C. No. B-5-38 of 1945

Dated

27-2-1945

Sir,

Enclosures: *ML*

SUB:— War - A.R.P. - Corporation Schools, - Blast &
Splinter Proof Walls - Demolition of - Sanction
requested.

In G.O. No. Ms.639 dated 5-5-43 and G.O. No. Ms.1777 dated 31-12-43, Government sanctioned a total expenditure of Rs.9,630/- for the construction of blast and splinter proof walls in Corporation Schools for the protection of the pupils.

2. As the blast-proof walls obstruct both light and ventilation, their continuance is not in the interest of the health of the school children especially in view of the improved war situation. The question of demolition of the baffle walls in the educational institutions in the city was considered at the meeting of the Madras Civil Defence Committee held on 8-2-45 and it was decided that such of the baffle walls as were on the verandahs might remain while others should be removed.

3. It is, therefore, requested that Government may be pleased to approve the proposal to demolish the baffle walls in Corporation Schools in accordance with the decision of the Madras Civil Defence

Committee

-2-

committee referred to above. On receipt of the orders of Government the work will be carried out and the expenditure incurred intimated to Government for sanction.

Finance (Archit)

It is not clear why the ~~work~~ the Corps should incur any extra expense in demolishing the blast and splinter proof walls in the Corps Elementary Schools. Finance may perhaps suggest that the work may be given to contractors who would demolish and take away the debris at their own cost especially when bricks & small bricks are sold at high prices.

I think that the above procedure was followed in some cases where demolition was ordered. The case may be referred to P. H. Unit Public (C.D.)

Please see the Finance Dept's note on p 2 ante. The baffle walls in question relate to the Subsidiary Schemes of the Elementary Schools of the Corporation and according to the instructions in G.O. No 1244 Pub (C.D.) 21.4.44 the work should be carried out departmentally. As regards the materials realised on demolition, they may either be transferred to any Govt Dept free of cost or sold in auction and the sale proceeds credited to Govt under the head 'L.I.B. Civil Defence Section IV' as the original cost of construction of these baffle was met by Govt from 'L.I.B. Civil Defence Section IV'. Finance may see again.

13.3.45

Finance (Accounts-A)

Previous Fin. note on page 2 above).

The orders issued in G.O. 1244 P(C.D.) dated 21-4-44 relate to the filling up of slit trenches or demolition of baffle walls constructed in connection with the subsidiary schemes

14 MAR 1945

4.

in Government offices. Apparently Pub(C.D.) suggest that, on the analogy of these orders, the Corporation should be asked to carry out the work departmentally by employing its own staff. In that case, as it would itself bear the latter charges it would seem fair to allow it to take credit for the materials realised on demolition. It may also be informed that it could give the work to its contractors who would demolish and take away the debris at their own cost.

~~after paying something, if possible in some cases.~~

The point is that one foot need not pay demolition charges. The Corporation may be informed as at A above.
