8. Government have in recent years been making special provision for opening of new girls' schools in the Presidency. These five districts have not received a proportionate benefit, so far, from this generous policy. As it is important that the education of girls in these districts should be encouraged even more than that of Boys, we request that, the Government may, in consultation with the Director of Public Instruction, open new secondary schools for girls in these Districts. A tentative list of suitable centres is given in Annexure F. The District Boards are willing to open these schools themselves if Government will undertake to meet the full net cost. The expenditure from Provincial Funds whether on school under public management or on schools under private management in Elementary as well as Secondary education is negligible when compared to other forward Districts..

We have placed before you as succinctly as possible

one of the pressing educational problems which demand immediate attention and in conclusion, we wish to impress upon you that we have not been able to hold our own in the competitive struggle for existence and that unless preferential treatment is given to our demands we are afraid that our position will become further jeopardised.

The Government, wedded as they are to a policy of special assistance to back-ward communities such as Muslims and the Scheduled classes, should come forward to render special aid to backward areas as well.

Finally, we earnestly request Government to give their best attention to the several requests contained in this Memorandum and to permit us - the Presidents of District Boards - to wait in deputation on the Adviser to HIS EXCELLENCY THE GOVERNOR to explain further their points of view.

We, therefore, request that a suitable date may kindly be fixed at an early date to enable the deputation to wait on him.

To The Secretary to the Government of Madras,
 Education and Public Health Department,
 Fort St. George, Madras.

Sir,

With reference to the Joint Memorandum presented to His Excellency's Adviser by the Presidents of Districts Boards of Ceded Districts and Chittoor forwarded to me for remarks with the Government Memorandum quoted above, I have the honour to state as follows:-

2. Out of the fourteen centres mentioned in Annexure F to the Joint Memorandum, as suitable for opening secondary schools for girls, I consider that there is need for a Government Secondary School for girls in each of the following places:
1. Hindupur;
 2. Hospet;
 3. Adoni;
 4. Harpanahalli;
 5. Tirupathi;
 6. Madanapalle.

(The Arya Vaisya Sabha (A Registered Body) has been permitted to open a Secondary School for girls at Proddatur and the S.P.G. Mission authorities are considering the opening of a Secondary School for girls at Nandyal). The

P.T.O.

Government have been addressed more than once in regard to the opening of a Government Secondary School for Girls at Madanapalle and I have renewed my proposals in this connection separately - vide my letter R.C.No.564-A/41 dated 16th September 1944. I shall shortly submit detailed proposals in respect of Hospet and Tirupathi. With regard to the other centres, viz. Hindupur, Adoni and Harpanahalli, I submit the following proposals:

The Inspectress has visited these schools and has discussed the question with the leading people in the locality.

3. There are at present Higher Elementary Schools for Girls at Adoni and Hindupur run by the respective Municipalities and at Harpanahalli under the management of the Bellary District Board. I recommend that the above Higher Elementary Schools for Girls may be taken over by the Government and converted into Middle Schools for girls with Classes I to V and Forms I to III with effect from June 1945. The present strength of the 3 schools and the probable strength of Forms I to III of the proposed Middle Schools are given below:

Name of School	Total strength at present	Probable strength of Forms I to III.
1. Municipal Higher Elementary School, Hindupur.	216	54
2. Municipal Higher Elementary School, Adoni	212	62
3. Board Higher Elementary School, Harpanahalli	272	62

As regards accommodation, the Government Middle Schools may be located in the present Higher Elementary School buildings, all of which are public buildings and are reported to be available for the purpose. The Commissioners and the President, District Board concerned have been informed by the Inspectress of Girls' Schools, II Circle that, in the event of the management of the higher elementary schools being taken over by the Government, it is expected that the articles of furniture and equipment which are in possession of the Higher Elementary Schools will be transferred with the school to Government.

4. The staff that will be required will be 1 L.T. Headmistress, 7 Secondary Grade teachers, 1 Pandit, 1 Physical Training Instructress, 1 Combined Drawing and Sewing Mistress, 1 Music teacher, 1 clerk and 1 peon, for every Middle School.

5. The financial effect of the proposal is detailed below:-

Sir,

SUBJECT: Schools - Opening of a Government Middle
School for Muslim Girls at Abhiramam,
Ramnad District - Proposal submitted.

I have the honour to submit the following
proposal for the opening of a Government Middle School for Muslim
Girls at Abhiramam in Ramnad District with effect from the school-
year 1945-46, and request that the proposal may be favourably
considered and sanctioned at an early date.

2. THE Muslim public of Abhiramam and
Natham have recently represented the need of facilities for
Secondary Education for their girls and requested the early es-
tablishment of a Government Middle School for Muslim Girls at
Abhiramam. It is reported that there are about 800 school-age
girls in the town, 500 of whom are Muslims. The 3 aided Ele-
mentary Schools for Muslim Girls together with the Board Hindu
Girls Elementary School in the Town, have a total strength of
over 400 girls. Besides, a number of girls are studying in the
local boys' Schools. About a dozen girls are studying in the
Aided Muslim High School for Boys, Abhiramam. It is also stated
that many of the girls who discontinued their studies in recent
years will join the Middle School if one is opened now. I
consider that there will be sufficient strength for the proposed
Middle School. It is stated that many of the Local Muslims
are Tamil-speaking Muhammadans and as the medium of instruction will
have to be Tamil, girls belonging to other castes can also be
admitted. In view of the real need for a Middle School for
Muslim Girls in the locality and in view of the keen interest
evinced in the matter of education by the local Muslim public,
I have the honour to recommend that the Government may be
pleased to sanction the opening of a Government Middle School
for Muslim Girls at Abhiramam from June 1945. I submit that the
School may be opened with class V and Form I in June 1945 and
Forms II and III may be opened in June 1946 and 1947 respectively.
The Inspectress expects a strength of 20 in class V and 25 in Form
I.

