I have the honour to resubmit for the favourable consideration of the Government the proposal for the employment of an additional Physical Training Instructor in the Government Training School for Masters, Malappuram, which was deferred by the Government in their order Nos. 1797 Edn., dated 15.12.1942 and 1405 Edn., dated 19.10.43.

I have already explained fully the need for the above proposal in my letters R.C.No. 448-A/42 dated 30.9.42 and 499-A/43 dated 18.8.1943. The strength of the school and the volume of work justify the employment of a third Physical Training Instructor in the school. The existing two Physical Training Instructors are not able to cope with the work. I request that the Government may be pleased to sanction the proposal with effect from the school year 1945-46.

2. The cost of the proposal will be Rs. 360/- in 1945-46 and Rs. 630/- ultimately.

Rs. 30 plus 10 x 9.

3. I am including the necessary provision in Part II of the Budget Estimate for 1945-46.

Re. No. 500 A/43 dated 28-8-1944.

Sub: Government Secondary and Training Schools for Women,
Coimbatore and Vellore - Employment of additional
Physical Training Instructresses - Proposal renewed.

In connection with Part II of the Budget Estimate for 1945-46, I have the honour to resubmit for the favourable consideration of the Government the proposal for the employment of an additional Physical Training Instructress in each of the Government Secondary and Training Schools for Women, at Coimbatore and Vellore.

2. I submitted the above proposal to Government so far twice in my letters Re. No. 63 A/42 dated 28-9-42 and Re. No. 500A/43 dated 31-8-43, stating clearly the need for additional Physical Training Instructresses in the schools. But the Government in their orders Nos. 1797 Bdn., dated 15-12-42 and 1405 Education dated 19-10-43 declined to approve it. On re-examining the position this year I find that the need for additional instructresses in the above schools, is urgent. The two schools are very big institutions comprising of numerous sections. The strength of the schools at Coimbatore and Vellore is 897 and 751 respectively and it is beyond the capacity of the existing two instructresses in the school at Coimbatore and the single instructress in the School at Vellore to organize and conduct the classes satisfactorily. Unlike in the case of men instructors, I consider that in such big institutions assistance to women Instructresses is quite essential. If the proposal should lie over for the duration of the War, I feel that the Physical Training of the Girls in the above schools is likely to become unsatisfactory. I am now resubmitting the proposal in view of the urgent need and I request that the Government may be pleased to sanction the employment of a third Physical Training Instructress in the School at Coimbatore and a second Instructress in the School at Vellore.

3. The cost of the proposal will be Rs. 640/- in 45-46 (30 plus 10 x 8 x 2 = 640) and Rs. 1300 ultimately (Average pay of two posts 42 2/9 plus 10 x 2 x 12 = 1253).

4. I am including the necessary provision in the Part II of the Budget Estimate for 1945-46.

BUDGET ESTIMATE FOR 1945--46 - Submission of - Instructions -
Issued:

READ - the following:

G.O. No. 361, Finance, dated the 10th July 1944.

THE attention of the undermentioned officers is invited to Proceedings RC.No. 751-A/41 dated 18th August 1941 and they are requested to submit their Budget Estimates of "RECEIPTS" including "DEDUCT REFUNDS" (XIVI. Education) and of "EXPENDITURE" (37.Education) for 1945--46 in Educational Form No.B.172 so as to reach this office by 5th September 1944 and 5th October 1944 respectively at the latest.

2. The estimates should be prepared with reference to the detailed instructions issued in Proceedings RC.No.175-A/36, dated 17th August 1956.

3. The expenditure in connection with the pay and dearness allowance to the Personal Assistants to the District Educational Officers and the A.R.P. Subsidiary Schemes and other allied defence measures should not be included under "37.Education". Separate statements should be submitted in these cases.

4. Under dearness allowance only two different detailed account heads i.e. (1) Dearness allowance" under pay of establishments and (2) "Dearness Allowance to Monials" such as night-watchmen, sweepers, gardeners etc., should be furnished.

