R.C. No. 1097 A/44

Station Madras .., Dated the 27th September 1944.

From (Name) Sir R.M. Statham, M.A., C.I.E., I.E.S.,

(Designation) Director of Public Instruction, Madras.

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to request that the Government may be pleased to sanction the following proposals for additional staff in the Government Muhammadan College, Madras, with effect from the academic year 1945-46:-

- i) Employment of one additional demonstrator for each of the Physics and Chemistry Departments.
- ii) Employment of a Peon for each of the Physics and Chemistry Departments.
- iii) Employment of a Part-time Telugu Pandit.
School Department (Madras-i-Azam).
- iv) Employment of an additional Urdu Munshi in the scale of Rs.35 - 45.
- v) Employment of a Part-time Sunni Religious Instructor and
- vi) Employment of a Physical Training instructor.

2. (i) Employment of an additional Demonstrator for each of the Physics and Chemistry Departments:- Consequent on the opening of the Natural Science Section, strength in Physics and Chemistry groups has increased to about 120 students in

22.6.78 Edm
(H) 25.44

in the Department

in each class. Due to lack of accommodation, each of the Junior and Senior Intermediate classes have been divided into two sections for lectures and three batches for practical work. The present staff in Physics and Chemistry departments consists of the following members:-

1 Assistant Lecturer, 1 Demonstrator and 1 Attender for each department.

Consequent on the bifurcation of the classes for lectures, the work of the Assistant Lecturers have become doubled. For want of sufficient space in the laboratory to accommodate at the same time all the 40 students forming a batch; practical classes have to be conducted in three different places besides the laboratories. The gosha-girl students do their practical work in a separate room. The Assistant Lecturer has to be frequently present in the room to supervise and instruct these girl students. The single Demonstrator cannot satisfactorily supervise the practical work of the rest of the students in three different places, simultaneously. With the prospect of more women-students being admitted into the college next year onwards, there will be need for a member of the staff to supervise their work exclusively. There is real need for another Demonstrator in each of the Physics and Chemistry departments so that the practical work of the students may receive efficient guidance and supervision. At present, each of the two Assistant Lecturers has 20 hours work per week and has also to correct a large number of Laboratory Note-books. The appointment of an additional Demonstrator will relieve the Assistant Lecturers of the correction work to some extent. I, therefore, request that two additional Demonstrators, one for Physics and another for Chemistry may kindly be sanctioned from the academic year 1945-46.

ii) Employment of a Peon for each of the Physics and Chemistry Departments:- There is only one Attender at present for each of the Physics and Chemistry departments. As detailed above, the increase in strength has resulted in enormous work for the only Attender in the laboratory. For 40 students working in the laboratory everyday, the apparatus to the individual students have to be set up, the requirements of the students doing practical work in different rooms have to be attended to, and the apparatus have to be cleaned and replaced in their proper places after the day's work is over. In addition to the above, the Attender has to assist the Assistant Lecturer in setting up the demonstration experiments, and has to look to petty repairs of the apparatus, etc. These duties can hardly be managed by a single Attender without assistance. I therefore, request that the Government may be pleased to sanction two laboratory peons - one for each of the Physics and Chemistry departments.

iii) Employment of a part-time Telugu Pandit:- The Government Muhammadan College is already affiliated in Malayalam and Tamil and thus the Muslims of Tamil and Malayalam areas of the Province have facilities for admitting their wards into the college. For want of similar facilities in Telugu, several applicants from Telugu areas could not be admitted into the college. I request that sanction may be accorded for the employment of a part-time Telugu Pandit in the college on Rs.45/- per mensem so that the institution which is intended for the Muslims of the Province as a whole may cater uniformly to the needs of the Muslims of the several linguistic areas in the Province. Subject to approval by Government, I will forward to the University the necessary application for affiliation in Telugu.

iv) Employment of an additional Urdu Munshi for the Government Madrasa-i-Azam:- The Government Madrasa-i-Azam has 19 sections from class IV to form VI. With the addition of a third section in Form V from next school-year, the number of sections will be 20. There are at present two Urdu Munshis in the school. The number of periods of Urdu work is 70 per week. Each of the existing Urdu Munshis have been assigned 24 periods of work each per week. The remaining 22 periods of work are reported to be managed by other teachers or the classes are combined. This arrangement is unsatisfactory. The number of pupils studying Urdu in each class is very large. There is a clear need for a third Urdu Munshi. I, therefore, request that an additional Urdu Munshi on the scale of Rs.35 - 4/2 - 43 - 2/2 - 45 may kindly be sanctioned with effect from the school year 1945-46.

v) Employment of a Part-time Religious Instructor:- There are as many as 614 pupils in the school who belong to the "Sunni" sect. There are two full-time Religious Instructors in the school for imparting instruction in 'Sunni' theology. Each of them has 24 periods of religious instruction of work per week. But the total number of periods of Religious Instruction is 50 for the whole school. For want of a qualified hand it is reported that some classes are assigned only two periods of religious instruction per week. There is need to impart religious instruction to the students of the Training section also, who go without such instruction now for want of a qualified instructor. As the work will increase by three more periods from next year owing to the opening of a third section in Form V, there is sufficient justification for the employment of an additional hand for imparting instruction in Sunni Theology. I have the honour to request you therefore to obtain the sanction of Government for the employment of a Part-time Sunni Religious Instructor from the school year 1945-46.

