Subsidy - District Board, Tinnevelly - Elementary Education Fund account - Subsidy for dearness allowance to teachers - reduced.

G.O.No. MS 368 Education dated 12-3-45. (E)

In their order quoted above, the Government have directed that a sum of Rs.5,040/- representing excess subsidy towards the payment of dearness allowance to elementary school teachers should be refunded to Government and the fact reported.

I have to state in this connection that the closing balance in the revised budget for 1944-45 under Elementary Education Fund as per budget

budget submitted by me is only Rs.3,730/-. Taking into account the anticipated closing balance of Rs.710/- in the revised budget as worked out by Government, the excess amount works to only Rs.3,020/-. I request that Government may be pleased to issue early orders as to the actual amount to be refunded on the principle enunciated in the Government Order.

'Basic' schools have not been started in the State.

Cochin.

The 'basic' scheme has not yet been tried in the State.

Hyderabad.

The 'basic' scheme has not been introduced in the State. A revised curriculum which lays special stress on craft-work has been introduced in primary schools, but no attempt is made at any kind of vocational or pre-vocational education in the primary stage. The primary course covers a period of 4 years but an additional class (V) is provided for pupils who do not proceed to a secondary school. The courses of study for this class are of a practical nature with a pre-vocational bias.

The Hyderabad scheme also makes definite provision for the establishment of different types of vocational and technical schools for those pupils who do not desire to proceed to secondary schools of the normal type.

The Budget Estimate of the District Board for 1945-46, as framed by the District Board, closes with a balance of Rs.34,596 under the General Account against the minimum closing balance of Rs.27,855. The question whether the District Board can pay any increased contribution from its General to its Elementary Education Fund in 1945-46 can be determined only towards the close of 1944-45 with reference to the final decisions which may be reached on the proposals now under consideration to augment the resources of local bodies. If the proposal to pay Rs. 74 lakhs to local bodies in 1945-46 towards the deficiency in the maximum toll compensation in the years previous to 1941-42 is carried out, this District Board will have an additional income of Rs. 2.93 lakhs in 1945-46.

2. With reference to 'A' on p. 2 above, it may be noted that the P.D.B. has stated in the general Budget for 1945-46 that the credit taken for land cess in the Budget is provisional as the Collector had not intimated his estimate. Presumably, the credit taken for education cess in the Budget Estimate is also provisional.

3. If the proposal under consideration in L.& P.H. to pay to local bodies from 1945-46 grants equivalent

2·A·

to the income from education cess levied up to 3¼ pies is carried out, this District Board will secure an additional grant of about Rs.21,000 a year from 1945-46 for elementary education.

4. The case may be passed on to Finance.

Please see para 4 on page 2 above.

The Dt.Board has taken credit in the Budget Estimate for 1945-6 of the E.E.Fund for a Govt. contribution of Rs 54,050 towards the payment of dearness allowance to teachers. The necessity for the payment of a Govt. subsidy will arise only if the Dt.Board cannot contribute an adequate amount from its General Fund to E.E.Fund. The Govt have practically decided to pay arrears of toll compensation referred to in para 1 of L.A.Asst.Secretary's note on p.3 above. As this Dt.Board may get an additional income of Rs 2.93 lakhs in 1945-6 it should be possible for it to meet any deficit in E.E. Fund by a larger contribution from its General funds. There may be no necessity for a Govt. ~~contribution~~ Subsidy at all.

2. It may be noted that a subsidy of Rs 40538 has been sanctioned this year for dearness allowance on the presumption that the closing balance ... 45 would be Rs 710. It is now seen that there may be a balance of about Rs 5040. The question for consideration is whether a sum equivalent to the closing balance may be recovered. The calculations in the budget do not take account of the cost of the Maravar schools. The non-recurring cost is wholly met from provincial funds. If provision is made in the budget for the opening of ten schools the deficit in 1945-46 will increase to Rs 29780 + Rs 5400 or Rs 35,180. ~~The non-recurring cost~~

Out of the total additional amount so far ascertained a sum of Rs 3.60 lakhs is required to wipe off the deficit under the General account and to provide the minimum closing balance. It is presumed that provision may be taken in the budget for the additional contribution of Rs 22 000 from the general fund as agreed to by L.A. ~~The budget will then close with a deficit of Rs 13 180.~~
