2. Details of the budget are explained by the Commissioner in his note to the council.

3. Revised Estimate for 1944-45:- The credit taken for Government grant under Sec.37 of the Act may be raised to Rs.2905/- with reference to G.O.No.Ms.1158 Edn., dated 7-8-44.

4. The credit taken for Government grant under the proviso to Sec.37 of the Act may be raised to Rs.392/- with reference to G.O.No.Ms.616 Edn., dated 21-4-44 and 674 Edn., dated 1-5-1944.

5. The total expenditure under "ordinary" is Rs.16490/- as against Rs.16580/- as shown in the Revised Estimate which is in excess of the sanctioned budget. Sanction of Government should be obtained for the excess expenditure.

6. Budget Estimate for 1945-46:- The credit taken for Government grant under Sec.37 of the Act is liable to revision with reference to the actual amount of education tax realised and adjusted to the fund during 1944-45.

7. With reference to para 4 supra the credit taken for Government grant under the proviso to section 37 of the Act may be raised to Rs.392/-.

8. As per the particulars furnished by the Commissioner the provision made under "contribution to Provident Fund" may be raised to Rs.900/-.

9. The total expenditure under "ordinary" has been wrongly struck.

10. The request of the Council to continue the government grant for the payment of dearness allowance in 1945-46 may perhaps be favourably considered as the budget closes with a deficit in spite of the increase of education tax from 2% to 2½% proposed by the Municipal Council.

11. The accommodation provided for 2 boys' schools and 1 girls' school is inadequate. Steps should be taken to rectify this defect as early as possible.

p.t.o.

2

12. The provision made under "Equipment" should be utilised in consultation with the Inspecting Officers. The equipment supplied to all the four boys' schools is inadequate. The Girls' school is also in need of some science apparatus.

13. The additional teachers proposed to be employed may be appointed in consulation with the Inspecting officers.

14. Time scales of pay are adopted. Leave and dearness allowance are paid.

NOTE TO THE COUNCIL.

Elementary Education Account - Revised Estimate for 1944--45 and Budget Estimate for 1945--46.

--

I really observe as has been very often pointed out by the Inspecting Officers that the town is backward in Elementary Education and it requires vast improvements by appointing additional teachers to the existing schools and by opening more schools in several quarters as many children have yet to be provided for. At present the Municipality is maintaining 4 schools for boys and one school for girls. Jackamanayakanpatti Elementary school, Maravar street school and Vellayansalai school which are located in rented buildings have to be provided with buildings. The amounts realised from taxes, Government Grant, Contribution from General Fund etc., are not even sufficient for the maintenance of the existing schools.

Revised Estimate for 1944--45.

2. The Government were pleased during the current year to grant Rs.4,011/- to meet the payment of the dearness allowance. The year opened with a balance of Rs.1,499/- and is expected to close with a balance of Rs.1,092/- after meeting the expenditure provided for the year for the existing staff.

Budget Estimate for 1945--46.

3. The year opens with a balance of Rs.1,092/-. The Council has decided in its Resolution No.576, dated 10-10-'44 to raise the Education tax from 2% to 2¼ %. The increased rate is expected to bring in an additional revenue of only Rs. 700/-.

4. 2 additional assistants one Secondary grade and one Elementary Higher grade which are essential to the Municipal Girls' school are provided. The year is expected to close with a minus balance of Rs.3,946/-. The Government may be requested to be pleased to sanction a sum of Rs.4,500/-, to meet the payment of dearness allowance during the year, so that the deficit may be wiped out and the account may be closed with a minimum balance.

Remarks of the Sub Assistant Inspectress of schools, Dindigul Girls' Range Dindigul at the time of her visit to the Municipal Girls' school on 14--9--'44.

