Scheme - Prochna - Records

No.F.85-14/44-E.
Government of India.

10208 Department of Education, Health and Lands,
New Delhi, the 8th March, 1945.

From Dr. John Sargent, CIE., MA., D.Litt.,
Joint Secretary to the Govt. of India.

To All Provincial Governments.

Sub: Technical Education - Students to
be sent for training abroad.

Sir,
I am directed to forward for the information of the Provincial Government a draft copy of a brochure, "Information for Students desiring to proceed Overseas for Advanced Studies (1945)" which is to be published shortly. The brochure will indicate the lines on which the Central Government is proceeding in regard to the selection of students.

2. It will be observed from para.12(a) of the brochure that subjects of Indian States are also eligible for scholarships, and it is requested that the Provincial Government may also consider applications from such subjects of Indian States as would be eligible to apply for service under the Provincial Government.

3. I am further directed to request that, in view of the urgency of the matter the Provincial Government may kindly expedite the submission of the return asked for in this Department letter No.F.85-14/44-E, dated the 4th December, 1944 so

p.t.o.

Copy at ①

circulation to H.
(at Bombay)

as in any case, to reach this Department not later than March 31st, 1945.

I have the honour to be,
Sir,
Your most obedient servant,

John Sangha
JOINT SECRETARY.

No. F. 85-14/44-E.

Copy forwarded to the Political/Planning and Development/Finance/War/Defence Departments for information.

By order,
Ashraf Hussain
for JOINT SECRETARY.

50-6.3.45-D.

(Annexure 'A' and
Schedule are not
attached)

Government of India
Department of Education, Health and Lands.

Information for students desiring to proceed overseas for advanced studies (1945).

1. With a view to increasing the supply of properly trained technical personnel who are likely to be required in connection with the various plans for post-war developments, the Govt. of India have decided pending the extension of facilities for advanced technical instruction in India, to make arrangements immediately:-

(a) to send abroad a certain number of students, at Govt. expense, for advanced courses in technical and scientific subjects directly related to the probable post-war needs and

(b) to establish a properly equipped organisation in this country and also in the United Kingdom and the United States of America for providing advice and guidance and also assistance in regard to admission to courses of studies etc. for those students who may desire to proceed overseas for study at their own expense or who may be sent for this purpose by firms or private bodies. It is hoped that, if war conditions permit, it will be possible to make arrangements for about 1,000 such students this year.

Note (1) In addition to the above categories of students, there will also be a certain number of places for stipendiary students nominated by Provincial Govts. For information in regard to these places application should be made to the Provincial Govt. of the area to which the student belongs.

Those persons, however, who have applied to a Provincial Govt. for a stipend may also apply to the Govt. of India; but they should state clearly in their applications that they have submitted an application to a Provincial Govt. and also state the course of study for which they have applied.

Note (2) The arrangements outlined above are separate from and should not be confused with the scheme which the Labour Deptt. of the Govt. of India have prepared for sending technicians already employed in industry to the U.K. or U.S.A. for further training or for enlarging their industrial or professional experience. Further particulars regarding that scheme can be obtained from the Govt. of India, Deptt. of Labour.

I. Stipendiary Students.

2. Courses of studies. It is proposed to arrange for the further education and

and training of selected students in the following main subjects:-

- (1) Agricultural Subjects.
- (2) Mechanical Engineering.
- (3) Electrical Engineering.
- (4) Civil Engineering.
- (5) Chemical Engineering.
- (6) Aeronautical Engineering.
- (7) Marine Engineering.
- (8) Textile Engineering.
- (9) Architecture, Regional Planning and Building Construction.
- (10) Applied Chemistry (including preservation and distribution of foodstuffs)
- (11) Applied Physics.
- (12) Radio Engineering.
- (13) Geology.
- (14) Metallurgy.
- (15) Other forms of Applied Science.
- (16) Technical subjects not covered above.

The above list is likely to be amended from time to time as a result of the requirements of the plans for post-war development as they mature. The numbers selected for each course will be strictly ~~xxxx~~ limited and will be determined solely by post-war requirements.

Note: It will be observed from the appended Schedule that for the purpose in view the term 'Agricultural Subjects' is used in its widest sense, and it includes subjects connected with Veterinary Science, Animal Husbandry, Dairying, Fisheries, Fruit Preservation and Canning (Technology), Horticulture, Agricultural Engineering etc.

3. Duration of Courses. The duration of a course of study will be determined in each case by the Govt. of India, but it will in most cases be about two years. The Govt. of India also reserve the right to make at any time such changes as they may consider desirable in the nature or duration of a course approved by them.

