From (Name) Dr. R.M.Mathew, M.B.B.S.
B.S.Sc., D.P.H.(Camb),
Designation Director of Public Health,
Station 1944 Madras.

Received.....Registered.....
To
The Secretary to Government
Education & Public Health
Department,
Fort St. George, Madras.

Enclosures: R. No. 30971-2-V.S. dated 1st December 1944.

Sir,

57709

Replacement of a Comptometer calculating and adding machine in the office by a new machine - sanction requested.

The one of the two Comptometer adding and calculating machines in use in the Vital Statistics section of this office has become unserviceable by rair use for nearly 18 years. The Madras Agents for the machine, Messrs Felt and Tarrant Company were addressed to have the machine repaired and a copy of their reply is enclosed.

It will be seen from that letter that it will be more economical to have the old machine replaced by a new machine rather than have the old one repaired. The repaired machine is expected to serve for three years, and the cost of repairs to amount to a little over Rs. 1,000/- while a new machine can be secured at a cost of Rs. 2,529 (Rs. 2,634, cost of a new machine less Rs. 105/- allowance for the old

2
2
machine, if returned to the company). A new machine is expected to give satisfactory service at least a period of 9 years and with proper care even longer as the old machine did.

In the circumstances, I request the Government to be pleased to accord sanction for the replacement of this Comptometer machine by a new machine at a cost of Rs. 2529/-.

R.R. 6-12.

For Director of Public Health,
Madras.

STATIONERY 3
Copy of letter dated 29th August 1944 from Messrs Felt & Tarrant (India) Co., Madras, to the Director of Public Health, Madras.

Ref:— Your Comptometer Machine No. 230755 under repair.

We have duly received your letter reference R.No. 30971 dated 7-7-44 and also your machine No. H. 230755. We have since given this machine our thorough inspection.

This machine was supplied to you during November 1926, that is over 18 years ago. Therefore it is a matter of considerable gratification to see that this machine has given you good service for nearly twice as much a longer period than the normal life time of Comptometer machine. (The usual useful life of a Comptometer machine being about 8 year to 9 years).

On examining the machine, we find that practically every moving part in it is very badly worn out. Unlike other machines, the one peculiar feature of the Comptometer machine is that every part of it is made of sufficient strength to pull its weight uniformly during the period of its life. You will therefore find that the machine rarely, if at all, requires any attention during this period. But then, all the time every part is getting about equally worn out, and when the machine finally breaks down it will be found that nothing short of a complete overhaul will put it in a satisfactory working condition.

A complete overhaul is an expensive job and one that we do not recommend, as our 56 years experience shows that it is more economical to replace a machine over about 10 years old with a new machine. Complete overhaul will cost you a little over Rs. 1000/- especially when there are about 1090 parts to be dealt with. Fur-

AX
Further the life period of the machine even after such a costly repair could not be guaranteed, though you may expect under normal circumstances, the machine, to give service for about 3 years after such repairs. We will therefore suggest that you replace your old machine with that of our latest W.M. 12 Column Indian Currency Comptometer machine, more especially, when your other machine No. 251993 also is completing its normal life period. ---

The current price of our W.M. 12 Column Indian Currency Comptometer machine is Rs. 2634/- nett less Rs. 105/- for your old machine if returned to us.

Should you decide to replace your machine with that of our W.M. 12 Column Indian Currency Comptometer machine you will have to apply to the Deputy Controller of Stationery, Calcutta, explaining him the details of the situation and asking him to supply you through us a new machine for your requirements. A copy of your letter to the Deputy Controller of Stationery, Calcutta may be forwarded to us for our necessary action.

We will therefore await your further instructions on this subject and in the meantime it will be quite alright for you to continue using the free loan machine placed with you.

STATIONERY OFFICE (MADRAS) AT GUINDY, SAIDAPET P.O.
ENDORSEMENT No. B.L. 5557/44, dated 21st December 1944.

Returned.

00163 21/45

In the circumstances stated by the Director of Public Health, Madras in his letter under reference, sanction may be accorded for the replacement of the present Comptometer machine in use in his office by new machine at a cost of Rs. 2529/- (Rs. 2634/- less Rs. 105/- being the allowance for the old machine to be returned to the Company.)

EDUCATION AND PUBLIC HEALTH DEPARTMENT
(Public Health)

G.O. No. 3360, 22nd September 1939

Vaccination—Panchayats—Notification authorizing expenditure—Section 127 (2) (a)
of the Madras Public Health Act—Issued.

READ—the following paper:—

From the Director of Public Health, dated 16th August 1939, No. 21636-3-V.

Order—No. 3360, P.H., dated 22nd September 1939.

The proposal of the Director of Public Health that Sanitary Inspectors employed by panchayats should conduct routine vaccination within the areas of those panchayats is approved.

2. The panchayats are requested to sanction expenditure for the equipment necessary for their Sanitary Inspectors for vaccination purposes.

3. The appended notification authorizing expenditure on vaccination by panchayats employing Sanitary Inspectors will be published in the Fort St. George Gazette.

FINANCE (PENSION) DEPARTMENT

G.O. No. 493, 10th August 1940

Provident Fund—Advances from the General Provident Fund and Contributory Provident Fund to meet expenses incurred in connexion with the marriage of an European, Anglo-Indian or Indian Christian subscriber or any person dependent on him—Not permissible.

READ—the following papers:—

G.O. No. 805, Finance (Pension), dated 30th November 1939.

From the Accountant-General, Fds. No. 6-597, dated 29th July 1940.

Order—No. 493, Finance (Pension), dated 10th August 1940.

The Government of India have held that expenses incurred in connexion with the marriage of an European, Anglo-Indian or Indian Christian subscriber or of any person dependent on him are not obligatory expenses within the meaning of rule 15 (1) (a) (iii) of the General Provident Fund (Central Services) Rules and rule 12 (a) (iii) of the Contributory Provident Fund Rules (India). The above ruling will apply to rule 14 (1) (a) (iii) of the General Provident Fund (Madras) Rules, and to rule 12 (a) (iii) of the Contributory Provident Fund Rules (Madras).