3. AS regards accommodation, it is reported
that Janab S.N. Esmail, Manager & Correspondent of the Esmail
Memorial Girls' School, Abhiramam, has agreed to let half of his
newly constructed school building on a rent of Rs. 35/- per mensem
for a period of three years from the date of establishment of the
Government School. I consider that this is sufficient for the
immediate needs.

4. IN 1945-46 the staff to be provided for
the school will be 1 L.T. Headmistress, 1 Secondary Grade Teacher
and 1 Part-time Religious Instructress. A clerk and a Peon are
also necessary. In 1946-47 when II Form is opened another Secondary
Grade Teacher and a Drawing & Sewing Mistress may have to be
appointed.

6. The fee income from the three schools will not be
appreciable. The minimum fee income may be estimated at Rs. 2,000/-
per year from the three schools together.

7. I am including the necessary provision for the
3 schools in part II of my Budget Estimates for 1945 - 1946.

Sir,

SUBJECT: Schools - Urkad Rani Sahib Government
Secondary School for Girls, Ambasanudram -
Opening of higher forms - Proposal -
Submitted.

I have the honour to submit the following proposal for the opening of Form IV in June 1945 and of Forms V and VI in the succeeding years, in the Urkad Rani Sahib Government Secondary School for Girls, Ambasanudram, and to request that the Government may be pleased to sanction the same as early as possible.

2. IN their order No. Ms. 689 Edn., dated 3-5-1944 the Government sanctioned the opening of the Middle School with class V and Forms I to III. The Middle School was opened on 15-6-1944. It is reported that the school is already getting popular and the people of Ambasanudram even wanted that Form IV should be opened this year. The public of Ambasanudram, Kallidaikurichi and the neighbouring villages have requested the opening of higher forms in the school. There are 57 girls studying in the local Boys' High School, out of which 25 are in Forms IV to VI. The strength of the Urkad Rani Sahib Government Middle School for girls and that of the girl-pupils studying in each of the several classes in the local High School for Boys is given below:

	Strength in the Urkad Rani Sahib Government Middle School for Girls.	No. of girl-pupils in the Thirupathi High School, Ambasanudram.
Class V	28	5
Form I	25	10
Form II	14	7
Form III	16	10
Form IV	..	11
Form V	..	5
Form VI	..	9
	83	57

It is stated that in the event of raising the Government Middle School to the status of High School all the girls now reading in the local Boys High School will seek admission into the Government Girls' High School. A strength of not less than 50 pupils may be expected in Form IV in 1945-46 and a similar number may be expected in each of the Forms V and VI when they are opened.

3. As regards accommodation the inspectress
of Girls

of Girls' Schools, IV circle, reports that the Zaminder of Seithur has promised to secure a suitable building for the school before the close of the school-year and that she is also making enquiries about the buildings she has in view. The school is at present held in a rented building.

4. The staff that will be required additionally is as follows:

During 1945-46 (When Form IV is opened): 1 L.T. Assistant.
During 1946-47 (When Form V is opened): 1 L.T. Assistant.
1 Laboratory Peon.
During 1947-48 (When Form VI is opened): 1 L.T. Assistant
1 Secondary Grade Teacher.

A secondary Grade Teacher will be necessary for Form III from 1947-48, as, on the school becoming a full-fledged High School the post of Headmistress becomes an administrative post.

5. THE financial effect of the proposal is detailed below:-

Estimated Income from Tuition fees.

	Strength	No. of paying pupils.	Total fee income. Rs.
1945-46	Form IV 20	15	630
1946-47	Form IV 25 Form V 20	30	1,260
1947-48	Form IV 25 Form V 20 Form VI 20	45	1,890

In this connection I invite the attention of Government to paragraph 4 of their order No. Ms. 689 Edn., dated 3-5-1944, and submit that account has to be taken of the increase in the recurring contribution from Rs. 300/- to Rs. 500/- a year from the Rani Sahib of Urked on the school being made a High School.

R.C. No. 854-N/43.

Station Madras, Dated the 30th August 1944.

From (Name) Sir R.M. Stathan, M.A., C.I.E., I.E.S.,

(Designation) Director of Public Instruction.

To The Secretary to the Government of Madras,

Education and Public Health Department,
Fort St. George, Madras.

Sir,

I have the honour to submit the following proposal for opening of Form IV in June 1945 and Forms V and VI in the succeeding years in the Government Middle School for Muslim Girls, George Town, Madras.

2. In G.O.No.Ms.643 Education dated 5.5.1942, Government sanctioned the opening of a Middle school for Muslim Girls in George Town with classes 4 and 5 and Forms I to III. The School was opened in July 1942. Ever since the opening of the school there has been a demand for opening of higher forms also. The pupils of the school requested through a petition to open form IV during 1944-45. It was too late then to consider the proposal in connection with the Part II Schemes of 1944-45. I submit the proposal now for the favourable consideration of Government in connection with the Part II Schemes of 1945-1946. The Muslim residents of George Town are reported to be very keen on the opening of higher forms in the Government Middle School for Muslim Girls, George Town.

3. There are at present 30 pupils in Form I, 22 pupils in Form II and 11 pupils in Form III. The number of pupils likely to be admitted into Form IV, if opened during June 1945, will be 30 (10 by promotion plus 20 pupils waiting at home).

