R.C.No.497-A/43 dated 4th September 1944.

SIR,

Viscountess Goschen Secondary and Training School for
Muhammadan women, Trichinopoly--Opening of a secondary
Grade Training Class.

44143

In connection with part II of the Budget Estimate for 1945-46
I have the honour to submit for the favourable consideration of
the Government the following proposal for the opening of a secondary
Grade Training Class in the Viscountess Goschen Secondary and
Training School for Muhammadan women, Trichinopoly.

2. The school is a high school with Forms I to VI and has an
Elementary Grade Training section and a Model Elementary school
with Standards I to V. As there were only a very few applicants for
Elementary Training in 1943-44 admissions were not made in that year
for Elementary Grade Training. This year only one candidate applied
for admission to the Elementary Grade Training Class. The Elementary
Training Section has therefore been held in abeyance from this year.
The Inspectress reports that the number of Higher Elementary Trained
Muslim women teachers at present is more than necessary and that the
number of Urdu knowing Secondary Grade trained Muslim women is too
small to meet the demands of the schools in the circle. On account
of the dearth of Secondary Grade trained Muslim women teachers,

(P.T.O.)

: 2 :

most of the Secondary Grade Assistants' posts in the school are now held by non-muslim women teachers. There is now only one Secondary Grade Training class for Muslim women in the whole presidency viz. the Government Hobart Secondary and Training School for Muhammadan women at Royapettah. This is too far away for candidates from the mufassal. The Inspectress, therefore, requests that permission may be granted to open a Secondary Grade training section from June 1945 in the school at Trichinopoly. I support the proposal of the Inspectress. Admissions to the class may be made in alternate years. There are now 10 pupils in VI Form of the school. The Inspectress expects a strength of 10 for the proposed secondary grade Training class next year. There is no immediate need for the revival of the Higher Elementary Training Class in the school. Till the revival of the Higher Elementary Training class, the post of L.T. Assistant held in abeyance consequent on the temporary suspension of admissions for the Higher Elementary Training, may be utilised for the proposed Secondary Grade Training class. The Inspectress reports that there is sufficient accommodation and that no extra expenditure is necessary on equipment. The expenditure on stipends during 1945-46 and 1946-47 will be Rs. 1,000/- and Rs. 1,500/- respectively. In the circumstances explained above, I request that the Government may be pleased to sanction the opening of a Secondary Grade Training class from June 1945 on a temporary basis.

3. I am including the necessary provision in Part II of the Budget Estimate for 1945-46.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

The Director of Public Instruction has proposed the opening of a secondary grade training class in the Viscountess Goschen Secondary and Training School for Muhammadan Women, Trichinopoly, on a temporary basis. In support of the proposal, the Director states as follows:—

"The Inspectress reports . . . that the number of Urdu-knowing secondary grade trained Muslim women is too small to meet the demands of the schools in

the circle. On account of the death of secondary grade trained Muslim women teachers, most of the secondary grade assistant's posts in the school are now held by non-Muslim women teachers. There is now only one secondary grade training class for Muslim women in the whole Presidency, viz., the Government Hobart Secondary and Training School for Muhammadan Women at Royapettah. This is too far away for candidates from the mufassal. The Inspectress, therefore, requests that permission may be granted to open a secondary grade training section from June 1945 in the school at Trichinopoly. I support the proposal of the Inspectress."

The Director states that ^{ten} pupils are expected to join the secondary grade training class if it is opened in 1945-6. Admissions are to be made in alternate years. It is reported that there is sufficient accommodation in the existing building and that no extra expenditure is necessary on equipment. The opening of the class will necessitate the employment of an additional L.T. Assistant.

2. There is need for secondary grade trained Muslim women teachers. This department accepts the Director's proposal subject to the condition that the training section should not be opened unless at least six students actually offered to undergo training next year, and recommends that provision may be made for the scheme in the budget for 1945-6.

The Viscountess Gochens Secondary and Training School for Muhammadan Women Trichinopoly is a high school with Forms I to VI and has an elementary grade training section and a model elementary school with Standards I to II. The training section has been held in abeyance for 1943-4

and 1944-5 for want of sufficient number of candidates applying for admissions. For the reasons stated by him in his letter read above, the S.P.S. requests permission for the opening of a secondary grade training section in the school from June 1945 on a temporary basis and admission of students in every alternate years. He states that the extra expenditure to be met will be Rs 1000/- during 1945-46 and Rs 1500/- during 1946-47. By way of stipends to the students, he asks for any other expenditure.

The amount of stipends has paid to secondary grade women Muhammadan students is only Rs 8/- It is proposed to raise it to Rs 12/- per annum. ~~which is~~

The D.P.S. has calculated the expenditure on the basis of request of stipend at Rs 12/- p.m.

(T.M. to the D.P.I., dated 16-9-1944.)
C.No.46775. T.M. from the D.P.I., dated 25-9-1944.

The Secondary School for Muslim Girls at Trichinopoly has developed into a High School with the opening of the VI Form in the current year. The D.P.I. says that there are 10 students in the VI Form. If facilities for Secondary Grade training are provided at the place, a good number, if not all, of the 10 will probably seek admission for training. The proposal may be accepted on the understanding that the training section should not be opened unless there was a prospect of at least six students ^{actually offered to undergo} training next year.

29.9.44 S/ Finance ^{30/10/44} Jm. Dp 30/9

The D.P.I. states that the extra expenditure on account of the opening of a Secondary Grade Training class in the Viscontes Gocher Secondary and Training school for Muhammadan Women, Trichinopoly from June 1945 will be Rs 1000 in 1945-46 and Rs 1,500 in 1946-47. He proposes that till the revival of the Higher Elementary Training class, the post of H.T. Asst. held in abeyance consequent on the temporary suspension of admissions for the Higher Ely. Trg, may be utilised for the proposed Secondary Grade Training class. As the H.T. post is to be utilised for another purpose, and as the Higher Elementary Trg. class may be revived at a future date, it seems necessary that a separate post of H.T. Assistant should be sanctioned. The full financial effect of the proposal is as follows.

Sir,
Sub: Viscountess Goschen Secondary and Training School for Muhammadan Women, Trichinopoly - opening of Secondary Grade Training Class.
Ref: G.O.No.Ms. 581, Education, dated 16-4-1945.

In the above G.O. it was stated that the Secondary Grade Training Class should not be opened in the Viscountess Goschen Secondary and Training School for Muhammadan Women at Trichinopoly unless at least six students actually offer to undergo training. The Inspectress reports that there are five qualified applicants and she has opened the class with the five students. A strength of five need not be considered low for a Secondary Grade Training class for Muslim Women. Further all the applicants are fully qualified. I request that the Government may be pleased to approve the action of the Inspectress. I have instructed the Inspectress to continue the class.
