From Sir R.M.Statham, M.A., C.I.E., I.E.S.,
Director of Public Instruction, Madras.

To The Secretary to Government,
Education and Public Health Department.

Sir, Sub: Write off - stipend amounts paid to students of the Viscountess Goshchen Training School for Muslim Women, Trichinopoly - sanction requested.

I have the honour to state that the Inspectress of Girls' Schools, IV Circle, has recommended that the amount of stipends due from the following students, who underwent the lower elementary grade training course in the Viscountess Goshchen Training School for Muslim Women, Trichinopoly, in previous years and failed to fulfil the terms of the bond executed by them due to their not passing the T.S.L.C. Examination subsequently and their inability to secure employment in recognised schools, may be written off as irrecoverable. The Revenue authorities who were consulted in the matter have reported that they do not own any property and consequently no legal action can be taken against them. The total amount to be written off is Rs.2,244-14-0. As this amount exceeds my powers of sanction, I request that necessary sanction may be accorded to write off the sum of Rs.2244-14-0 as irrecoverable.

GOVERNMENT OF MADRAS

PRESS COMMUNIQUE

NO. 49

Dated, Fort St. George, the 21st August 1941.

Subject:- Fee concessions - Grant of to converts from scheduled classes.

Under the rules converts to Christianity from the scheduled classes are eligible for fee concessions in educational institutions only if they satisfy the following conditions:-

(1) that they themselves or their parents or grand-parents on both the paternal and maternal sides were members of the scheduled classes, and

(2) that they belong to families that continue to live under conditions similar to those of the scheduled class concerned.

Representations have been made to Government that these conditions cause great hardship and should be cancelled.

The Government have carefully considered the matter and have come to the conclusion that there is not sufficient justification for making a distinction between the scheduled classes and converts from these classes to Christianity or any other religion for purposes of fee concessions since it is generally reported that converts from the scheduled classes are socially in the same position as that in which they were before conversion. They have

therefore sanctioned the grant to the converts and their descendants with effect from the current year, of all fee concessions for which

the scheduled classes are eligible under the existing rules and orders.

E. C. Wood,
Secretary to Government.

Viscount's Jyeshtha Training School for Muslim
Women, Trichinopoly.

Ref: From the D.P.I. R.O.C. No. 2040 E/44 of 17.10.44

The D.P.I. is requested to ascertain and report

(1) the periods during which each of the students mentioned in his letter cited above underwent training;

(2) whether all of the students failed in the T.S.L.C. Examination; and

(3) when the revenue authorities were consulted and their reports received, in each case; and

(4) why all these cases of defaults were not brought to notice then and there.

Note:- The name of the board referred to in the letter is at 1069

pp 69-70 of the E. & P.H. note can be compelled, with an effort, to pass an exam and that is why the board requires them to repeat appearances for exam: in the event of failure at the board. In the present instance E. & P.H. training & exam: were abolished some years ago. The proposed enquiry will ~~not~~ lead to any fruitful results. Except that some attempt will have been made to fix the responsibility on some headmasters. A headmaster for every school will be asked to notice them and have the usual answer will be that they are the whores of old students is often a laborious task. If the matter is to be pursued, the case may be sent to India for acceptance of the proposal for the writing off of the amount.

The case was abolished about 1933, I am told. Rex Enquiry ~~is~~ maybe made, since the matter is being reported to go to the law.

Portion A in the E. & P.H. note on p.2 above seems to suggest that if action had been taken by the departmental officers promptly to bring these cases of default to notice then and there, it might have been possible to make some recoveries and consequently the loss to Government might have been minimised. It seems therefore worth while making enquiries into the matter now so as to assess, if possible, the pecuniary liability of the officers concerned. It is only after exploring all possibilities of recoveries, that the irrecoverable portion of the loss need be written off. - vide first sentence of Art. 297 of M.F.C., Vol. I. For orders whether Finance may suggest further enquiry (as proposed in the draft Memo on p.1 above, as amended in pencil).

11.11.44

[C No. 57430] From the D.P.I. Rec No. 2040 of 6.12.44 EXP.H.(C) pp 3-4cf

The D.P.I. states that action could not be taken earlier in the case of the ten students as they completed their training in 1938 and 1939. But it seems that the period of six years' time can be allowed only in cases of students who have passed the T.S.L.C. Exam. at the end of their course. In the present instance, all the students have failed and according to the terms of the bond under rule 125 M.E.R. they should have appeared for the succeeding examination or examinations i.e. in 1939 and 1940 and subsequent years. It is not clear whether they had done so. If they had not so appeared, they should have been considered to have violated the terms of the bond and action could have been taken even then. It does not, however, seem worthwhile to pursue the matter. The request for write-off may be accepted. The file may be sent to Fin.

The Finance D.I.'s note in the margin of Postwar page was based on what I mentioned to him on the phone. Off-hand I now find that altho: that note is generally correct it shd: be subject to the qualification that L.E. training was continued for some time longer in the case of students.

yes, as its of nature that action was taken with reasonable promptness

(Previous Finance notes on p.3 above and D.P.I.'s report representation on pp.3-4 C.F.)

It would appear from portion X in E and P.H. note on p.4 above that action against the defaulters should have been taken in the year in which they stopped appearing for the T.S.L.C. examination, and this points to the inference that the action taken in 1944 was belated. It may perhaps be ascertained when

action against the defaulters should have been taken up at the earliest opportunity and what the departmental officers have to say for not taking such prompt action and whether they should not be held liable for the loss to Govt. to the extent that it was occasioned by their belated action.