14--9--44 - I visited the school this morning. Attendance 1 - 40/46, 11 - 38/40, 111 A - 36/36, B 29/35, IV - 27/31, V - 33/38, VI - 35/36, VII - 14/14, VIII - 16/16 = 268/292 . Accommodation continue to be inadequate It is regretted that the newly acquired plot of land is still not made proper use of. The need for providing additional accommodation is urgent. and ~~area~~ considering that this is the only Girls' school in the municipal area and the only girls' school owned by the Municipality it is very necessary that every facility should be afforded for its further advancement, The number of school places available is 200 at present and the number of pupils on rolls is 292. In addition to this, there are 75 to 100 girls awaiting admissions who could be admitted if the necessary provisions regarding staff and accommodation can be made.

Staff condition also cannot be said to be satisfactory at present. The school stands in need of three Secondary grade teachers. Number in the three top standards have increased since last inspection and one Secondary grade mistress is needed for each standard. Only fully qualified mistresses can be permitted to handle English as per rules and the subject has to be begun from standard IV. So there is real need for 3 Secondary grade mistresses. The Headmistress is the only Secondary grade teacher on the staff now, the additional mistress having resigned from August 44. It is understood that the management is taking steps to secure the services of Secondary grade teachers. Two Secondary grade mistresses should be appointed early.

The school house should be white washed.

Sir,

Sub:- ESTABLISHMENT - Education - Secondary grade teacher - Appointment - Sanction - Solicited.

--

There are four Municipal Boys' Elementary schools under the control of this Municipal Council. There are two Secondary grade teachers one in Jackamanayakanpatti Municipal school and the other in Melapatti Municipal school. They teach English in the above two schools. The other two schools namely Municipal Muhammadan school and Municipal Maravar street school suffer very much for want of Secondary grade teachers to teach English. Hence pupils willing to study English, seek admission in other private schools and the strength falls in Municipal schools. Copies of inspection remarks of the Deputy Inspector of schools dated 5-7-43, 21-10-43 and 30-9-44 are enclosed.

2. In view of the above reasons, the Council has in its M.C.R.No.236, dated 29--6--45 (copy enclosed) resolved to request the Government to sanction the appointment of one Secondary grade teacher to teach ~~in~~ English in the two latter schools jointly. Necessary provision will be made in the revised Budget and met from Government grants.

3. I therefore request that the Government may be pleased to sanction the appointment of a Secondary grade teacher and to sanction grant for the extra expenditure to be incurred by the appointment of the additional Secondary grade teacher, as the Budget under 'Elementary Education Account' for the year 1945--46 as revised by Government in G.O.No.MS.422, Edn.& P.H., dated 20-3-45 closes with a deficit of Rs.4021/-.

5--7--43 :- A secondary grade teacher may be appointed soon to take up the teaching of English. This will facilitate most of the pupils to go for higher studies when they complete the 5th standard course in this school. It is earnestly hoped that the Management will take immediate notice of this.

21-10-43 :- The absence of the teaching of English in this school makes many of the Muslim children to go to the High school for studies. Even the few who pass out of V standard are not admitted in the High school, because they do not know English, This is really a great handicap and the Management is ~~xx~~ expected to take immediate steps, in this direction. It is also noticed that many children cut out of this school and go to other schools where English is being taught even after they complete the 3rd standard.

2. It is not desirable to appoint one Secondary grade teacher to borth the schools. It is reported that one of the two schools is a five teacher school and so the headmaster should be a secondary grade teacher. The budget estimate of the Elementary Education Fund account of the Municipality for the year 1945-46 closes with a deficit of Rs.4021/-. But Government have sanctioned in G.O.No.1048L.A.dated 11-5-45 arrear toll compensation to the Municipality a sum of Rs.10834-9-0 and have ordered that the deficit in the Budget Estimate may be met from the arrear toll compensation. The Commissionermay therefore be advised to appoint two Secondary grade teachers and to make provision for them in the Revised Estimate for 45-46.