4. Countries where arrangements will be made. Arrangements for instruction will be made primarily in the United Kingdom and the U.S.A. but, provided that satisfactory arrangements can be made, in other countries also, such as ~~Exd~~ Australia, ~~and~~ Canada and New Zealand. Applicants may mention their preference for any country or for any particular institution or institutions but the final decision in the matter will rest with the Govt. of India.

5. Stipends. The value of the stipend will be fixed in the light of ascertained requirements in different countries, e.g., an average of £300 per annum in the U.K., but it will be sufficient to cover all the normal maintenance expenses which a student is likely to incur, including expenses during vacations. The stipend

will -

will be payable from the date of a student's arrival in the country where he is to receive instruction upto the date of his departure from that country on the return journey, and it will be paid in advance in quarterly or monthly instalments. Any tuition fees or other charges in connection with the course of study will be paid by the Govt. of India.

6. Travelling Expenses. Students will be allowed a II Class fare, or where there is no II class the fare next below I class, from their normal place of residence to their place of instruction and back together with a sum of ~~£25~~ £5, or its equivalent in Indian or other currency to cover incidental journey expenses each way. The sum of £5 will not be paid to those who are in Govt. employ and are in receipt of their pay during the voyage.

7. Terms for Government Servants. Govt. servants who are selected for an approved course of study, will be sent on Study Leave terms, supplemented by a special allowance, if necessary, so as to ensure that in no case will a Government servant be placed in a less favourable position financially than the other stipendiary students.

8. Equipment Allowance. Each selected student will be given before his departure from India an equipment allowance of Rs.500 to enable him to provide himself with such clothes and other necessary articles as he is likely to need immediately on his arrival in the country to which he is being sent.

9. Conditions of the Grant of Stipend etc. (a) The grant of the stipend and allowances will be subject to periodical reports of satisfactory progress. In case of continued ~~adverse~~ adverse reports in respect of studies or conduct, the Govt. of India reserve the right to cancel the stipend immediately, and the student will be required to refund to the Govt. of India the total amount spent on him upto date together with interest calculated at fixed Govt. rates, in accordance with the terms referred to below.

(b) In the case of a student who, on account of illness or other reasonable cause, is unable to complete the approved course of study and is obliged to return to India, the Govt. of India will pay the cost of the return journey at II Class rates and may, at their discretion, forgo the refund of the amount referred to in 9(a) above.

10. Bond. All selected students will be required to enter into a bond, in the form given in Annexure A, undertaking to serve the Govt. of India, on their return after the completion of their course of instruction, for a period of five years, if required to do so in a gazetted post, or to take up for a similar period other comparable employment if so directed by the Govt. of India.

11. Prospects of Employment on Return: (a) Every endeavour will be made to find for all students who satisfactorily complete the approved courses of studies gazetted appointments under the Govt. of India or other comparable employment. It should, however, clearly be understood that selection for an approved course of study does not carry with it any

4.
guarantee of employment and that the selection for appointment in any Central Service will depend on the rules and regulations in force at the time.

(b) A Government servant will, on his return after satisfactorily completing an approved course of study, be considered for appointment to a higher post if and when there is a suitable vacancy.

12. Qualifications for Applicants. (a) Any British Indian subject or subject of an Indian State, irrespective of caste, creed or sex, may apply for a stipend.

It is intended, in making the selection, to ensure that adequate representation is given to the minority communities, provided that suitable candidates from those communities are forthcoming.

(b) Academic Qualifications. Applicants should possess at least a good graduate's degree in the subject or in the basic science concerned. A person, however, who is not a graduate, may also be considered if he possesses other outstanding qualifications which would justify his selection for an advanced course of study overseas. Preference will be given to candidates who have already shown special aptitude for advanced training and who are therefore likely to make the best use of their opportunities overseas. In Agricultural and certain other subjects, aptitude for research will be considered an additional qualification.

(c) Testimonials and References. Every applicant should submit with his application duly attested copies of two (but not more than two) testimonials from the authorities of the University or other institution where he last studied. He should also give the names of two referees who must not be related to him and who are in a position from their personal knowledge to testify to the applicant's fitness for the proposed course of study.

(d) Age. Applicants should not be more than 30 or less than 19 years of age on July 1st 1945, but the Govt. of India may, in their discretion, waive the age limits in special cases. The maximum age limit for those already in the service of Government or of a recognised University, College or other public body is 40 years, but this may also be waived in special cases. A duly attested copy of the Matriculation certificate or other satisfactory evidence of age must be submitted with the application.

(e) Physical fitness. Every application must be accompanied by a certificate of physical fitness, with particular reference to the applicant's ability to bear the climate of the country to which he proposes to go. This certificate may be from any registered medical practitioner, but before an applicant is finally selected he shall be required to furnish such a certificate, if he has not already done so, from a medical practitioner not lower in status than a Civil Surgeon.