: 2 :

during the last 2 years). The probable strength of Forms V and VI in the succeeding years will be 15 and 15 respectively.

4. Accommodation:- It is reported that there is just enough accommodation in the present building for the location of Forms IV, V and VI. The Inspectress is on the look-out for a better building in the locality with open space for games.

5. Staff:- The additional staff that will be required is one L.T. Assistant for each of the 3 Forms as they are opened during 1945, 1946 and 1947. When the school becomes a complete high school in 1947 an additional secondary Grade teacher will have to be appointed for Form III as the post of Headmistress will become an administrative post then.

R.C.No. 520 A/43.

Office of the Director of Public Instruction, Madras 31-8-1944.

From Sir R.M. Statham M.A., C.I.E.,
Director of Public Instruction,
MADRAS.

To The Secretary to Government,
Education and Public Health Dept.

Sir,

Sub: SCHOOLS - Government Middle school for girls, Madura - Opening of higher forms - Proposals - Submitted.

I have the honour to renew my proposal for the opening of Form IV in the Govt. Middle school for girls, Madura with effect from June 1945 followed by the opening of Form V and VI in the succeeding years and to request that the proposal may be favourably considered and sanctioned by Government.

2. The proposal was originally submitted as a Part II scheme for 1943-44 with my letter R.C.No. 1033 A/41, dated 5-9-1942 but was deferred by Government in their order No. Ms 663 Edn., dated 10th May 1943. The Government were again addressed for a reconsideration of the proposal in connection with the Part II schemes of 1944-45 and the Government did not approve of my proposal - Please see in this connection my letter R.C. No. 520 A/43, dated 10th August 1943 and G.O.No. Ms 689 Edn., dated 3rd May 1944.

3. The need for the opening of higher forms in the school was fully discussed in my letter R.C.No. 1033 A/41, dated 5-9-1942 and the reasons stated therein are stronger now than ever before. The school is growing in strength and popularity. The Inspectress of Girls' schools, Madura reports that the people of Madura strongly desire to have a high school for girls under Government management and the two large aided high schools for girls in Madura (viz O.C.P.M. High school for girls and the St. Joseph's Girls' High school) are filled to capacity.

4. The strength of the Government Middle school in the current year is given below:-

	No. on rolls		No. on rolls.
Class I	36	Form I A & B	60
" II	45	" II A & B	52
" III	45	" III	38
" IV A & B	76		
" V A & B	79		
		Total.	431

The Inspectress expects that there will be about 25 pupils in Form IV in 1945-46 and the probable strength of V and VI Forms will be 22 and 17 pupils respectively during the first year of their working.

5. ACCOMMODATION : The school is now located in the Old Hospital Buildings. Although a part of the building has been set apart for A.R.P. purposes, sufficient accommodation for the location of Form IV in the year 1945 and Form V in 1946 can be provided by carrying out some minor alterations during this year itself. Accommodation for Form VI in 1947 can be had by shifting the office of the Sub Assistant Inspectress of Girls' schools, Ramnad Range which is now located in the compound of the school buildings. The shifting of the Sub Assistant Inspectress's office will be necessary should the A.R.P. continue to occupy a portion of the school buildings till then.

6. The following additional staff will be required:-

During 1945-46 when IV Form is opened

1 L.T. Assistant
1 Combined Drawing and Sewing Mistress.

During 1946-47 when V Form is opened

1 L.T. Assistant
1 Laboratory peon

P.T.O.

-2-
During 1947-48 when VI Form is opened.

1. L.T. Assistant
- 1 Secondary grade teacher..

I may add in this connection that I am submitting separately a proposal for the employment of a combined Drawing and Sewing Mistress for the existing classes in the Government Middle school for girls. If the Government are pleased to sanction that proposal the provision herein made for a combined Drawing and sewing mistress may kindly be excluded.

The post of Secondary grade teacher proposed during 1947-48 is necessary for Form II as the post of Headmistress will, on opening of VI Form, become an administrative post under Rule 17 Madras Ed. Rules.

7. The financial effect of the proposal is detailed below:-

Station MADRAS, Dated the 14th September 1944

From (Name) SIR R.M. STATHAM, M.A., C.I.E., I.E.S.,

(Designation) DIRECTOR OF PUBLIC INSTRUCTION, MADRAS

To The Secretary to the Government of Madras,

EDUCATION AND PUBLIC HEALTH Department.

Sir,

I have the honour to submit the following proposal for the conversion of the Standards VI to VIII of the Model School attached to the Government Training School for Women, Karur into Forms I to III and for the opening of Form IV there in June 1945 followed by Forms V and VI in succeeding years.

2. The public of Karur as well as the Municipal Council, Karur have been requesting the opening of a Government Secondary School for Girls in the town. I myself have been anxious to develop the Government Training School at Karur into a secondary school; but owing to the insufficiency of accommodation even for the training school the development of the Model School into a Secondary School could not be considered for some time past - vide also Government Memorandum No. 17710-B/43-2 Education, dated 12th August 1943. However, there is no doubt about the need for a secondary school for girls at Karur. Accommodation can now be provided for the school and also a playground. A site adjoining the

(2)

the present school building which is proposed to be compulsorily acquired, will provide space for playground and a house next door to the school is available for rent for accommodating the proposed high school classes. There are 83 girls reading in Standards VI to VIII of the Model School the total strength of which is 283. Besides 123 girls are reading in the local Municipal High School for Boys. In the above circumstances, I request that Government may be pleased to sanction the conversion of Standards VI to VIII in the Model School into Forms I to III and the opening of Form IV in June 1945 followed by Forms V and VI in the succeeding years.