This unsatisfactory financial position is mainly due to the payment of dearness allowance which costs about Rs 30,100 a year (to the Gl. fund). In view of the unsatisfactory financial position the Govt. had to sanction a grant of Rs 37318 to this Cl. in ~~1944~~ the current year towards the payment of dearness allowance. If the proposal regarding the payment of Rs 74 lakhs to local bodies referred to above is carried out, this Ml. Cl. will ~~have~~ get an additional income of about Rs 10,800 in 1945-46. This will not be sufficient to cover the deficit of Rs 17,794 under the Gl. Acct. In these circumstances the Cl. cannot pay any extra contribution over and above the amount already provided in the budget. The proposal of the Cl. to raise the rate of edn. tax from 2 to 2 1/4 p.c. ~~from~~ per annum from 1.4.45 may therefore be sanctioned even though the total rate of the property tax will then in the [illegible] will

Even the transfer of the revenue from entertainments tax will not make off the increase from 21¾ to 22 p.c per annum. There is no scope for increase the rate of the ~~edn~~ tax ~~further~~ beyond 22%.

3. The deficit of 4771 under the Ely. Edn. Acct. referred to in p3 above will be reduced to Rs 3871 if the Part II scheme proposal ~~for paying grant~~ to pay grants to local bodies equivalent to the proceeds of education tax on properties levied up to 1⅓ p.c. is carried out in 1945-46. ~~In the circumstances stated in para 2 above a grant from Govt will be necessary to avoid the above deficit. With these remarks the file may be passed~~ on to Fin.

The deficit will be reduced further to Rs 3,171, if credit is taken for income from the increase of rate of edn tax by ¼%, per annum

18.1.45

The limit of a total of 20 per cent per annum for the rate of property tax in municipalities of this type applies to cases of compulsory enhancement of rates by the Government. There is no objection to municipal councils voluntarily raising the rate above the limit. In view of the deficit in the Council's General and Elementary Education Accounts, this Department may recommend that the Council's proposal to increase the rate of education tax by ¼ per cent per annum from 1-4-1945 may be sanctioned. The deficit in the Elementary Education Fund in 1945-46 will then be Rs.3,171 as noted in the margin above.

2. The question of giving a grant to this Municipal Council towards dearness allowance in order to avoid a deficit in the E.E.Fund in 1945-46 need not be considered now. It may be taken up in June 1945 when the actual opening balances of the Municipal Council for 1945-46 and the extent to which the Council's finances will improve as a result of the several easures now under consideration to augment the resources of ocal bodies, will be known. With reference to the estimated eficit of Rs.3,171 the E.& P.H.Department may meanwhile nform the Municipal Council that the question of improving e resources of local bodies is under the consideration of e Government and that orders will be issued in the matter rly in 1945-46.

The deficit in the E.E. Fund budget for 45-46 is Rs 4770 in round figures. L.A suggest the following for avoiding the deficit

(1) ~~that the rate~~ increase in the rate of education tax from 2% to 2¼% p.a. on property values. This is expected to yield an income of Rs 700/. This has been taken credit ~~already~~ in the budget.

(2) Taking credit for equivalent Govt. contribution under section 37 of the E.E. Act ~~(prop~~ upto 1⅓ % (proposal under consideration as a part II scheme) This is expected to result in an additional income of Rs 900 as the municipal council is already in receipt of equivalent Govt contribution for income from education tax realised at 1% only

~~Consequently after taking into account all the receipts mentioned above, there will be a deficit of Rs 3770 in the budget. It is not desirable to pass orders on the budget leaving a deficit. The deficit is entirely due to the provision of dearness allowance to the staff which is Rs 4420. Ordinarily the deficit should be avoided by a grant from Govt, as the provision for dearness allowance is made in accordance with the orders of Govt on the subject, unless it be that the general funds can afford to contribute more to the E.E. Fund. L.A have not stated whether the general funds can afford it or not. As the E.E. Fund depends on the general funds for any~~

additional contribution and as ultimately any deficit in the funds of the M.l. Council on account of payment of dearness allowance should be made good by a subsidy from Govt. ~~the proposal to carry~~ it does not seem necessary that orders on the budget to avoid the deficit should be deferred ~~as suggested~~ by L.A. Necessary additional contribution from the general funds may now be made to the E.E. Fund and the resultant deficit in the general funds of the Council may be reviewed ~~at the~~ in June as suggested by L.A. This will avoid postponing final orders in ~~the case~~ both the general fund budget and the E.E. Fund budget. For orders.