13. Procedure for Applications. (a) Applications on the attached form (Annexure B) and accompanied by a Treasury receipt for Rs.5, which should be deposited under the head 'XXVI - Education - Miscellaneous (Central)', should be submitted in duplicate to the Secretary, Selection Board, Overseas Students, c/o Department of Education, Health and Lands, Government of India, New Delhi, so as to reach him not later than

(b) Applications of persons already in Government service or in the service of an Indian State must be submitted through the proper channels, in the case of Central Government employees through the Head of Department and in the case of those employed under Provincial or State Governments through the Provincial or State Government concerned. Applications from all other persons should be submitted through the authorities of the institution at which they last studied.

14. Procedure of Selection. The selection will be made by a special Selection Board constituted for this purpose, and selected applicants may be required to appear before the Board for interview at their own expense.

NO MEMBER OF THE SELECTION BOARD OR ANY OFFICER CONNECTED WITH THE BOARD MUST BE APPROACHED BY OR ON BEHALF OF AN APPLICANT. ANY ATTEMPT TO CANVASS DIRECTLY OR INDIRECTLY WILL FORTHWITH AND WITHOUT ANY EXCEPTION DISQUALIFY AN APPLICANT.

15. Arrangements in regard to Passage etc. The Government of India will make arrangements in regard to the sea passage and, where necessary, facilities for Dollar exchange. The selected students will, however, apply for passports and visas in the usual manner.

16. Further information in regard to any particulars not covered in this booklet may be obtained on application to the Secretary, Selection Board, Overseas Students, c/o Department of Education, Health and Lands, Government of India, New Delhi.

II. PRIVATE STUDENTS.

17. Students' Advisory Bureaux. In addition to stipendiary students for technical courses in connection with post-war development, it is expected that a large number of persons will desire, as in the past, to proceed overseas for study at their own expense. There may also be others who may be sent by Indian States or firms or private bodies who will bear the whole cost or share it with the student. The Government of India are anxious to do more than has been done hitherto to provide advice and guidance to such students in regard to suitable courses of training abroad and as to qualifications which they would require for admission to such courses. The Government of India, have, therefore, asked the Provincial Governments and Universities to establish Students' Advisory Bureaux as soon as possible with a view to affording such advice and guidance. The Advisory Bureaux will deal with all students, other than Government sponsored students, whatever the nature of the studies they intend to pursue.

18. Arrangements Overseas. The Government of India also intend to establish an organisation which will help Indian students to obtain admission to Universities and other institutions abroad and look after their welfare generally

6.
during their stay in the foreign country. These facilities will be available for all Indian students, irrespective of the fact whether they are Government sponsored students or private students or those sent by Indian States and others.

19. Qualifications. (a) It has been generally agreed by the educational authorities in India and in the United Kingdom and the U.S.A. that students will derive the greatest benefit from courses abroad if they have first taken at least a graduate's degree at an Indian University, and it is understood that preference will as a rule be given by them to those who have done this.

(b) It is important that students proceeding overseas should be physically fit and able to bear the climate of the particular country they intend to go to. It is also necessary in their own interest that students should be adequately provided with funds for the entire period of their intended course of study.

20. Places available. The Government of India hope to be able, if war conditions permit, to make arrangements for suitable courses of studies abroad this year for about 1,000 private students, including those sent by Indian States and others.

21. Arrangements in regard to Passage etc. The Government of India will be glad to assist those students whom they may recommend for courses of studies abroad in regard to arrangements for the sea passage and facilities for Dollar exchange. Students must, however, themselves arrange for their passports and, where necessary, visas.

22. Further Information. For further information students are advised to approach their University authorities or the Provincial Government concerned.

J.98/26-2-45.)

ANNEXURE B.

APPLICATION FORM

(Note: This form must be filled in by the candidate in his own handwriting).

1. Name and Address (in block letters).
 2. Age and Date of Birth.
 3. Place of birth and Nationality. (Where necessary, a certificate of domicile must be attached.)
 4. Religion and Caste.
 5. Educational Institutions attended and Examinations passed:-