3. The Government Secondary School for Girls, if opened in June 1945 will start with a strength of about 30 girls in each of the Forms I and II and III and 25 in Form IV. Form V and VI will have about 20 girls each when these forms are opened.

4. ACCOMMODATION:- As already stated a provision of Rs.3,250/- has been made in the current year's Minor Works Budget Estimate for the compulsory acquisition of a nearby site. In their Memorandum No.1941-C/44-2, P.W.D., dated 23rd May 1944, the Government have taken the necessary steps in the matter of acquisition of the site. It is proposed to build additional accommodation on this site. In the meantime the Inspectress of Girls Schools recommends that the house next door can be had on a rent of Rs.70/- per mensem. This building will accommodate the Forms IV to VI proposed while the existing accommodation for Standards VI to VIII in the school will be sufficient for the proposed Forms I to III.

5. STAFF:- The following additional staff will be required:

1945--1946	...	...	1 L.T. Asst. and 1 Tamil Pandit.
1946--1947	...	...	1 L.T. Asst. and 1 Laboratory Peon.

Sub: Govt. Training School for Women, Gudiyattam - Conversion
of Standards VI to VIII of the Model School into Forms
I to III of a Middle School - Proposal - Renewed.

46507

In my letter R.C.No. 554 A/43, dated 27-9-43 I submitted a proposal for the opening of a Middle School with Classes IV and V and Forms I to III in the Govt. Training School for Mistresses, Gudiyattam, in connection with Part II of the Budget Estimate for 1944-45. The Government deferred the proposal in their order No. 689, Education, dated 3-5-44. I have explained already the real need for a Secondary School for Girls in Gudiyattam. I therefore resubmit the proposal for the favourable consideration of Government in connection with Part II of the Budget Estimate for 1945-46. In modification of the proposal submitted last year I recommend only the opening of Forms I to III by converting the higher standards of the Training School. The present strength of the Higher Standards is 118 (i.e. VI Standard-57, VII Standard-39, and VIII Standard-22). The Inspectress states that the probable strength for Forms I, II and III will be 60, 45 and 30 respectively. The proposed Form I will have to work in two sections to start with. But as the position regarding strength is not certain it will suffice to provide for one section only in each of the Forms. The opening of an additional section will be considered next year, if there is a demand for it. I request that the Govt. may be pleased to sanction the proposal from the school year 1945-46.

5. ACCOMMODATION:- Proposals for an additional shed to provide for the expansion of the school have been included in the Minor Works Budget for 1945-46. The cost of the shed will be Rs. 1,500/-. As regards staff only a Tamil Pandit has to be added. The Inspectress requests a provision of Rs. 300/- for equipments.

6. The financial effect of the proposal will be as follows:

EXTRA COST IN 1945-46.

RECURRING:-

Pay of One Tamil Pandit in the scale of Rs. 35-4/2-45-2/2-45 for 9 months (30 x 9) ... Rs. 315/-

Schools - Government Training School for Women, Madanapalle - Conversion of the higher standards of the Model School into a Middle School and the opening of the higher forms - Proposal renewed.

I have the honour to renew the following proposal for the opening of a Government Secondary School for Girls at Madanapalle by converting standards VI to VIII of the Model School attached to the Government Training School for Women, Madanapalle into Forms I to III and for the opening of Form IV therein in June 1945 followed by the opening of Forms V and VI in the succeeding years, 1946 and 1947 respectively.

2. Madanapalle is one of the centres considered as suitable for opening a new Government Secondary School for Girls, and has been included in the Annexure 'F' to the Memorandum presented to His Excellency's Adviser by the Presidents of District Boards of Ceded Districts and Chittoor - Vide Government Memo. No. 6269 A-1 B. Tdn., dated 7th March 1944. The need for a secondary school for Girls at Madanapalle was fully explained in my letter to Government R.O.C. No. 90-A/42, dated 9-9-42 disposed of in G.O. No. Ms. 663 Tdn., & P.H., dated 10-5-43. The above proposal was resubmitted for the favourable consideration of Government in connection with the Part III Schemes of 1944-45 in my letter R.C. No. 515-A/43, dated 18-9-43, but it was deferred by Government in their letter No. 689, dated 3-5-44. There are at present 72 girls reading in the local High Schools for boys in classes V to Form VI besides 156 girls studying in the local A.A.M. Secondary School for Girls. The A.A.M. Secondary School for Girls is a Middle School having Class I to Form III and the authorities of the school do not propose to open higher forms in their school. The number of girls in Form III alone of the 3 local secondary schools is 36. The present strength of the higher elementary classes of the Model Section attached to the Government Training School for Women, Madanapalle is 23 in VI Standard, 16 in the VII and 8 in the VIII standard. The above figures will show that there is a real need for a secondary school for Girls at Madanapalle and I therefore request that the Government may be pleased to sanction the proposal with effect from June 1945.

3. The Inspectress of Girls' Schools, V Circle, anticipates a strength of 25 in Form I, 20 in Form II and 15 in Form III when the Government Secondary School is opened. It may be anticipated that the IV Form, when opened in June 1945, will have a strength of 25 girls and Forms V and VI, when opened in succeeding years, will have a strength of 20 and 15, respectively.

4. Accommodation: As was pointed out last year there will be enough accommodation in the present school building to conduct a high school until a permanent building can be provided for the school on the site already alienated for the purpose. A sum of Rs. 9,800 has been provided for effecting necessary repairs and alterations to the Excise Inspector's quarters. The hostel which is occupying a portion of the present school building will be shifted to the Excise Inspector's quarters after the repairs are completed and the portion of the school building now occupied by the hostel will be released for accommodating the high school.

classes.

