R.C.No.202 D/42 dated 11th November 1944.
Sub: Grant - Playground - St. Joseph's High School,
Chingleput - Levelling.

54174

The management of the St. Joseph's High School, Chingleput, have applied for aid towards the cost of preparing the playground of the school. The land alienated by Government has been levelled and improved for use as playground for the school. It is proposed to aid the institution for the above scheme.

According to rule 52(i) of the Grant-in-Aid Code, works commenced before obtaining the special permission of the Director will not be eligible for grant. The correspondent reports that for the following two reasons, the scheme was completed even before it could be placed on the approval list:-

- One of the conditions for the grant of permanent recognition was that adequate provision should be made for a playground so that the school may have five acres in all.
- The extreme difficulty in getting the services of an Engineer to prepare the estimate, etc.

I request Government to condone the irregularity committed by the management in having completed the scheme and to permit the scheme to be placed on the approved list for purposes of grant.

does not convey any guarantee of ^{Govt.} grant.
It will render the work eligible for a grant
of one-half of the cost not exceeding Rs 379
(Rupees three hundred and seventy nine only)
under the provisions of the Grant-in-aid Code
if and when funds become available.

for purposes of Govt. grant and a half-grant is given
acc. to rule 52 of ^{the} Grant-in-aid Code. Vide also
note at p. 6 of S.O. 1093 D.O. 16.8.43. The two
reasons advanced for the management not having
secured D. P. 9's previous permission to start work on
the land are not particularly cogent. The Consulting
Architect is however said to have approved the
estimate for Rs 758 for purposes of grant. The
Govt. may consider amission to obtain previous permission.
