No. 472
From

THE REGISTRAR,
ANNAMALAI UNIVERSITY,
ANNAMALAINAGAR.

To

The Secretary to Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Sub: Recurring grant for Engineering and Technology courses.

Arrangements are in progress for the starting of Engineering and Technological courses from July, 1945. Expert advice has been taken, Regulations have been framed and the Academic Council has given its sanction for the courses being started from July 1945. An advertisement for staff has been made and it is quite likely that the Head of the Department of Technology and Engineering will be appointed immediately, and heads of the several sections like Civil, Mechanical, Electrical and Technological, will be appointed, though not immediately, in the course of a fortnight. It may be that at least half the higher staff is appointed with effect from the 1st May or a little later in order that the courses might be drawn up in detail and the applications for admission to the several branches of Engineering and Technological courses being scrutinised. It may be that though the real start of instruction will be from the 1st July, some of the actual cost, recurring and non-recurring, will begin to be incurred a month or two in advance.

The recurring grant for the University in respect of its existing courses is provided as Rs. 2,02,000. The recurring grant in respect of the Engineering and Technological courses for the year 1945-46 may be expected to be a two-thirds of the minimum cost of Rs. 2 lakhs for the 8 months of the working of the course. But in actual practice, as pointed out above, it may be a little more than that.

R/31-12-45. As according to G.O.No.1892 Edn. dated 20-12-1944 all grants are adjustable at the end of the year, I request the favour of the recurring grants being passed in monthly instalments from April, 1945 on the basis of a recurring cost of Rs.90,000 for the whole year, i.e.

Proven made in BE
is only Rs. 83,000

According to the text of para 2 - R/31 the Annamalai Univ. should be given the necessary grant only after the Engg. college has been opened. It is expected to begin to function in July.45. The Registrar says that some of the staff may be selected earlier and expre. incurred on that account. Even so, it does not appear to be necessary to make the payment now. We may wait a little & see progress. The staff will have to be paid only ~~when~~ ^{as} ~~it~~ ^{the} ~~university~~ ^{university} ~~is~~ ^{is} ~~ready~~ ^{ready} to start. A2 (see no. 1000) is accd to Annamalai Rep's request. 26.4.45 S/H

With refer. to A2's minute on previous page, it is noted that if the new Engg. college works for 8 months in 1945-46, the grant payable will be 2/3 x 1.33 lakhs or .89 lakh, subject of course to adjustments with refer. to actual expre. The budget however includes a provision of Rs.83 lakh. Orders re. disbursement may now be made with refer. to provision of Rs.83 lakhs & the matter revised, if necessary, after the actual expre. is known. Draft revised. Finance for acceptance.

(Previous Finance note on p.2 above)

Please see A.2's minute on page 1 above, E.P.H. note above and the draft order as revised.

The minimum recurring grant for a full year towards the maintenance of the new College of Engineering is Rs 1.33 lakhs. The minimum grant to be actually disbursed to the University in the current year will depend on the date when the college actually begins to function. E.P.H. propose to review the matter, if necessary, after the actual expenditure is known.

The draft order as revised may be accepted.
