OFFICE OF THE DIRECTOR OF PUBLIC INSTRUCTION, MADRAS, DATED 15-1-45

From

Dr. B.B. Dey, D.Sc. (Lond.), F.R.I.C.
Offg. Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

SUB:- Grant - Building St. Francis Xavier's Orphanage attached to St. Francis Xavier's Industrial School, Tanjore - Construction of a separate additional building - Permission.

I have the honour to state that the Correspondent St. Francis Xavier's Orphanage, Tanjore, has submitted an application for aid towards the cost of construction of a separate block of building for this institution. The estimated cost of the scheme is Rs.20,500. The Orphanage is aided by this department and the Industrial School attached to the Orphanage is aided by the Department of Industries. The present strength of the Orphanage is 118. The existing accommodation is reported to be insufficient for the 118 inmates. It is reported that the building is sufficiently old and the roof which has weathered the onslaught of many winters may not stand long. The existing accommodation consists of one big hall 128' x 30' x 14' which is used as a dining hall, dormitory and study room, all in one and the same place. It appears necessary that on hygienic grounds a dining hall should be separate from the dormitory and the study room.

2. The proposal is to set apart the present building as a dining hall and to construct a storeyed building with a large hall in the ground floor measuring 80' x 18' protected by a verandah 80' x 8' with a corresponding upper storey to be used as dormitory and study hall. The roofing for the ground floor will be Madras terrace and Mangalore tiles will be used for the first floor. It is reported that a good quantity of building materials is now in stock with the management. If it is proved to the satisfaction of the Consulting Architect that the management have adequate building materials, the construction of a storeyed building need not perhaps be objected to.

3. This is an institution for boys and as such the building scheme cannot be placed on the approved list in view of the existing ban. I however consider that the scheme should be treated as a special case in view of the present inadequate and unhygienic condition of the accommodation, the fear that the existing building may not stand long, the fact that the Orphanage will admit a larger number of destitutes in case a new building is constructed and above all having regard to the point that the Orphanage is attached to an industrial institution which may have some importance in post-war India. I therefore request that the Government may be pleased to permit me to place the scheme on the approved list, notwithstanding the existing ban, as a special case.

I have the honour to be, Sir,
Your most obedient servant,

R. Narasimha

for Director of Public Instruction.

The D.I. is informed that
in the approved list
he may place the scheme relating to the
construction of a building
for the St. Francis Xavier's Gethamangal, Tanjore,
and that the ban imposed by G.O. 1915 Edn. 9-12-41
does not apply to Gethamangal or to special schools
controlled by departments other than the Edu Dept.

Grant - Building - St. Francis Xavier's Orphanage, ~~Tamiraparani~~
 Construction of a ~~strong~~ storeyed building -
 Inclusion in the approved list.

The question relating to the ^{continuance of} payment of grants
 for buildings and playgrounds to Educational Institutions

under private management was placed ^{before} ~~at~~ a meeting of H.E.

the Governor and his Advisers held on 12-11-1941. It was

decided that the policy of giving building grants to
 Secondary Schools and Colleges for boys ^{should} ~~will~~ be abandoned

unless a special case was made that grant was necessary

and that ~~the~~ grant for playgrounds should be continued.

When the file was further circulated, it was decided that
 the ban on the payment of building grants should apply

to all Secondary Schools and Colleges ^{for boys} ~~(not under Govt.,~~

managements and that it should also apply to Training

and other Special Schools. Orders on the question were

issued in G.O. No. 1915-Edn., dated 9-12-1943.

2. In the case referred to by the D.P.I. in his

~~present~~ ^{current} letter, the Orphanage aided by the Educational

Department is attached to an Industrial School for boys,

which is aided by the Department of Industries. The ban

imposed by the G.O. mentioned above does not seem to

apply to Orphanages. The D.P.I. may be informed that

he may place the building scheme in the approved list.

institutions controlled by Dep'ts. Other than the Education Deptt. and to orphanages. Grants (building & boarding) are given to orphanages not because they cater to the wants of destitute children but because they arrange for the education of the inmates in recognised schools. It seems therefore that the question whether a building grant is admissible for an orphanage should be decided with refer to the school to which it is attached. In the present case, the orphanage is attached to an industrial school for boys. If an industrial school is treated as a 'special' school, the ban imposed in the G.O. of 14.3.45 will apply. It is apparently in this view that the D.P.D. has addressed the Govt. for special consideration in this case.

Fin: may agree with the D.P.D.'s view. E.P.H. may be requested to obtain orders in circulation including A1.

14.3.45. 15.3.45. E.P.H. P above

It is true that an orphanage is helped by the Ed & Dep't. not solely because it shelters destitute children: it has to provide education to the inmates. As noted on previous page, the education need not be provided in a school specifically attached to the particular Boarding Home or orphanage e.g. the Ramakrishna Students' Home shelters students who get their education not only in the Morrison schools but also in other institutions. It is possible that an orphanage has some students in other schools, some in sec. schools & a few others in industrial or technical schools. It would be difficult in practice to decide the matter of its eligibility for a building grant with refer to its attachment to a particular type of educational institution. Q above.

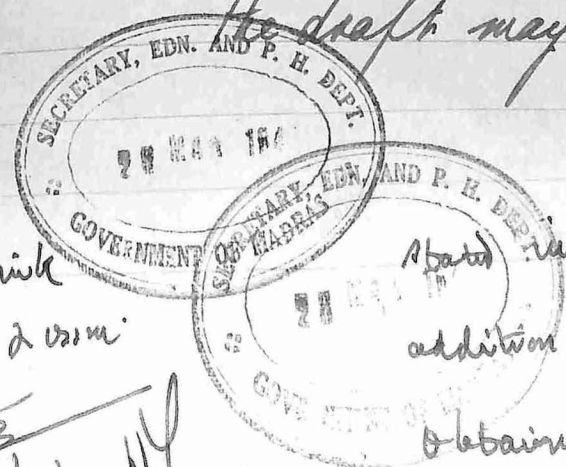

with G.O. 19.15 Ed, d/ 9.12.41 to show that the ban was meant to apply to "special schools" controlled by other dep'ts. It would appear to be proper to exempt the ban as applying to "special schools" for boys controlled by Ed & Dep't but not by other dep'ts.

May be circulated for cross reference the G.O. (2) should be deemed to apply to (1) orphanages (2) to schools & colleges for boys controlled by other dep'ts. In either case Finance has no objection to a building grant in this particular case. (H.E. also by sec. to Govt. 27/3/45)

This seems the correct interpretation construction of T. 17/3/45. A2. A1. H.E.

psd P.L. has agreed on the presumption that Statutes' intention is to rule that the orders in G.O. 19.15 Edn 8.12.41. do not apply (a) to orphanages or (b) to special schools controlled by departments other than the Education Deptt. If this is so, the draft may be amplified as in pencil.

pl: ink over 2000. 28/3/45. 27/3/45. The intention appears to be as stated in p.s. G.O.'s note above. The pencil addition to draft will be inked over after obtaining Advocates' confirmation. 26.3.45. 27/3/45. A2. A1.