vi) Employment of an additional Physical Training Instructor:- The Government Madrasa-i-Azam has at present 699 students on its rolls. As a general rule, there should be one Physical Training Instructor for every 200 or 250 pupils in order to ensure satisfactory conduct of Physical Training classes and efficient organization, development and supervision of physical education activities. There are two Physical Training Instructors for the school. The Physical training classes have to be conducted at present by combining two sections of a class. As the sections themselves are large, combining them becomes too unweildy. With the growing strength of the school, the Physical Education work will further increase. The Principal states that the strength of the school will go beyond 800 next year. It is essential that even for the present strength a third Physical Training Instructor should be appointed. I submit that a third Physical Training Instructor from 1945-46 is necessary.

3. The financial effect of the above proposals is submitted below:-

Order (Edu) 616 dated 23.4.1945

The Govt. approve the proposal of the D. P. I. that provision should be made for teaching Telugu under Part II of the intermediate and B.A. degree courses of study in the Govt Muhammadan College, Madras, from only 1945. They sanction the employment of a part-time Telugu Pandit on Rs 45/- p.m. for a period of two years. They also sanction the incurring of an expenditure of Rs 400/- in the current year on the purchase of books and periodicals required in this connection. Sanction to the employment of the part-time Telugu Pandit should be employed for a period of two years in his first instance only if there are sufficient number of new admissions in the college are made.

2. Sanction is also accorded to the employment temporarily for a period of two years of the following addl staff in the college.

Employment of additional staff

no 42097 - From the DPJ RC. no 1097 A/443 27.9.44

The proposals of the DPJ for the employment
of certain additional staff in the Govt Muhammatan
College and Madrasa-1- Azam. Madras, with effect from
the next academic year (1945-46) are examined below.

(1) Physics + chemistry departments in the College.

The present staff in Physics + Chemistry departments
consists of one assistant lecturer and one demonstrator and
one attendant for vegetable department. The number of
students taking in Physics + chemistry in the intermediate
classes has been gradually increasing. The number of
students taking these subjects in 1943-44 was 136 as
against 53 in 1938-39. ^{Due to} the opening
of the ~~Madras~~ Science section in the strength in
Physics + chemistry groups has increased to 240.
Consequently, the junior + senior intermediate classes
have been divided into two sections for lectures and
three batches for practical work. The DPJ considers
that the employment of an additional demonstrator +
a peon for each of the Physics + chemistry departments
is necessary to cope with the increase of work. In
the circumstances explained, the necessity for the
additional staff may be accepted. The extra cost of
about Rs 2,200 on account of the employment
of the additional staff would be set off partly by
the increase in the fee income consequent on the
increase in the strength which has been more than
anticipated in the first year.

(2) Employment of a Part-time Telugu Pandit

Among South Indian languages,
the College is now affiliated in Tamil + Malayalam only.
Consequently applicants from Telugu areas could not learn.
The DPJ has applied separately for sanction for the

employment of a part-time Telugu Pandit in the current year to provide instruction for the four muslim candidates with Telugu as second language admitted in the current year. He has been asked to report whether the students can be transferred to the Presidency College. He has now proposed to apply to the University for affiliation in Telugu and has requested sanction for the employment of a part-time Telugu Pandit from the next academic year. This question may be considered ^{now prospectively} ~~separately~~ on receipt of D.P.I.'s reply to the reference referred to above. ~~This need not be included in the Part II proposals.~~

(3) Nadrasa-i-Azam - Para 2 (iv) (v) and (vi)

The Director has explained fully the reasons for the employment of an Addl. Urdu Munshi, a Part-time Sunni Religious Instructor and a Physical Training Instructor in the Nadrasa-i-Azam, from the school year 1945-46. His proposals may be accepted.

Additional staff for Govt. Muhammadan College.

The D.P.I. proposes the employment in the Govt. Muhammadan College, Madras the following additional staff ~~for~~ from the academic year 1945-6

- (1)(a) Employment of an additional demonstrator for each of the Physics and Chemistry Departments.
- (b) Employment of a peon for each of the Physics and Chemistry Department.

(2) Employment of a part-time Telugu Pandit

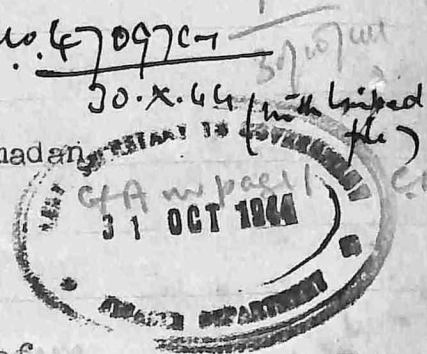

(3) School Dept. Employment of an additional Urdu Munshi in the scale of Rs 35-40

(4) Employment of a part-time Sunni religious Instructor

(5) Employment of a physical Training Instructor

E and P.H Dept. support the proposal of the D.P.I. of B. in page 1 and 2 and C. in page 2 and 3.