5. The following staff will be required:

- (i) L.T. Assistants. 3 (one in each of the years 1945, 1946 and 1947)
- (ii) Pandit: 1 (From 1945-46).
- (iii) Separate Sewing Mistress: 1 (From 1945-46)
- (iv) Laboratory Peon. 1 (From 1946-47).

Re.No.564 A/44 dated 28-9-1944.

Sir,

Sub: Schools - Opening of a Government Middle School for
Girls at Tirupati - Proposal submitted.

In continuation of my letter Re.No.564 A/44 dated 18-9-1944, I have the honour to submit the following proposal for the opening of a Government Middle School for Girls at Tirupati in June 1945 by taking over the management of the Municipal Higher Elementary Girls' School, Bazaar Street, Tirupati and converting the standards 1 to 8 of the school into classes I to V and Forms I to III of a Secondary School.

2. There are more than 300 girls reading in the three Municipal Elementary schools, besides a number of girls reading in the local High Schools for Boys. As many as 70 girls are in standards VI to VIII of the Municipal Higher Elementary School. The two local Boys High Schools have on their rolls 106 girls. The Inspectress of Girls' Schools, V Circle, Coimbatore visited the place in August 1944 and discussed the proposal for the opening of a Government Secondary School for girls at Tirupathi with the Commissioner of the Municipality and the Headmasters of the two Boys' High Schools. From the report submitted by the Inspectress, I consider that there is a real need for a Secondary School for Girls at Tirupathi. The Inspectress anticipates a strength of 200 girls in Classes I to V and 90 girls in Forms I to III of the proposed Middle School.

3. The existing Municipal Higher Elementary School is held in 3 buildings, viz., (1) a girls' school building with a temporary thatched shed in the same compound, (2) a boys' school building and (3) a rented building. The Municipality is prepared to hand over the girls' school with the building and equipment. As the girls' school building with the thatched shed which is proposed to be handed over to Government will not be sufficient to accommodate the expected strength, it will be necessary to take over the rented building also. The present rent paid to the private building is stated to be Rs.10/- p.m. The ~~high~~ above buildings will meet the immediate needs of the proposed Middle School.

4. Staff: The staff required will be 1 Headmistress in the L.T. Assistant's cadre, 7 Secondary Grade teachers, 1 Combined Drawing and Sewing Mistress, 1 Physical Training Instructress, 1 Telugu Pandit and 1 Music Mistress. A clerk and a Peon are also necessary.

5. The financial effect of the proposal is as follows:

Sir,

Sub: Schools - Opening of a Govt. Middle school for girls at Hospet - Proposal - Submitted.
 Ref: (1) M.O.No. Ms 1077 Edn., dated 11-8-1943.
 (2) Govt. Memo No. 6269 A.I.B. Edn., dated 7-3-1944.

In continuation of this office letters R.C.No. 1932 G/43, dated 14-2-1944 and R.O.C.No. 564 A/44, dated 18-9-1944, I have the honour to submit the following proposal for the opening of a Govt Middle school for girls at Hospet by taking over the management of the Municipal Higher Elementary school for girls, Hospet and converting the standards 1 to 8 therein into class 1 to 5 and Forms I to III of a Middle school with effect from June 1945.

2. The Municipal Council has been anxious to convert the Higher Elementary school for girls into a Middle school but its finances would not permit it. The public of the town reported to be very enthusiastic about the proposal to open a Middle school for girls. There are about 1900 school-age girls in Hospet Municipality. About 139 girls are reading in the Municipal Higher Elementary Girls' School and 26 girls were reading in Forms I to III of the Local Municipal High school for Boys. This High school is situated in a corner of the town girls find it difficult to walk such long distances. As there are no proper facilities for the secondary education of girls in the locality there is a real need for a Government Middle school for girls in Hospet.

3. If the Middle school is opened in June 1945 it may be expected that Forms I to III will have about 60 pupils on the whole.

4. ACCOMMODATION. The Municipal Council, Hospet has agreed to handover the present Municipal Higher Elementary ~~school~~ Girls' school building and the adjoining Telugu School building with its spacious compound for the use of the Govt. Middle school for Girls. The Commissioner states that the compound is big enough for extension of the buildings or for putting up extra sheds. To being with, this accommodation will suffice and temporary accommodation can be put up later if necessary. As regards equipment, the Inspectress of Girls Schools has already informed the Commissioner that in the event of the management of the school being taken over by Government, it is expected that the articles of equipment and furniture will be transferred along with the school. I am however, making the usual provision for furniture and equipment to satisfy the immediate needs of a Middle school.

5. The staff that will be required for the Middle school is 1.L.T. Headmistress, 7 Secondary grade teachers, 1 Kannada Pandit, One Physical Training Instructress, 1 Combined Drawing and Sewing Mistress and one Music Mistress. One clerk and 1 Peon will also be necessary.

6. The financial effect of the proposal will be as follows:-

Sir,

Sub: Government Middle School for girls, Vizianagaram -
Opening of higher forms - Proposal submitted.

47086

I have the honour to submit the following proposal for the development of the Government Middle School for girls, Vizianagaram, into a High School by the opening of Form IV in June 45 followed by the opening of Higher forms in succeeding years.

