ASST. SECRETARY TO GOVERNMENT
11 FEB 1945
EDUCATION AND PUBLIC HEALTH DEPT.

The following qualities and quantities of paper were issued to Local Bodies up to the end of December 1944.

	T.	Cwt.	Lbs.
Unbleached.	41	13	24
Typewriting.	1	0	5
Duplicating.	1	19	14
Cartridge (S B).	1	5	80
Brown wrapping.	0	16	78
Blotting.	0	7	57

58-9-8½ lbs. of unbleached paper were received against allotment for Local bodies for 1944-45 during October, November and December 1944. Hence arrangements have been made to supply the balance of 50% of the requirements of local bodies during 1944-45. The articles are under despatch. The supply of typewriting duplicating will not affect the requirements for Government use. As regards Cartridge and blotting 92½ reams of blotting and 51 reams of S.B.Cartridge were received from Bengal Paper Mills during 1944-45 against allocation for local bodies for 1943-44. Thus Government paper position is satisfactory except paper in reels.

and allotted 350 tons of unbleached paper to Andhra Paper Mills for supply to the Government of Madras. Approximately 200 tons cancelled from the present allocations with the Mysore Paper Mills relate to paper in reels. As Andhra Paper Mills do not manufacture paper in reels, the Director of Paper was addressed to arrange for the supply of reels. The balance of 150 tons of unbleached D.F.20 lbs. are expected to be received from the Andhra Paper Mills before 31-3-1945.

(B). The Mysore Paper Mills have completed their allocations to the Government of Madras according to the revised allocations made by the Director of Paper referred to in the remarks (A) above.

REMARKS.

(A) Supply order was placed with the Andhra Paper Mills for 150 tons of unbleached paper as they are not in a position to supply pape in reels. Towards the balance of 200 tons referred in the monthly statement for January 1945 as much quantity of imported reels that will be suitable for use in the Government Press will be obtained from the Centr Stationery Office.

(B) 5-18-69½ of unbleached paper intended for [illegible] Corporation of Madras were reported to be unsuitable for them. Hence arrangements were made with the Sirpur Paper Mills for the manufacture and supply of an equivalent quantity in consultation with the Secretary to Government, L.A.Department, Madras. The Mills have made a corresponding reductions against duplicating paper. As Andhra Paper Mills do not manufacture duplicating paper no supply order could be placed for 5-18-69½ due from them.

(C) The Sirpur Paper Mills have offered to supply semi-bleached for Bleached and Unbleached for Badami. The Director of Paper has agreed to the substitution.

(D) The reductionof 6 tons of duplicating paper will not affect the requirement of local bodies as they were already supplied w duplicating paper from Government stock. The requirements of Governmen offices are not also affected as news-printing paper available in stock is found suitable for taking roneo copies.

(E). The Rothas Industries, Bihar have agreed to supply Mill Boards instead of Dupleix Boards as the latter was found unsuitable by the Registrar of Co-operative Societies.

PAPER - requirements for 1944 - 45 - Ref:- Government Memorandum No. 36501-B/44-17 Edn., dated 20th April 1945.

Information called for in the Government Memorandum read above is furnished below:--

193 – p45 ante

(1) Approximately 192 tons of paper were due from the Mills in respect of the requirements of all indentors concerned.

(2) Out of this quantity nearly 79 tons have either been received or the Mills have advised despatch of the goods in April.

Paper Directorate have not so far prohibited supply of 1944-45 balances during 1945-46. Thus no appreciable short supply is expected during the last year except in the case of paper in reels. Even in this case reels are expected to be received from imported supplies.

2. During the current year the controller of Printing and Stationery (India), New Delhi has promised to supply 240 tons of bleached or unbleached and 300 tons of Badami referred to in para. 2 of Memo. No. 45982-B/44-15 Edn., dated 4-4-1945 from the imported supplies.

Put up to D.S. in another connection

3. As the paper position during the current year will be quite satisfactory no special economy as regards the consumption of paper seems necessary.

I see that the ~~allotments~~ supplies made against the local bodies' requirements are practically "nil". During the course of the year orders have been issued that a certain quantity of paper may be issued to local bodies from the Govt. stock which should be recouped when the supplies intended for local bodies are recd. I would like to know v. quickly from D.P.S. how much of the Govt. supply has been issued and how much of this has been recouped.

2. The statement showing the progress of supply of paper for the month of January will be found on p. 33 c.f. It will be observed therefrom, that the paper Directorate has reduced the quota of unbleached paper and badamipaper due from the Mysore paper mills and Sirpur Paper Mills and allocated a further quota of 350 tons of unbleached paper to the Andhra Paper Mills, which has already complied with the allotment originally made. This reallotment has apparently been made with reference to this Govt.'s letter on pp. 15-16 c.f.

Extract on p 35 CF

3. The Andhra Paper Mills, Rajahmundry have called for certain particulars in regard to the additional quota of 350 tons to be supplied. The S. of S. may be asked to furnish the information. Attention is in this connection invited to paper marked M on p 34 c.f.

G.O. No. 2926, 16th August 1939

Establishment—Public Health—Punishments and appeals—Position after the Public Health Act—Direction under section 145—Issued.

Order—No. 2926, P.H., dated 16th August 1939.

Some doubts have been expressed as to the exact scope of section 14 of the Madras Public Health Act, and the authorities competent to appoint, transfer and punish public health subordinates employed by local authorities. At present no regulations have been framed by the Government on this question and consequently under the provisions of sub-section (2) of section 14, it is the Health Officer who should appoint, transfer and punish public health subordinates under his control, subject to the approval of the Executive Authority. It is proposed to frame regulations as regards punishments and appeals of subordinates of local authorities but as the issue of regulations is likely to take some time, the Government consider that the provisions under the Statutory Rules framed under the Madras Local Boards Act and the Madras District Municipalities Act should continue to apply to punishments and appeals. The order contained in the annexure to this Government Order gives effect to this decision of the Government and it will be published in the *Fort St. George Gazette.*