5. It is observed in some cases that the estimates received by District Educational Officers and Inspectresses from the Deputy Inspectors and the Sub-Assistant Inspectresses are simply copied and submitted to the Director without consolidating them under each of the detailed account heads. As this causes much inconvenience and waste of time in this office, the District Educational Officers and the Inspectresses are requested to see that a single total is invariably furnished for each district under each of the detailed account heads and that in the order communicated in Proceedings PG. No. 361-A/44 dated 9th May 1944, 15th May 1944 and 17th May 1944 to the Inspectresses of Girls Schools and to the District Educational Officers in Proceedings dated 4th May 1944 and 11th May 1944. Renewed.

The proposal for the employment of an additional Physical Training Instructresses in each of the Government Secondary and Training schools for women, Cannanore and Mangalore which I submitted to Government so far twice in my letters C.No. 487 A/42, dated 30th September 1942 and R.C.No. 501 A/43, dated 20th August 1943 was deferred by the Government in their orders Nos. 1797 Education, dated 15-12-1942 and 1405 Edn., dated 19th October 1943. In my above letters I clearly explained the need for the proposal. On re-examining the position this year I find that assistance to the single Physical Training Instructress in each of these two big institutions is essential and urgent. The strength of the two schools is given below:

Cannanore	779

If the proposal has to be deferred for the duration of the war I feel the Physical Training of the girls in the schools will suffer much. I am therefore resubmitting the proposal in connection with

with Part II of the Budget Estimate for 1945-46. I request that the Government may be pleased to consider the proposal favourably.

Sub: Grant of stipends to candidates from aided Secondary Schools undergoing physical training in the Y.M.C.A. College of Physical Education, Saidapet.

47432

I have the honour to submit herewith for the favourable consideration of Government, a proposal for the grant of stipends to candidates deputed for training in the Y.M.C.A. College of Physical Education at Saidapet by the managements of the aided Secondary Schools of this Province, with effect from the year 1945-46 onwards.

2. The managements of schools in this Presidency are not able to obtain the services of qualified candidates as Physical Training Instructors for their institutions, since very few are willing to undergo the training. A circular has therefore now been issued by me to the managements of schools authorising them to select candidates not necessarily from the staffs of their institutions but even from outside and to depute them for the physical Training Course. With a view to enabling these candidates at least to meet partly the hostel charges while under training, it is but meet that they are paid a monthly stipend of Rs. 12/- per mensem, which is the rate now obtaining in respect of the women candidates admitted for training in the Physical Training Class for Women, Saidapet. As in the Physical Training Class for Women, Saidapet, the number of stipends may be fixed at 30 for the present, the stipend of Rs. 12/- being restricted

P.T.O.

restricted for payment to such of the candidates as are undergoing physical training for the diploma and higher grade certificate courses only. It is quite unlikely especially in view of the present abnormal rise in prices of foodstuffs etc. that candidates will of their own accord come forward for undergoing Physical Training unless a stipend is granted.

3. The cost of the proposal for 1945-46 will be Rs. 30 x 10 x 12 or Rs. 3,600/- per mensem and it will be same in subsequent years as in 1945-46. I am including the necessary provision in this regard in Part II of my estimates for 1945-46.

NOTE BY THE ADMINISTRATIVE DEPARTMENT.

In 1927-28, Domestic Science was included as an optional subject in the L.T. Degree course in the Lady Willingdon Training College, Madras. In 1929 the need for the employment of a full-time lecturer in Domestic Science in the College was brought to the notice of Government. But no separate lecturer was appointed. Arrangements were however made under which Miss Park, Lecturer in Domestic Economy for European Schools, was asked, as a temporary measure, to give instruction in the subject to the L.T. students in the college on the payment to her of a special pay of Rs. 35 a month for the additional work. This temporary arrangement was continued from year to year until the end of the academic year 1933-34. Since that date the course has been temporarily suspended. (The special pay granted to Miss Park was abolished with effect from 1st April 1932 on the recommendation of the Retrenchment Committee.)

2. In the meanwhile, in November 1932 the Director of Public Instruction proposed that a full-time lecturer in 'Domestic Science' should be appointed. He also suggested that, as it was not likely that any one with the requisite qualifications would be available in India, an officer of the Educational department might be selected to undergo a course of training in Domestic Science in England. Owing to financial stringency, the proposal could not be accepted. The Director was however asked to bring forward the proposal as a Part II Scheme for 1934-35. The Director accordingly revived his proposal, but it was again postponed owing to financial stringency and the part-time arrangement was continued.