2. The Government Middle School for girls at Vizianagaram was opened in June 42 with classes IV and V and Forms I to III. Since then the citizens of the town and particularly the parents of the pupils have been requesting the opening of higher forms in the school. The present strength of the middle school is 129 out of which 18 pupils are reading in III form. It is reported that a number of girls who are staying at home after finishing Form III will continue their higher studies if a higher school is opened. The Inspectress expects that there will be a strength of 25 pupils for Form IV. The Inspectress reports further that one Mr. V.V. Rao, a Professor in the University of Lahore has promised a donation of Rs. One Thousand a year towards fee concessions to pupils if the school is raised to the status of a high school. In the circumstances I consider there is need for opening higher forms in the school.

3. Accommodation: The Middle School is now held in a private building on a rent of Rs.50 per month. It is proposed to move into a bigger building or to take on rent an additional building. A provision of Rs.50 per month is proposed additionally to provide the necessary additional accommodation.

4. Staff: An additional L.T. Assistant is needed for each of the forms IV to VI and a Laboratory peon. The post of part time music mistress will have to become a full time post. An additional Secondary Grade Teacher will have to be appointed who will be in charge of Form III which is now in the charge of an L.T. Assistant. This post of L.T. Assistant will be the administrative posts of Head Mistresses.

Equipment: An additional provision of Rs.1000 is necessary for each of the higher forms.

4. The financial effect of the proposal is as follows:-

1 Estimated income from fees.

To The Secretary to the Government of Madras,

Education and Public Health Department.

Fort St.George, Madras.

Sir,

I have the honour to resubmit for the favourable consideration of the Government the following three proposals which were deferred by the Government in their orders quoted above;

1. Opening of Higher Forms in the Government Middle School for Girls, Little Conjeevaram - Vide letters R.C. No.370-A/42 dated 28.9.1942 and 528-A/43 dated 24.9.1943
2. Opening of higher forms in the Government Middle School for Girls, Mayavaram - Vide letters R.C.Nos. 192-A/42 dated 6.9.1942 and 353-A/43 dated 24.9.43
3. Opening of a High School for Girls at Chidambaram - Vide letters R.C.Nos.506-A/41 dated 28.9.1942 and 517-A/43 dated 17.9.1943.

The proposal is to open Form IV in 1945-46 in each of the schools at Conjeevaram and Mayavaram followed by higher forms in succeeding years and to open classes I to V and Forms I to IV in 1945-46 in the school proposed at Chidambaram followed by the opening of higher forms in subsequent years.

: 2 :

2. I have fully explained the need for the proposals in my above letters. The present strength of the schools at Conjeevaram and Mayavaram is 110 and 183 respectively. The strength in Forms I to III in each school is given below:-

Conjeevaram	Mayavaram.
Forms I .. 7	Form I .. 31
Form II .. 6	Form II .. 15
Form III.. 10	Form III .. 16

The Inspectress expects a strength of 20 for Form IV in Conjeevaram. At present 49 girls are reading in Forms III to VI of the Boys' High School at Mayavaram. The Inspectress expects a strength of nearly 30 for Form IV proposed to be opened in Mayavaram. At Chidambaram the number of girls reading in Forms I to VI in the Boys' High Schools is 143 and the number of girls reading in the higher standards of the local elementary schools is 125. The Inspectress has a reasonable hope that the proposed high school at Chidambaram will have at least a strength of 200 from Class I to Form IV. The Inspectress reports that the proposals have been made after a local study of the question. As regards accommodation the Inspectress reports that suitable buildings are available for rent in each place. Last year I suggested the closure of classes I to III in the Middle School at Mayavaram in order to release accommodation for Forms IV to VI. Now a suitable building in the vicinity is available, at a monthly rent of Rs. 50/- a month. The lower classes in the school will be continued.

3. The financial effect of the proposals is shown in the annexure.

4. I am including the necessary provision in Part II of the Budget Estimate for 1945-46.

I have the honour to be,

From

Sir R.M. Statham, M.A., C.I.E., I.E.S.,
Director of Public Instruction, Madras

To

The Secretary for the Government of Madras,
Education and Public Health Department,
Fort St. George, Madras.

R.C.No. 421-A/45 dated 9th September 1944.

Government Training School for women, Tellicherry--Conversion
of standards VI to VIII into Forms I to III and opening of
Forms IV to VI--proposal renewed.

I have the honour to resubmit for the favourable consideration of Government the proposal to convert the higher standards of the Model school attached to the Government Training School for women, Tellicherry, into Forms I to III of a Secondary School and to open Form IV in the school in 1945-46 followed by Forms V and VI in succeeding years.

2. The need for another Secondary school for Girls at Tellicherry was explained in detail in my letter R.C.No. 1054-A/41 dated 11.9.42 disposed of in G.O.No. 668-Education dated 10.5.1943. The proposal was deferred by the Government again in their order No. 689 Rn., dated 3.5.1944. I may state that the proposal has been under consideration for the past ten years. The number of girls now reading in the Boys' schools in the place is 346 as detailed below:

Form I	42	Form IV	80
Form II	47	Form V	53
Form III	75	Form VI	44
		Total	346.

The number of girls in the standards VI to VIII of the Model school is 94. The figures indicate the urgent need for another Secondary school for girls in the locality. The Inspectress expects that these will be the following strength in the proposed school:

Form I	40;	Form II	45;	Form III	70.
		Total	155.		

Form IV .. 70.

In the circumstances I request again that the proposal may be sanctioned by the Government.