Name of High School, College University etc.	Date of entering and leaving.	Examinations passed.	Class or Division.	Subject taken in the Degree and subsequent Examinations.
--	-------------------------------	----------------------	--------------------	--
 6. Post-graduate training or research experience, if any, together with details of any published work. Reprints of such work should also be submitted.
 7. Industrial or professional experience, if any, and any additional qualifications not covered in columns 5 and 6. (If the space below is not sufficient attach a separate sheet).
 8. Present occupation.
 9. (a) Name of Parent or Guardian (with relationship)
 (b) Business or profession of Parent or Guardian.
 (c) Monthly income of Parent or Guardian.
 (d) Capacity of Parent or Guardian to supplement student's stipend or salary.
 10. Particular branch of scientific or technical work in which training is required.
- (Note: A candidate may offer himself for selection in one or more (but not exceeding three) of the subjects which he should specifically mention.)
11. Minimum period of training desired.
 12. Institutions, if any, suggested for training.
 13. If in Government service, state nature of appointment (i.e. of the work you are doing at present) salary and scale, if any, and terms of service with reference to leave.
 14. If not in Government service, whether you wish to go for a course of study at your own expense if you are not selected as a stipendiary student.
 15. Have you applied to a Provincial Government for a stipend? If so, state the course(s) of study which you have proposed to undertake.
 16. Names (and status) of persons from whom you attach testimonials.
 (1)
 (2)

17. Give below the names of two persons who are in a position to testify from their personal knowledge to your fitness for the proposed course of study. (They must not be related to you).

In Government of India's brochure three categories of students are mentioned: students who go with Government of India's scholarships, students ^{who} go with private money and stipendary students nominated by Provincial Governments. The Provincial Governments are apparently concerned only with the last category. In respect of these the Govt. of India say that applications should be made to the Provincial Govt. of the area to which the student belongs and that such persons may also apply to the Govt. of India stating in their applications that they have submitted their applications through the Provincial Govt. If the scholarship to be given by the Govt. of India only, is outside the scope of the scheme for which Provincial Governments have been asked to select students and if such students are only to be absorbed by the Government of India, then this double procedure by which the students have to submit two applications, one to the Provl. Govt. and one to the Central Govt., has some justification; though even here logically it seems better that applications from Provinces should go through the Provincial Committee. The position is not very clear to me and it seems better to write to the Govt. of India and find out if the direct applications are only for students who are outside the ~~scope~~ Provincial scheme so that there is no duplication and also suggesting that in any event it might be better that all applications from Provinces should go through the Provincial Committee.

10 10 P.W.D 3

The Govt. have decided to depute 100 private candidates and 20 Govt. servants for higher technical training abroad under the Govt. of India Scholarship scheme. The private students and Govt. servants provisionally allotted to this Dept. is as shown below:-

Private candidates.	Govt. servants.
7	3 (1 S.E. & 1 B.E. & 1 Asst. Engr.)
1	

The Edn. & P.H. Dept now want the return ^{with particulars} in respect of the private students and the Govt. servants in Form A appended to the Govt. of India letter of 4th December to be furnished to them. The C.E.(E) has proposed that as regards the private students the selected candidate should be sent abroad for 3 years, one of which could be spent on special post-graduate courses in England or U.S.A. and 2 years in manufacturing workshops and research laboratories like those of Inter-National Electric Co. at Schenectady, Metropolitan Vickers in Manchester or B.T.H. at Rugby and on return after satisfactory training, can be taken as Asst. Engr. The C.E. has furnished the particulars in respect of the private candidate in Form A prescribed by the Govt. of India. It is put up at (I). It may be furnished to Edn. & P.H. Dept.

2. The C.E.(I) has not furnished the particulars in Form A in respect of the private candidates and the Govt. servants mentioned in his letter No. 5945/44 A.E. dated 22-1-1945. He may now be asked to furnish the particulars. A draft O.M. is submitted. On receipt of C.E.(I)'s reply furnishing the information it may be forwarded to the Edn. & P.H. Dept separately.

3. Allocation of the private students among the various subjects.

In the Elec. Dept. there is only one private student to be deputed and the question of allocation does not arise.

As regards the Irrigation Dept. the C.E.(I) has ear-marked the subjects of study for the seven private

students in his letter dated 22-1-45, a copy of which is put up at (B).

4. It may be stated here for information that it is proposed to depute annually one Divisional Electrical Engr., One Asst. Engr. and one Junior Engineer for training in Electrical Workshops and Laboratories, election work under the Govt. of India scheme for the training of technicians and for enlarging their professional experience. This is being dealt with separately in this Dept. and the Govt. of India will be addressed on the subject.

With the above remarks, the file may be passed to the

L.A. Dept.

22.3.45

L.A. Dept. (G)

Please see the remarks of E&P.H. and P.W.D. on pp. 1-2 and 3-4 supra. This Dept. has agreed to participate in the scheme for overseas training of road engineers and to depute in the first batch eight engineers for the training. The list of engineers to be deputed is put up at flag (W). With this information the file may be passed on to P.W.R.(C).

The scheme referred to at A above is different from the one referred to in this file: No. 10. Sub. Officers (Road Engrs) have been proposed for training under the latter scheme.

No private candidate has been allotted to this Dept for training in Highway Engineering. The CE has since proposed three candidates for such training and this is being dealt with separately. If this proposal is finally accepted by Govt., the necessary