3. In 1936, the Director of Public Instruction again examined the question of making adequate arrangements for the teaching of Domestic Science in the College and in June 1936, he made the following report:—

"I feel that it is undesirable in the interests of efficient work to combine the work of the Lady Willingdon Training College with that of the European Special Subjects Centre. It is not possible for the lecturer without undue strain, to discharge the duties of both institutions satisfactorily and I think that the Lecturer in Domestic Economy should confine her activities to the post for which she was recruited, and not make an attempt at doing two jobs, normally requiring the services of two persons. The need for a full-time lecturer in this subject for the Lady Willingdon Training College has been fully represented to Government. It is needless to emphasize that Domestic Science is a very important subject for girls, and that it is

The proposal for the appointment of an additional
 Physical Training Instructor in the Govt. High School for Masters,
 Palappuram was brought forward as a Part II Scheme for
 1943-44 and 1944-45, but it was deferred. The reason why
 it was deferred last year was that it did not satisfy the
 criterion of essentiality. The existing staff for physical education
 in the school is 2 instructors. The strength of the school was
 827 in 1942 and 872 in 1943. The school will be eligible
 for a third instructor on the basis of the formula at '2' above;

but the point for consideration, whether the proposal
 can satisfy the criterion of essentiality this year or whether it
 did not satisfy last year. E.P.H. may, however, be
 circulated including A1.

Subject to the above remarks this Dept. may agree to the
 proposal being brought forward as a Part II Scheme for 1945-46.

Physical training instruction is compulsory in all Secondary and Training schools.
The general aim is to have a physical training instructor for every 200 or 250

pupils. Although this standard has not been universally applied in practice, some of the big Government schools badly require an additional instructor. The Director of Public Instruction has, therefore, put up proposals for the employment of an additional instructor or instructress, as the case may be, in the following institutions:—

	Strength.	Existing instructor or instructress.	Additional instructor or instructress proposed.
Government Secondary and Training School for Men, Malapuram	872	2	1

Government Secondary and Training School for Women, Mangalore	506	1	1

2. Candidates selected for training in the Physical training class for Women at Saidapet receive a stipend of Rs. 12 each a month. As the school managements experience considerable difficulty in obtaining qualified physical training instructors, the Director proposes to provide similar stipends also for men selected to undergo physical instructor's training in the Y.M.C.A. College, Saidapet. The number of stipends proposed is 30. These stipends will be available for instructors who will ultimately be absorbed mostly in schools under private management. The expenditure connected with the deputation of candidates by local bodies for their schools will be borne by the local body concerned; orders to that effect have issued separately.

3. It is proposed to accept the foregoing proposals and to make the requisite provision in the next year's budget, as noted in the summary at the top.

The D.P.I.'s proposals are for the appointment of a ^{Govt. Secondary and Training} physical training instructor in the school at Coimbatore and a second physical training instructor in each of the ^{Govt. Training} schools at Vellore, Cannanore and Mangalore. The D.P.I. had submitted

these proposals in connection with the budgets for the years 1942-1943 and 1943-44; but they were deferred for the duration of the war.

2. This year, the D.P.I. does not advance any fresh reason excepting that the strength of pupils has considerably increased in each of the schools. He adds that if the proposals should lie over for the duration of the war, the physical training in all the schools is likely to become unsatisfactory.

3. It is for consideration whether the D.P.I. may be told not to revive the proposals for the duration of the war.

The D.P.I. has renewed the proposals on the ground that on re-examination he has found that the assistance to the existing Physical Instructors is essential and urgent and that if the proposals are to be deferred for the duration of the war the physical training of the girls in the schools will suffer much.

The strength of the schools for the last 3 years is as follows:-

	1942-3	1943-4	1944-5.
Coimbatore	981	About 989	897
Vellore	670	" 700	751
Cannanore	688	723	779
Mangalore	539	521	506

E & P.H. support the proposals of the D.P.I. for the reasons stated on pp. 2-3 above. It may be mentioned that Govt. were aware of the facts mentioned at 'M' above and 'Z' on p. 3 above when the proposals were considered last year. The main ground on which the schemes were deferred for the duration of the war was that none of the schemes could satisfy the criterion of essentiality as defined in para (10) on p. 2 of G.O. 115 Fin. dated 5-7-43. If E & P.H. now consider that the schemes satisfy the criterion of essentiality this year they may take orders in circulation including A-1.

