Letter from the Collector of Tanjore, No. Rc.12446/44B7 dated 4-12-1944:-

In pursuance of the notification under Section 6 of the Land Acquisition Act approved in G.O. No. Ms. 93 Education, Education and Public Health Department, dated 20-1-1943 and published at page 70 of the Fort St. George Gazette Part I B dated 9-2-1943, an extent of 15323 square feet of town site land in T.S. 2027 of Ward VII of Kumbakonam Municipality was acquired by the Revenue Divisional Officer, Kumbakonam in his Award No. 7 dated 8-8-1943.

2. One of the conditions of B.S.O. 90-6 to which the correspondent agreed to is that the purpose for which the land was acquired would be carried out within a period of two years from the date of handing over possession of the land. The correspondent was placed in possession of the lands on 18-6-1943. The two years' period will expire by 18-6-1945. The correspondent has put in a petition requesting that he might be granted extension of time till 18-6-1948 to convert the lands into play ground.

3. At the time of acquisition, the land was double crop wet land and it continues as such till now with the only change in tenure from 'inam' to ryotwari, as a result of the acquisition. From the report of the Revenue Divisional Officer it was seen that the Tahsildar collected from the correspondent last year only the original kaval fee fixed for the land as inam by way of assessment. I have issued instructions to the Revenue Divisional Officer that ryotwari assessment at the rate prevailing in the case of similar lands in the vicinity should be collected from the management of the school from the last fasli onwards.

4. The reasons put forward by the correspondent on behalf of the management of the school for the grant of extension of time till 18-6-1948 are the following:-

(1.) That it would take a long time to fill up with earth and make fit for play ground this and three other plots secured by the management by private purchase which are also similar wet lands on ground and

(2.) that the four plots yield about 83 kalams of paddy a year and that the cultivation is in the interests of the "Grow More Food Campaign" in these days of scarcity of food grains and that the filling up of the plots would amount to reduction of food production.

5. The acquisition was started in 1942 for the purpose of extending the play ground which was probably considered as not sufficient for the requirements of the Native High School. The shortage of food grains owing to war conditions and the difficulty

ground existed already and they are not new. But in view of the present food position, it does not seem advisable to force the management to fill up the lands which are at present giving a good annual yield at the threat of resuming the lands for not complying with the condition already agreed to. Even this can be enforced only after 18-6-1945 if by that date the management does not put the land to use as playground. The Revenue Divisional Officer, Kumbakonam and the District Educational Officer, Tanjore recommend the grant of time applied for by the correspondent. I agree with them and recommend that the time applied for by the management (i.e.) till 18-6-1948 may be granted as it will only be in agreement with the present policy of Government to grow more food grains on all available lands. The extension of the play ground may be postponed in preference to a more pressing need. I enclose the application of the correspondent, a copy of the District Educational Officer's letter Rc.349A/44 dated 17/7/44 and a sketch showing the existing play ground, the plot acquired and the sites secured by private purchase. p 5 info

The reasons stated in letter dated 30-3-44 of the Correspondent Native High School, Kumbakonam are no doubt convincing in these war time days, when the question of grow more food campaign is being seriously considered. I do not think that the present plots which yield about 83 kalams of paddy may be made fit for the use of play ground. Extension of time for five years from 18-6-48 may be granted.

2. In the circumstances reported by the Collector in paragraph 5 of his letter cited above the Board recommends that the Government may be pleased to allow the Correspondent, Native High School to use the land for agricultural purposes and to grant time till 18-6-1948 or till the war is over whichever is earlier for the formation of the play ground.

Sir,

Ref:--Rc.No.13325/42-D dated 8-6-43, Award Copy, etc., of the Rev.Dvl.Officer, Kumbakonam - Land Acquisition - Kumbakonam Taluk- Mukhasa Agraharam Perumandi - T.S.No.2027 of Ward.7.for the extension of the playground for Native High School, Kumbakonam.

Under the above Acquisition proceedings a plot of land T.S. No.2027 measuring 36 cents was made over to the local Native High School Management on 18--6--1943. One of the conditions of the acquisition is "(the playground shall be formed within the period of two years from the date of grant)" that the plot shall be brought into use as playground within a period of two years from the date of the grant, i.e. before 18--6--1945.

This plot, 36 cents in extent, is one of the 4 plots secured for extending the existing playground, the other three, 108 cents in extent, having been secured already by private purchase. To make up the required extension of the playground, all the 4 plots have to be filled up suitably. They are all low lying double crop wetlands. To take enough earth to these 4 plots for filling them up would take pretty long time.

Further these 4 plots being double crop lands yield at 20 kalams per mah or 83 kalams in all. In these days of scarcity of foodgrain and "grow more food campaign policy", when Government make every possible effort to bring more and more lands under cultivation for increasing people's food supply, to fill up the wet lands in question would amount to reducing food production and acting against the policy of the Government.

I may also add here that the District Educational Officers suggest in schools that decoration plants in School Gardens should be replaced by food yielding ones and the school authorities are carrying out these suggestions as far as possible.

In these circumstances I beg leave to request on behalf of my school Management that you will be so pleased as to extend the time allowed for filling up the acquired plot No.2027 from two to five years, i.e., up to 18--6--1948.

I have the honour to be,

Sir,

Note:- The negotiation for the land
 began about the middle of 1942 when the food position was
 not quite so bad as it turned out to be afterwards. The land
 acquired is not much - about 35 cents. The Bd's recommendation
 may be accepted. But it is not clear that the offer should not
 be in Rev. Rev. Bd. in any event.
