The Government while sanctioning proposals for levy of the Education tax by local bodies under section 34 of the Madras Elementary Education Act, 1920, have been imposing a condition that the proceeds of the tax and the equivalent Government contribution should be reserved for expansion of Education and should not be diverted for the maintenance of existing schools or for the revision of salaries of teachers employed therein. The main object of imposing this condition was to prevent local bodies from relieving themselves of their legitimate obligation of providing from their general revenues for the revision of salaries of teachers in schools under their charge.
