Subject:- Budget estimate - Walajahpet Municipality - 1944-45 - Improvement of financial position - Report submitted. (2)
Ref. Your Rec. 6716/44 dated 31-3-44.

2. I looked into the budget and also discussed the question with the Commissioner. The town is not a flourishing one having no business worth the name. The weaving industry is not also thriving well on account of the difficulty in procuring silk thread. It is not also a business or industrial centre where there are means of improving the financial ~~xxxxx~~ condition. So the income from property is the only source in which an increased income can be expected by raising the assessments. The percentage of tax is 19 which is heavy for a poor town like this. It will not be possible to increase the property tax beyond the limit proposed by me, as it will hit hard on the poor inhabitants of the town. So the only other way of balancing the budget is by making retrenchment in the expenditure by the reduction of staff in the various branches. The balance according to the latest order of Government on the budget is Rs.79/-. The statutory minimum balance to be shown by the municipality is Rs.2,448/-. So the municipality must make retrenchment if the budget ~~xxx~~ is to be balanced. In consultation with the Commissioner, I propose the following items of retrenchment in expenditure. The following reduction of staff can be made without in any way affecting the efficiency of the work:-

- (1) One clerk in the office 30 x 12 Rs.360
- (2) One billcollector 22 x 12 Rs.264
- (3) High school one night watchman* 8 x 12 Rs. 96
- *(two peons can watch the school by turns)
- (4) Hindi pandit 30 x 12 Rs.360
- (5) (This is a new proposal which can be deferred till the financial conditions improves.)
- (5) Public Health: three drain cleaners 3 x 6 x 12 Rs216
- (6) " three sweepers 3 x 6 x 12 Rs216
- (7) Elementary School. 3 teachers 3 x 20 x 12 Rs720

Rs. 2,232

The Commissioner may be directed to effect ~~xxx~~ retrenchment

on the lines proposed above and the council may also be informed that unless the proposals mentioned in this reference are given effect to, the Government will be forced to refuse all grants which they are getting now. Unless the Council is given a warning on the above lines I am afraid it may not accede to the proposals. I therefore consider that a warning on the lines suggested is necessary and if they do not pay heed to the warnings there will be need to supersede the council in order to improve the financial condition of the municipality which is in a very unsatisfactory condition at present.

I submit that the retrenchment proposals pointed out
in the Government Memorandum mentioned above were similarly
received from the Inspector of Municipal Councils and Local
Boards Madras in his reference No.18310/44 dated 19.7.44 and
they were placed before the council at their meeting held