3. The position regarding accommodation is explained below:-

The Inspectress reports that Forms I to III can be accommodated in the existing buildings and that a temporary shed will have to be constructed at a cost of Rs. 1,500/- for the accommodation of Forms IV and V in next and subsequent years. The Inspectress further proposes that the compound adjacent to the school on the eastern side a little over two acres in extent with small houses on the site may be acquired and a substantial tiled shed may be put up on the site for the accommodation of the forms IV to VI. This will be taken up separately. In the meantime the temporary shed at a cost of Rs. 1,500/- may be put up.

It will be necessary to employ 3 L.T. Assistants for each of the forms IV to VI and one Malayalam pandit and one Laboratory peon.

With reference to the prevailing prices a provision of Rs. 1,000/- a year is required for the purchase of furniture, books and science apparatus in each of the years 1945-46, 1946-47 and 1947-48.

4. The financial effect of the scheme is summarised below:

W.M. ~~Order 85 and letter opening of new~~ ~~Secondary Schools for girls~~ ~~Extract from the remarks of the D.P.I. on the Memorandum.~~ ~~350~~ ~~X~~

The last question raised in the memorandum regarding the opening of new Government Girls' Secondary Schools in the Ceded District, is one which the Government may seriously consider, but also one which is bound up with the question of a revision of the method of calculating subsidies for secondary schools in the Ceded Districts.

Extract from the minutes of Adviser after discussion with Presidents and D.P.I.

Paragraph 8.- The D.P.I. stated that there was no move from the people themselves for the opening of new secondary schools for girls. Government presumably will be prepared to open Government girls' schools under their present policy. The D.P.I. may report on this.

(W) No position relating to the opening of schools for girls has been briefly summarized in the notes on pp 2-3 of 8-5-44 6-5-44 A.S. 43 and in the Part II Scheme notes for 1944-45 at (g) pp 15-18 of 15-5-44 6-5-44 with reference to A above, a draft memo.

Please see the D.P.I.'s letter on pp 12-15 of the P.D.B.s of the ^{the} ~~proposed~~ districts and Chittoor ~~last~~ ^{last February} suggested, in their joint memorandum, the opening of new ¹⁴ ~~new~~ Secondary schools for girls in the ~~four~~ ¹⁴ places specified in the statement on p. 5 of the D.P.I. considers that it is necessary to open a school in each of the following places ~~in the districts and Chittoor~~ -

- Districts and Chittoor) and has submitted necessary proposals:-
- (1) Hindupur. (3) Adoni. (5) Tirupati.
 - (2) Hospet. (4) Hanumanthalli. (6) Madanapalle.

He does not consider that the opening of schools at Proddatur and Nandyal is necessary for the reasons that in the former place a private association (the Arya Vaidya Sabha) ^{by him} has been permitted to open a secondary school for girls, while in the latter place there is a probability of the S.P.S. Mission opening a school. He has not offered any remarks in regard to the opening of schools in the remaining six centres; apparently he does not consider that they are suitable for the purpose.

2. In connection with the next year's budget, the Director has ^{an additional} submitted proposals for the opening of new Secondary schools for girls or for the opening of additional classes in the existing ~~institutions~~ ^{institutions}. The total number of ~~such~~ ^{proposals} is 17 - vide the statement at (R). The need for the opening of separate schools for Muslims will be found discussed in the note on pages 65-66 of G.O. No. 643 E.D. & S. 5-5-42. A brief retrospect of what has been done in recent years to provide facilities for the secondary education of girls (Muslims and non-Muslims) is at page 2-4 up of G.O. No. 654 E.D. & S. 5-5-43.

No. 687 E.D. & S. 3-5-44 and No. 689 E.D. & S. 3-5-44. It is for order whether all or only a few of the ¹⁷ ~~proposals~~ ^{proposals} proposed for the next year will be approved. It cannot be said that they satisfy the criterion prescribed for Part II Schemes in para (10) of G.O. No. 361 Finance & 10-3-44. In none of the 17 cases is it necessary to construct new buildings at present. The 17 proposals stand classified as follows:-

- (1) Adding High school Forms to the existing Middle Schools
- (2) Opening Middle Schools ^{anew}

No. (1) may be said to be a logical development of the policy which brought into being the Middle

Schools. Under No.(2), excepting the proposed school at Abhiramam and another at Gudiyattam, 5 new schools are in pursuance of developing girls' secondary education in the Ceded Districts, following the arguments of the deputation of the Presidents of District Boards which A.2 received last February. Under item (3), the proposal to open a Secondary school at Madanapalle is repeated by the D.P.I. for a third time in succession since 1942.

3. Apart from the general desirability of spreading women's education, the far-flung policy of post-war development which is to take place in the years to come will mean the employment of a considerable number of women teachers, and unless steps are taken in that direction even now by educating a large number of young girls up to the High School standard, it will be a very hard problem to find the requisite number of qualified teachers at the proper stages. In that view, the proposals may be said to be such as cannot be postponed for the duration of the war. With reference to para 10 of G.O.No.361-Finance, dated the 10th July 1944, The statement at "R" gives an estimate of the financial liability to Government in giving effect to these proposals. E.&P.H. may support all of them.

The D.P.I. has submitted proposals for adding High School Forms to certain existing middle schools, opening of new middle schools and opening schools with High School Department straightaway for girls. The proposals in this file relate to 17 places and two of these schools are intended for Muslims. A list of schemes together with an estimate of ultimate cost and cost in 1945-46 involved in each case is put up at Flag (R). They are briefly summarised as follows:-

I. Muslim Schools.

(1) Abhiramam (Ramanad District). It is proposed to open a middle school for Muslim girls with class V and Form I in June 1945 and Forms II and III in June 1946 and 1947 respectively.

