The provision under Part II proposed for next year viz Rs. 80,900 exceeds that made in the past 5 years.

3. The following proposals call for the following remarks:-

(1) Non-Government Arts - Colleges - Teaching grant. Rs 5,000

The Director of Public Instruction proposes that Rs 5,000 may be provided as a token grant for payment to Mrs. A.V.N. College, Vizagapatam, in connection with the opening of B.A. courses. Edn. & P.H. say that Government have no information when the B.A. courses were opened, as the recognition of the College vests with the Andhra University. A grant need be paid if the institution is working at a loss. All colleges are working full strength. The need for a grant from Government has not been made out. Finance may advise against the proposal.

(ii) Non-Government Secondary Schools - Teaching grant. Rs 39,800

The details of the provision are given at pp.3-5 C.F. The amount includes Rs 3172 on account of scholarship schemes. Edn. & P.H. may be requested to explain the reasons for the increased demand ^{and whether} it is due to the management of non-Government Secondary schools paying dearness allowance to their employees.

(iii) Non-Government Special schools - Teaching grant. Rs 6,100

The teaching grant is intended for the institutions mentioned at p.11 C.F. Omitting ~~the~~ Cordite Factory School, Arvankadu, which has been dealt with separately, the teaching grant required will be Rs 6,100.

(iv) Stipendiary: Rs 18,000.

Grant towards the payment of stipends has been recommended in respect of the institutions mentioned at p.13 C.F. Provision is made therein for the payment of a grant of Rs 3,600 to the Y.M.C.A. College of Physical Education, Saidapet. A proposal is separately under consideration in Edn. & P.H. ~~to~~ to include the necessary provision in Part II of the estimate. If this is sanctioned, the provision of Rs 3600/- will have to be cut out from the Part II ~~estimates~~ estimates.

(v) Non-Government Primary Schools - Boarding grants. Rs 12,000.

This is intended for 14 Boarding Homes and Orphanages (9 for boys and 5 for girls) to be newly admitted to aid. Please see details at p.7 C.F.

~~The provision under Part II is proposed for next year, made~~
~~Rs 12,000 exceeds that made in the past 5 years.~~

4. The grants proposed in items (ii) and (iii) and (v) are in accordance with the Grant-in-aid Code. But it is open to the Government to limit expenditure ~~on~~ on these grants to the extent funds are available.

Subject to the remarks at X on p.3 above and orders being obtained as to whether the scheme may be regarded as essential, Finance may agree to the proposal going forward as a Part II Scheme for 1945-6.

The large increase in the demand for next year occurs under (1) Teaching grants - Secondary Schools - Rs 39,800 - p.3 C.F. & (2) Stipendiary Grants - Rs 18,000 - p.13 C.F.

A number of small institutions are proposed to be admitted to aid, the amount ranging from Rs 300 to Rs 500 in some cases. It is a matter for consideration whether it is really necessary to admit such institutions to aid since the net cost is small and the management will get some grant from the Govt for meeting the cost of dearness paid to their teachers. The provision of Rs 10000 for Stipendiary Grants may also be omitted as it cannot be essential.

And subject to the remarks below.

54048

EPH. 12.11.44

Para 3(i) and(ii) of the Finance Dept. note on pages 3 and 4 and the note at the bottom on page 4 ante. The policy of

Govt. is to rely mainly on aided agencies for the expansion of education. The provision under 'Teaching grants' represents ~~not~~ ordinarily one half of the net cost of the institution concerned. In the case of colleges and secondary schools, the teaching grants include also compensation payable to the management concerned for the loss of fee income on account of the grant of fee concessions to scheduled and backward class students under rule 92 of the Madras Educational Rules. In addition, grants are also paid to secondary schools towards one half of the cost of scholarships awarded in accordance with schemes approved by the Director under rule 32 of the Grant-in-aid Code.

Theoretically it is correct to say that it is open to Govt. to limit the expenditure on these grants to the extent funds are available. But in practice, all grant liabilities on account of

In particular, regarding Stipendiary Grants recognition granted to new institutions ~~admitted~~ by universities in the case of colleges and the D.P.I in the case of secondary and special schools, are accepted as Part II schemes.

2. The alterations suggested in para 3(iii) and (iv) on the previous page may be accepted.

3. The file may be circulated to A2 and A1 for orders whether the proposals may go forward as Part II items for the next year.

There is nothing unusual about these grants; the size naturally varies with the no. of schools involved and we are now heading a period of educational expansion.

Secretary desired that the point about stipendiary grants should be a bit elaborated.

The training of teachers is carried on both by training schools maintained by Government and by training schools

maintained by private agencies. The stipends to the candidates under training in the former are paid direct by the Department. The current rates are Rs.8 for Higher Elementary training and Rs.12 for Secondary Grade training. Stipends at these rates are given also to teachers undergoing training in schools under private management but are disbursed through the management, and the amount spent on the purpose is what is called 'stipendiary grants'. There are 57 training schools under private management (23 for Masters and 34 for Mistresses). The Director's Part I Estimate for next year in respect of stipendiary grants to the 57 schools is Rs.3.58 lakhs. The Part II provision of Rs.14,400 is in respect of four training schools, which the Director has newly recognized. Every candidate enrolled for training is paid the stipend. Assuming that each of the four schools trains 40 students, the provision of Rs.14,400 at the rates mentioned above is not excessive.
