SUBJECT: Elementary Education - District Board, Salem -
Prevocational Training - Board Higher Elementary
School, Valapadi - Conversion of a part-time
Instructor's post into a full-time one - Request
for additional subsidy.

The conversion of the post of part-time pre-
vocational instructor in the Board Higher Elementary School,
Valapadi, into that of a full-time one was sanctioned in this
office Dis.No.716/44, dated 2-3-1944. Since then, the President,
District Board, Salem, has been applying for additional subsidy
in respect of this converted full-time respect of this converted
full-time post. In this office R.C.No.3211-B/44, dated 11-9-44
the President, District Board, was informed that no additional
subsidy could be sanctioned for the purpose and that the addi-
tional ~~subsidy~~ cost, to the Board on account of this new full-
time post should be met from the annual lumpsum subsidy. The
President, District Board repeated his request for additional
subsidy (Vide his letter ROC.No.E-9-23861-43, dated 24-11-1944-
copy enclosed). His request was again refused in this office
R.C.No.4319-B/44, dated 20-12-44 on the ground that there was
no provision for the purpose in the current year's (1944-45)
budget. Now the President, District Board has once more re-
newed his request, and prays that his claim for additional
subsidy for the current year may be recommended to be paid
out of the next year's budget provision and that the claims for
future years permitted to be preferred by him each year. (Vide
his letter ROC.No.E.9-2971-45, dated 7-3-45 - Copy enclosed).
But no provision has been made for the purpose even in the
Budget Estimate for the next year (1945-46). The President,
District Board's claim is for an additional subsidy of Rs.70/-
per annum (enhancement from Rs.50/- to Rs.120/- per annum in
respect of the post in question.). This claim is reasonable
and may be granted. I, therefore, request that Government may
favourably view the case and provide necessary funds in the
Budget Estimate for 1945-46 to sanction the additional subsidy
requested by the President, District Board for the year 1944-45.
The additional subsidy of Rs.70/- per annum may in future years
i.e. from 1945-46 onwards be added to the lump sum subsidy
payable to the Board Every year.

for DIRECTOR OF PUBLIC INSTRUCTION.

from the President, District Board, Salem to the Director of
Public Instruction, Madras.

SUB: Education - Elementary - Prevocational teaching - Bd.H.E.
School, Valapadi conversion of part time post of Garden
ing artisan into a full time one - additional subsidy
refused - reconsideration requested.

REF: Your Proceedings RC.No.4319-B/44, dated 26-12-1944.

In this office letter ROC.No.E-9/23861-43, dated 24-
I have set out in extense the reasonableness and genuineness

claim preferred therein regarding the sanction of enhanced subsidy due to this District Board on account of the conversion of the part-time artisans post of the Board Higher Elementary School, Valappadi into that of a full time instructor. It was, in pursuance of your proceedings Dis.No.716/44, dated 2-3-1944 permitting the conversion of the artisan's post of the above institution, into that of a full time one and fixing the pay of the artisan at Rs.20/- per mensem, the proposal was taken up for consideration and the Salem District Board has sanctioned the conversion of the post and accepted the additional liability on the definite understanding that the enhanced subsidy should be realised from Government. This will be clear from D.B. Resolution No.22(22) dated 27-5-1944 copy of which enclosed. Further G.O.No.2115 E & P.H. dated 4-11-1940 permits the claim in question.

2. When such is the case, I am unable to know why no provision has been made for meeting the claim even in the revised budget of Government for 1944-45. If such legitimate and accepted claims are to be overlooked by Government then similar expenditure will become a burden to the inelastic Elementary Education Fund of this District Board. The additional subsidy due per year is after all Rs.70/- and it may not be possible for the Government to make provision for this petty claim. If it is found not possible to recommend to sanction the subsidy due for the current year before 31-3-1945, I request that the claim may be recommended to be paid out of the next year's budget of Government and future claims for the next and succeeding years permitted to be preferred by me ex each year.

I hope you will appreciate the reasonableness of the claim and make your recommendations to Government as early as possible.

