary Education funds of this Municipal council for the year 1945-46, provision for the expenditure to be incurred for maintenance of the Higher Elementary school for girls was made only for 3 months as the proposal for conversion of the Higher elementary girls' school into a ~~mix~~ secondary school for girls was pending approval with the Director of Public Instruction at the time of the submission of the Budget Estimate. Necessary provision for the maintenance of a secondary (incomplete) school for girls in the Budget estimate for general funds for 1945-46 also had been made in the budget relating to general funds.

Dis.No.1553/45 dated [illegible]-5-45 has now informed that the proposal of the Council to convert the [illegible]mentary school for girls into a Middle school cannot be approved and hence the higher elementary school is being continued and expenditure incurred for its maintenance.

This will necessarily result in an increase in the expenditure under some of the heads already approved and fixed by Government.

The necessary sanction for appropriation of the available Elementary Education funds and if necessary for additional contribution from general funds to Elementary Education fund for the above purpose will be applied for in due course.

51355 entered here

p. 2 infra

On Circular No.1292 dated 5-3-45 received from the Radio Engineer, Provincial Broadcasting, Madras, regarding installation of radio sets under the Government of India scheme in educational institutions this council in its resolution No. 4 dated 25-4-45 (copy submitted) sanctioned the purchase of 2 radio sets, one for the Vadugapalayam Municipal Elementary school and the other in the Municipal Higher elementary girls school. A sum of Rs.580/- towards the cost of the sets and out of pocket expenses has already been remitted and the radio sets are expected to be installed shortly. The following items of expenditure also will have to be incurred before the installation of the radio sets at the two institutions:-

(1) Construction of Radio Kiosk in Vadugapalayam school building - estimated cost	= Rs. 230 0 0
(2) -do- -do- in Higher elementary girls school building estimated cost-	= Rs. 250 0 0
(3) Cost of teak wood posts and G.I.wire etc. for installing the sets-	= Rs. 240 0 0
Total	= Rs. 720 0 0
Amount already paid for sets-	= Rs. 580 0 0
Total expenditure-	= Rs.1300 0 0

A

pp21-22 c of (f)

(y)

No provision has been made in the Elementary Education budget for any of these items of supply or work. The said sum of Rs.1300/- cannot also be met from the elementary education funds unless it is augmented otherwise. Subsequent to the passing of the Elementary Education budget for 45-46 by Government, the rate of dearness allowance to the staff in elementary schools has been raised to the present Government rates and this will lead to a deficit of nearly Rs.7004/- in the elementary education ~~budget~~ funds for 45-46. Under the orders contained in G.O.No.1048 L.A., dated 11-5-45 this deficit is proposed to be made good from the toll compensation arrears due to this council. The position of the general funds of the council also is not so very affluent as to permit the council to make further contributions to the Elementary Education funds without detriment to General administrative purposes. In the circumstances I request that the Government may be pleased to permit the council to debit the entire cost of the radio sets including installation charges to the Elementary Education fund to make necessary additions to the existing funds when the Revised estimate for the current year is prepared and to claim the extra cost caused to the council from the toll compensation arrears, as such additional expenditure from Elementary education

Education funds must necessarily result in a deficit for 45-46 and as such deficits can be made good from the toll compensation arrears in accordance with the terms of G.O.No.1048 L.A., dated 11-5-45. (Y)

2 In this connection I also beg to bring to the notice of the Government that the provision for repairs to buildings as per the sanctioned elementary education budget for 45-46 is only Rs.2350/- Rs 2100 Of this, a sum of Rs.311/- has been spent already for certain urgent repairs etc. to Balagopalapuram Girls school. The shed in the Balagopalapuram Boys school is in a dangerous condition and an estimate for Rs.1500/- for reconstructing it has been sent to the Director of Public Instruction for approval. There are three other municipal buildings used as Elementary schools. These and the two schools mentioned above are in need of very many petty items of repairs including white-washing etc. but it is not possible to take up any of these works during the current year unless the existing provision is raised. The Public Works Supervisor of this Municipality has reported that an additional allotments of Rs.1000/- at least will be required for these. I therefore request that sanction may be accorded to raise the provision for repairs to buildings by another Rs.1000/- during 45-46 and to make good the amount from the toll compensation arrears as the extra expenditure will necessarily result in a deficit in the elementary education budget. p22 e.f. (f)

3 I may also be informed whether, in the event of the above two requests not being permitted by Government, there is any objection to any additional contribution being made to the Elementary education funds from the general funds, so that the proposed works may be carried out before the close of the current official year. The preparation of the Revised estimate for 45-46 and the Budget estimate for 46-47 has been held up pending receipt of orders on the above points.

A sum of Rs.850/- under capital - Furniture and apparatus and Rs.50/- under other items were alloted in the budget estimate for elementary education for the year 1945-46. But a sum of Rs.1022-13-0 and Rs.50-13-0 respectively were actually expended under the above heads. Under the "Furniture and apparatus" the expenditure exceeded the budget provision due to the purchase of a singer sewing machine costing Rs.211.13.0 for teaching tailoring as a prevocational subject in the Municipal Higher elementary school for girls, instead of tape weaving in accordance and consultation with the Inspectress of Girls Schools, Coimbatore. Similarly a sum of Rs.0-13-0 was exceeded the provision under other items due to some

As the General Fund is working at a deficit, the Council cannot afford to make contributions every year to the Elementary Education Fund in excess of the usual contribution of Rs.30,610. E.& P.H. may therefore be requested to direct the Municipal Council to levy an education tax at 1 per cent per annum on property rentals from 1-4-45 in order to balance the Elementary Education Budget. If this is done, the contribution from the General Fund necessary in 1945-46 to avoid a deficit in the E.E.Fund is Rs.39,500.