The financial effect of the proposal of the D.P.I is shown below

Item of expenditure	ultimate cost		Cost in 1945-6	
	Recurr- ing for 12 months	Non-re- curring	Recurr- ing for 8 months	Non-re- curring
2 Demonstrators on (40-65) Presy. allowance 6 A.P. 65	1,476	-	744	-

Telugu books for Library.	400	-	400	-
Dearness allowance.	864	528	500	500
(Roundly)	4,900	2,800		

The following remarks seem called for.

Item 2 on p.1 above. Telugu Pandit. At present there are two students in the Junior Intermediate class and two students in the Junior B.A class who have offered Telugu as second language. E and P.H have now asked the D.P.I. whether these four students can be transferred to the Presidency College without much inconvenience to them. Pending receipt of the D.P.I's reply no remarks seem called for.

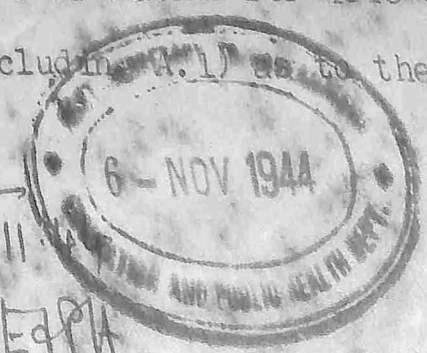

Item 5 on page 1 above. The present strength of the School Dept. is 699. The school has already got two Physical Training Instructors. On the basis of 1 Physical Instructor for every 250 pupils, the school is eligible for 2 Physical Instructors ^{reflecting} ~~(on the basis of)~~ the fractions over 500. But the D.P.I. estimates that the ~~present~~ strength is likely to go up to 800. Finance need not object to the employment of an additional demonstrator provided the strength remains beyond 750.

Subject to the above remarks, this Department may agree to the proposal going forward as a Part II scheme for 1945-6. ^{however} Orders may be taken in circulation (including A.I.) as to the essentiality of the scheme.

The Director of Public Instruction has made the following proposals for extra
staff in the Government Muhammadan College and its School department.

COLLEGE DEPARTMENT.

A Demonstrator and a peon for each of the Physics and Chemistry Departments.—
Until recently the College was providing, among others, the following combinations
of subjects under Part III of the Intermediate course:—

- Mathematics, Physics and Chemistry.
- Physics, Chemistry and Logic or Urdu.

In the current year the Government sanctioned the opening of classes in Natural Science also so that a third group of Science subjects (Physics, Chemistry and Natural Science) is also now available. The introduction of this group has considerably raised the strength of the Intermediate classes in Physics and Chemistry and each class is now 120 strong. The classes are split up into two divisions for lectures and into three for practical laboratory work. Girl students, some of them gosha, are also being admitted from this year. The present staff of one Assistant Lecturer, one Demonstrator and one attender for each of the two subjects is inadequate for work under the altered conditions. The Director therefore proposes the addition of one extra Demonstrator and a peon for each of the two subjects.

A part-time Telugu Pandit.—The Muhammadan College is the only one of its kind for the whole Province and its students are drawn from all the linguistic areas. There is now provision for teaching Tamil and Malayalam among Dravidian languages. Applicants from Telugu areas have had to be refused admission for want of provision for teaching Telugu. It is proposed to affiliate the college to the university in Telugu courses also and to employ a part-time Telugu Pandit on Rs. 45. A similar arrangement was at first sanctioned for Malayalam six years ago. The part-time Malayalam Pandit has now been made permanent.

SCHOOL DEPARTMENT.

An extra Urdu Munshi.—There are now two Urdu Munshis. Most classes work in two sections and a few in three sections also. The time-table provides for 70 periods of work a week. The two Urdu Munshis together are able to take only 48 periods of work and the remaining work is arranged for by other teachers or by combining classes. The arrangement is unsatisfactory. The proposal is to employ a third Munshi.

An extra Religious Instructor.—About 600 pupils require religious instruction. The time-table provides for 50 periods of work a week. The two full-time Instructors now on the staff are insufficient for the purpose. It is proposed to employ an additional Instructor (part-time).

An extra Physical Training Instructor.—The strength of the School is about 800. An Instructor for every 200 or 250 pupils is the general aim. There are now only two Instructors. The proposal is to employ a third Instructor.

2. The pay proposed in all cases is on the usual lines. This Department recommends the proposals in their entirety and the making of provision in the next year's budget as indicated in the summary at the top.

M. V. SUBRAMANIAN—4-12-44.

The scheme has been approved and necessary provision has been included in the budget. The additional posts may be sanctioned for a period of two years in the first instance. A draft order is subd.
