Buildings - Rent free buildings - schools - Secondary - Expenditure
 Repairs - limit.

Go 1149 Edu (E) 24-6-40
 The Government have fixed in the case of Board Elementary Schools, that an expenditure of Rs.100/- may be incurred towards repairs to rent-free buildings. But, no such limit seems to have been fixed with regard to Board Secondary schools.

2. I presume in the secondary schools maintained from the General Funds there will be no objection to undertake repairs of rent-free buildings in which Secondary schools are housed.

3. I request instructions whether the Board may undertake repairs irrespective

irrespective of the limit, as in the case of Elementary schools, without the need for any outside sanction.

Reference: Endorsement No. 35492-B-43-1 Edn. & P.H., dated 3rd December 1943 - Secondary Schools - expenditure on repairs to rent free buildings - limit of expenditure.

It would be irregular for the District Board to incur any expenditure on lands and buildings not vested in it - ~~cf.~~ Rule 224 Local Boards Manual. If it is considered necessary that in the interests of administration District Boards should be permitted to incur expenditure on rent free buildings housing secondary schools, it seems desirable that a limit - say a year's reasonable rental for the building - should be fixed, and in any case, the orders of Government (generally or in individual cases) would be necessary for such expenditure.

buildings in which Secondary Schools are located.
The P. D. B. Committee now enquires whether there is any objection to the St. Bd. undertaking such repairs in the case of rent-free Secondary School buildings. As the rules stand at present, there seems to be no objection.

The expenditure on rent-free ~~for~~ elementary school buildings is debitable to the E. E. Fund and so Govt. have found it necessary to regulate such expenditure. But it is for consideration whether any such restriction should be placed on expenditure from out of the General Funds on repairs to rent-free Secondary School buildings.

It is for orders whether in the interests of administration, St. Bds. should be permitted to incur expenditure on repairs to rent free buildings in which ^{their} Secondary Schools are located. If they are permitted, a year's reasonable rental for the building, as suggested by the Examiner may be taken as the limit for the expenditure. Submitted that the ^{other} conditions imposed on local bodies incurring expenditure on repairs to rent free buildings in which their elementary schools are located, may with advantage be imposed in this case also. For orders.
31/1/44 N. J. 31-1-44

Rule 224 of the Local Boards Manual cited by the Examiner would appear to refer to original works and not to repairs to buildings which a local body has obtained free of rent for its use. But it is not necessary to pursue discussion at that point.

2. The District Board maintains a considerable number of ele. schools and it may often happen that the Board is able to secure school buildings from private parties free of rent, particularly in rural villages. Secondary schools are none nearly so numerous and their location usually is in important localities where buildings command good rents. Instances of a District Board securing rent-free buildings for housing secondary schools can only be rare. It is not necessary to pass any general orders. The P.D.B. may be told as in Memo. below.

and some general provision was made for the repairs - E/3

The P.D.B. is informed that the orders relating to the execution of repairs to private buildings secured by the Board free of rent for housing elementary schools do not apply to similar buildings in which secondary schools are accommodated. Proposals for carrying out repairs to the latter class of buildings should be submitted to Government with the requisite details and their sanction obtained before the repairs are undertaken, at the Board's cost.

Sir,

Buildings - Rent free buildings - repairs to Board Middle School - Chennimalai at Board's cost - sanction - requested.

....

The building in which the Board Middle School, Chennimalai is located, was given free of rent to the District Board for school purposes by one Dharmaparipalana Sabha of Chennimalai which is now dissolved and is defunct. The building is in the possession of the District Board for the past 20 years and more. So, for all practical purposes, the building belongs to the District Board in view of its long enjoyment for over two decades free of rent and in as much as there is no claimant for the building now.

2. The responsibility of keeping the building fit for -

the purpose for which it is used devolves therefore only on the occupier, namely, the District Board. Hence, expenditure was incurred from the District Board funds towards repairs to the building during 1938-39 and 1940-41. The Audit Department has raised objection to the repairs carried out to this building from the District Board funds.

3. In the circumstances stated above, there seems to be no objection to the repairs being carried out at the cost of the Board, in the interest of the school located in it. I request therefore that the Government may be pleased to accord sanction as a special case for the expenditure incurred towards repairs to the said building already and also to permit the District Board to incur such expenditure in future if and when any repairs are rendered necessary for the proper upkeep of the building. Reference is invited to Government Memorandum No. 55492-B2 E.&P.H., dated 10-1-1944 according to which the sanction of Government should be obtained to all proposals for carrying out repairs to rent free buildings secured by the District Board for housing secondary schools. In the circumstances explained by the President, there is no objection to sanction being accorded to the expenditure incurred in 1940-41 and 1941-42 to the extent of Rs154 and Rs217 respectively by the District Board for repairing the building at Chennimalai in which the District Board High School is located free of rent. The proposal for carrying out repairs in future years may also be approved subject to such suitable limit as may be fixed by Government.

2. Copies of objections have not been furnished by the President, District Board. A copy of the objection with the reply of the President is however furnished for the information of Government.

Para 118(vi) of the Audit Report for 1940-41

of the Cambridge District Board - General Fund.
Chyeshin.

Repairs to buildings not vested in the Board.

A sum of Rs 134/- was drawn on Voucher 237/3.41 for repairing the Board middle school at Chennumalai. The Connected file shows that the building is not vested in the Board. The expenditure incurred on buildings not belonging to it or vested in it is not in order.

Reply.

This is a rent free building which has been in the occupation and enjoyment of the District Board for a long time. The expenditure on the upkeep and repairs to the building is perfectly legitimate. If the building is neglected, fallen into disrepair and rendered useless the Board will be put into difficulties for accommodation not to speak of the need for paying high rent.

Further remarks.

As this is a rent free building, it is suggested a permanent account of the repairs done year after year ^{is maintained} in order to see that unduly large amounts are not spent from the District Board funds.