3. If Govt. consider that the schemes are essential and that they should be brought forward as Part II schemes for 1945-6 the following remarks are offered.

At 'A' on p. 10 of (B), the D.P.I. stated that in consultation with the Adviser to Govt. on Physical Education and the Woman Specialist in Education, he had issued a circular in November 1941 that as far as possible one Physical Training Instructress should be employed for every 250 pupils on the rolls in each Govt. Secondary and Training School. In para 11 on p. 7 of (A) he reiterated the above statement and also obje

to the abolition of the posts of Asst. Physical Training Instructors in the Board High Schools at Duggirala and Kellar as the total strength reported in them was 305 and 331 respectively. The question for consideration is, whether a ratio of one Instructress to 250 pupils should be agreed to. On this basis the schools referred to above will be eligible for the number of Instructresses as indicated below:-

	Existing strength	No. of existing Instructresses	No. of Instructresses admissible if the above basis is accepted.	Addl. Instructresses required.
(1) School at Coimbatore	897	2	3 or 4	1 or 2
(2) do. Vellore	751	1	3	2
(3) do. Cannanore	779	1	3	2
(4) do. Mangalore	506	1	2	1

The proposal of the D.P.I. for an addl. Instructress for each of the schools may be accepted, but the latter is likely to come up again for addl. Instructresses on the above basis not only for the schools referred to above, but for a number of other schools. It is for orders whether this department may suggest that the ratio may be 1 Instructress for every 300 pupils.

The D.P.I.'s proposal for an extra Instructress in each school may be accepted. Orders may be taken, as stated at 'A' on p 4 above.

Payment of stipends to candidates undergoing physical training

A stipend of Rs. 12/- p.m. is now being paid to the women candidates undergoing training in the physical training class for women at Saidapet. The number of stipends ^{provided} each year is 30. ^{for the reasons mentioned by him in paragraph} The D.P.S. proposes the payment of a similar stipend (Rs. 12 p.m.) to 30 men candidates, deputised for training in the J.N.C.A. College of Physical Education by the management of aided secondary schools. The proposal will cost Rs. 3,600 per year. In the circumstances stated by the D.P.S., this dept. may support the Director's proposal. The file may be sent to Fin. no. for remarks.

Not all of them are actually awarded.

Part II Scheme for 1945-6.

The proposal to allow a stipend of Rs 12 p.m. each to 30 men-candidates deputed to undergo physical training course in the Y.M.C.A. College of Physical Education at Saidapet will involve an extra ~~cost~~ cost of Rs 3600 per annum.

Stipends are ~~now~~ now being allowed to women candidates owing to the pressing need for Physical Training Instructresses in secondary and Training Schools and a ~~system of stipend~~ was were introduced in order to attract suitable women candidates. It is not clear whether ~~there~~ there is ^{a pressing necessity} justification for giving similar encouragement to men candidates. The D.P.I. says that qualified candidates are not forthcoming since very few are willing to undergo training. In order to attract suitable candidates, he recommends ~~for~~ the grant of a stipend of Rs 12/- p.m. to enable them ~~to~~ to meet partly the hostel charges while under training. Finance may ^{perhaps} agree to the proposal going forward as a Part II Scheme for 1945-6, subject to orders being obtained in ~~the~~ circulation including A-1 as to whether the scheme will be considered essential.

This is a new Commitment on behalf of

Managements of aided Secondary Schools. It cannot be said that the scheme is essential. At any rate it would seem sufficient if aid is given for a year or two for the present. If E.P.H. wish to process the scheme, they may be requested to obtain orders in Circulation including A-1.

\$ Shortage of candidates

is presumably due to remunerative war work being readily available for all & it is doubtful whether the stipends wd make much difference. Fin. would advise against it. If it is considered 'essential', it may be sanctioned only as a special war-time concession.