It is reported that the Muslim public of Abhiramam and Nathan

have recently represented the need of facilities for secondary education for their girls and requested early establishment of a Government Middle School for girls at Abhiramam.

(2) Georgetown, Madras. In G.O.No.643, Education, dated 3-5-42 Government sanctioned the opening of a middle school for Muslim girls in George Town with classes IV and V and Forms I to III. It is stated that ever since the opening of the school there has been a demand for opening of higher forms and that the pupils of the school requested through a petition to open Form IV during 1944-5. The D.P.I. has proposed the opening of form IV in June 1945 and Forms V and VI in the succeeding years.

II. Schools for girls of all classes.

- (1) Hindupur,
- (2) Hospet,
- (3) Adoni,
- (4) Harpanahalli,
- (5) Tirupati, and
- (6) Madanapalle.

The Presidents of the District Boards of Ceded districts and Chittoor submitted a joint Memorandum to Adviser 2 requesting the opening of secondary schools for girls in these districts. They suggested 14 centres as suitable for opening secondary schools. On a reference to him the D.P.I. has recommended that there is need for a girls Secondary school for girls in each of the 6 places mentioned above.

(1) Hindupur, Adoni and Harpanahalli. At Adoni and Hindupur there are Higher elementary schools for girls run by the Municipalities. The Higher elementary school at Harpanahalli is under the management of the Bellary District Board. The proposal is that the Government should take over the above schools and convert them into middle schools for girls with classes I to V and Forms I to III with effect from June 1945. It is expected that the articles of furniture and equipment which are in possession of the above schools will be transferred to Government in the event of their management being taken over by Government.

(2) Hospet. It is reported that the Municipal Council has been anxious to convert the Higher elementary school for girls into a middle school but that its finances would not permit it. The public of the town are also very enthusiastic about the proposal to open a middle school for girls. The D.P.I. has proposed the opening of a Government middle school for girls and converting

school attached to the Govt. Training School for women, Tellicherry was deferred twice before in G.O. No. 663, Education, dated 10-5-1943 and 659, Edn., dated 3-5-1944. The D.P.I. has renewed the proposal this year and also states that it has been under consideration (by him) for the past 10 years.

2. The remarks of E & P.H. on pages 3-4 above on the above proposals may be perused. They state that item (1) viz. adding High School Forms to the existing middle schools may be said to be a logical development of the policy which brought into being the middle schools. Under item (2) on page 3 above it is stated that 5 of the 7 schools are in pursuance of developing girls' secondary education in the ceded districts. Under item (3) on page 3 above the opening of the 4 schools have been repeatedly requested by the D.P.I. since 1942.

For the reasons stated in para 3 on page 4 above they consider that the proposals may be said to be such as cannot be postponed for the duration of the war with reference to para (10) of G.O. No. 361, Finance, dated 10-7-1944. The financial effect of the proposals is as follows:-

	Ultimate cost.		Cost in 1945-6.	
	Recurring.	Non-recurring.	Recurring.	Non-recurring.
	Rs.	Rs.	Rs.	Rs.
Income from fees. (probably)	1,19,776	51,500	43,447	23,800
	36,923		21,338	

Last year in connection with similar proposals A.2. (as A.3) minutes that these are all very desirable, but elementary education must take first place. In view however of the reasons given by E & P.H. in para 3 on page 4 above this Department may agree to the proposals being brought forward as a Part II scheme subject to the orders in circulation including A.1. being taken.

Govt's policy seems to be in the matter of girls' education seems to be that middle schools and High Schools may be opened and maintained at State cost, while the Government undertakes no such responsibility as regards the education of boys (except Muslims). The underlying principle of course is that girls' education is in a backward state and needs to be encouraged. The way was a line in the future when girls' education has reached such a level that Govt has to divest themselves of the responsibility for maintaining the schools, as they have done in the case of boys.

2. The D.P.I.'s proposals are rather elaborate and involve an ultimate recurring expenditure of more than 1 lakh of rupees.

He has proposed the formation of

- (1) ~~Two~~ Middle Schools for Muslim girls in Abhiraman Kanner St. & Gangotri.
- (2) The conversion of a local board or Municipal (or Govt) High Elementary School into a Middle School in 9 places:— Aringy, Hozel, Adoni, Harpanaballi, Tirupati, Madanapalle, Kerner, Gudiyatham & Tellicherry.
- (3) The conversion of a Govt Middle School into a High School in 4 places — Ambasamudram, Madure & Vizianagaram, Georgetown (Muslim girls only).

3. There seems to be no other schools for girls in the places mentioned in item (1) above, and the proposal may be agreed to.

4. As regards item (2), it is seen that in all these places there is already a High Elementary School maintained either by a local body, or by Govt as part of a training school. I understand from D.P.I. that a pass out of a High Elementary School is under certain conditions equivalent to a pass from a Middle School (III Form) and that it is charge equivalent to a pass from the II Form. The Middle School is thus practically almost equivalent to a High Elementary School. Conversion of the latter into the former can therefore be justified only as a stopping stone to the ultimate establishment of a girls' High School. The proposal can therefore be justified only in regard to those places where which in their interest merits reserve a Govt girls' High School. The D.P.I.'s intention also seems to be the same, as he has now suggested High Schools in item (3) for places which have & use given Middle Schools very recently. Judged by this criterion, it seems that very few of the 9 places mentioned in item (2) above satisfy the test and can be considered suitable a stay as mostly small towns, and we can easily name

Finance have agreed to the proposals relating to Abhiramam, Conjeeveram, Mayavaram, Chidambaram, Madura, Vizianagaram and George Town. All these seven places appear also in the note