REF: Your Proceedings ROC.No.3211-B/44, dated 11-9-44 on this Office letter ROC.No.E.9-23861-43, dated 28-8-1944.

On the representation made by one A. Natarajan the ex-artisan and the present provocational instructor of the Board H.E. School, Valappadi requesting to convert his part-time artisan's post into that of a full time one, in view of the scanty salary received by him in these hard days, you were addressed in this office letter ROC.No.E.9/23861-43, dated 2-10-1943 to accord sanction for the conversion of post, setting forth therein the reasonableness and genuineness of the claim preferred by him. Upon this, you were pleased to peruse the academical and technical qualification certificates of the above individual and then permitted in your Proceedings Dis.No.716-44 dated 2-3-1944 the conversion of the part time artisan's post into a full time one, with the pay of the artisan fixed at Rs.20/- per mensem. Accordingly, the sanction of the Board was obtained and the conversion of the post was given effect to from 1-4-1944. Thereupon you were addressed in this office letter ROC.No.E.9/23861-43, dated 28-8-44 requesting to sanction the enhanced subsidy due for the full time post of the Instructor under reference, but in the Proceedings quoted above it has been ordered that no additional subsidy will be granted for the purpose in the current year and that extra expenditure to the Board in this regard should be met from the lump sum ~~subsidy~~ subsidy annually sanctioned by Government for the maintenance of elementary schools.

2. In this connection, in inviting your kind attention to G.O.No.2115- E. P. H. dated 4-11-1940 wherein the Government have laid down the basis on which the subsidy towards the salary of Instructors (full time) and artisans (Part time) are being paid to local bodies, I would like to state that in accordance with the above Government Order the annual subsidy for a full time Instructor is Rs.120, against Rs.50 for a part time artisan's post. So, with the conversion of the artisan's post into a full time one the

: 4 :

the annual subsidy has to be enhanced from Rs.50/- to Rs.120/- in pursuance of the Government Order. The increased subsidy, applied for is with reference to the above Government Order only, which has defined the eligibility on the part of the local bodies to claim at the annual, subsidy fixed in the case of part time and full time instructors employed therein.

Moreover, I would like to add that there is no justification in meeting the extra expenditure involved on the Elementary Education funds of this District Board towards the conversion under reference, from the annual grant sanctioned by Government for the maintenance of Elementary schools. The subject in question is entirely a different one and for which a distinct subsidy is sanctioned annually by the Government. If the maintenance grant for the Elementary Schools were to be encroached upon for similar conversion of posts, then the expenditure involved in such cases will become a burden under the inelastic, Elementary Education finances of this District Board. Hence, in the circumstances represented above, I request you to be kind enough to reconsider the matter and sanction at least the additional subsidy due on 1-4-1944.

Sd. M.M. Krishnaswami
for President.

Dr. Board Salem - Salary for a pre-vocational instructor

When the syllabus for elementary school were revised in 1939 "handicrafts" and "pre-vocational work" were introduced as compulsory subjects of study in higher lower and higher elementary schools. The D.P. then expressed the view that the ordinary class teachers would be able to impart instruction in handicrafts but that special teachers would be necessary for teaching pre-vocational subjects. The Govt. sanctioned grants from Prov. fund towards the employment of pre-vocational instructors in school & the purchase of equipment for pre-vocational subjects. The salaries payable to local bodies were distributed from the fund of the special provision made for the purpose in the budget and later added to the annual special provision for local bodies was added to the lump sum subsidy for elementary sch.

2. The system of sanctioning salaries for pre-vocational training began in 1940 and continued till 1945-46. No provision was made for the salaries in 1946-47 nor in 1947-48. His appropriaion has been provided in the current year.

3. The O.D. Salem request that a salary may be sanctioned towards the cost of converting of a part time pre-vocational instructor into that of full time instructor.

The Govt. recommend the grant of a salary of Rs. 1144-45 and 45-46 which was Rs. 1144-45 a year (the usual sum). Though there is no allowance specially made for the purpose in

The Pre-vocational training has been introduced by most local bodies but are few who have yet to introduce it. As many are not yet ready to find their share for specific
