Ref: (1) G.O.No Ms 1620 Edn., dated 29-11-43 and
(2) Govt. Memo 41434 G-2 Edn., dated 18-1-44.

The sanction accorded in the above G.O. for the continuance of the staff for the B.Sc.Home Science Course in the Queen Mary's College will expire in July 1945. I have the honour to submit the following report regarding the need for the continuance of the above course in the college.

2. The B.Sc Course in Home Science was opened in 1942-43. The number of students admitted to the course in each year is six. This is the number laid down by the University Inspection Commission having regard to the inadequate accommodation for the classes. I had already reported to the Government in my letter R.C.No.613 A/43, dated 8-12-1943 that the course is a joint course between the Queen Mary's College and the Women's Christian College.

3. The Principal reports that she received 22 applications for admission to the class last year and that she intends addressing the University to permit a few more admissions. She reports further that the course is working satisfactorily and there is an increasing demand for B.Sc.Home Science students as teachers, dieticians and research workers. The first batch of 5 students have passed from the college. Three have been employed as teachers and one is doing research work. It is reported that the students who passed from the Women's Christian College have all found places too. The University have recently instituted 'Household Art' as an optional subject in the Intermediate course and this will call for still more B.Sc.Home Science Graduates.

4. In the circumstances stated above, I request that sanction may be accorded for the continuance of the B.Sc. Home Science Course in the Queen Mary's College together with the staff of 2 Assistant Lecturers, 2 Demonstrators and 2 Attenders for a further period of two years from July 1945.

5. The necessary provision has been made in the Budget Estimate for 1945-46.

I have the honour to be,
Sir,
Your most obedient servant,
M. K. M. M. M.
For Director of Public Instruction.

Attention is solicited to the notes

of this deptt at pages 13-14 of (B). From the letter of the D.P.S. in the CP, it is seen that the B.S.C. Course in Home Science cannot be self-supporting till the University agrees to an increase in the number of admissions. This deptt need not, however object, to the continuance of the course having regard to its usefulness.