(Previous Finance note on p. 5 above.)

This Department agreed on p. 5 above to the suggestion of L.A. in paragraph 2 on p. 4 above. E & P.H. have sent the case again for remarks on the two points at A above.

Point 1 -- This Department has in a similar case, viz., the Mannargudi Municipal Council's E.E.Fund Budget, pointed out that provisional credit for the Government contribution provided for under the Part II scheme cannot be allowed till the Provl. Budget is authorised by H.E. the Governor. Provisional credit cannot be allowed in this case also.

2. Point 2 -- A subsidy from Provincial funds is payable ~~in~~ only in cases of deficit actually caused by the grant of dearness allowance to employees of local bodies at rates applicable to Government servants ~~only~~ to the extent that the deficit cannot be ~~covered~~ met from

para 2 on p.4 above

~~by~~ the resources of the local body. The necessity or otherwise for a Government subsidy to wipe off any deficit in the E.E. Fund Budget for 1945-46 will, as pointed out by L.A., be known only after orders are passed on the various measures under consideration for the improvement of the resources of the local body. Finance may therefore advise against any credit being given now for a Government subsidy towards payment of dearness allowance. There seems to be no real objection to pass an order on the B.E. of the E.E.Fund even though it may be a deficit budget, (since the deficit will be wiped off later on.) This Department may ~~adhere~~ suggest that the course proposed in paragraph 2 of L.A. note on p.4 above may be followed.

The council has been granted a subsidy of Rs 4011 for d.a during 1944-45. The R.E for 1944-45 is expected to close with a balance of Rs 1237. Ordinarily this amount will have to be recovered from the Council as the subsidy for dearness allowance ~~subsidy~~ was granted on the assumption that there would be no closing balance in the E.E Fund. But the B.E for 1945-46 is expected to close with a deficit of Rs 4021, after taking into account the addl income from the increased taxation proposed to be ordered. The deficit will be reduced by Rs 900 if the proposal to give local bodies contributions under sec 37 of the E.E Act in respect of edn tax realised ~~at~~ up to 1⅓% p.a gets through finally. The net deficit of Rs 3121 will have to be made good by a subsidy from Provl funds. In the case of Cannanore M.l C., Finance have stated that in view of the prospect of giving a further subsidy in 1945-46, the recovery of the subsidy sanctioned in 1944-45 need not be made and that the question will be considered after the actual closing balance for the current year is known. Applying this principle recovery need not be ~~pleased~~ made in this case also. Subject to orders on this, I submit a draft.

The Municipal Council, Bodinayakanur proposes to employ one Secondary Grade teacher to teach English in two of the Elementary Schools under its control. The Commissioner requests ~~grant~~ for ~~from~~ Government grant towards the expenditure, as the B.E. of the Council's 1945-46 closes with a deficit. The Elementary Education Fund Budget for 1945-46 of the council was expected to close with a deficit of Rs.5,504. As the general fund, could not make any contribution towards the deficit, an ~~The~~ advance subsidy of Rs.3,670 has since been sanctioned to the Council in G.O.No. (Prem) 1623 Edn of 12.10.45. The deficit referred to above included a sum of Rs.1,200/- being the anticipated expenditure on the employment of 3 Higher Grade Elementary teachers and 1 Secondary Grade Teacher. The Director's proposal to employ an additional Secondary Grade teacher will result in an additional expenditure of Rs.480 per annum. It may be less for the current year.
