West Godavari Collector's Office,
Ellore, Dated 26-5-45

From

Sri Rao Bahadur I.S. Rajamayya, B.A.,
Collector of West Godavari, Ellore

To

The Secretary to the Government,
Education and Public Health Department,
Fort St. George, Madras.

Sir,

Sub: MILITARY - Recruitment - Amenities to villages which
have sent large number of recruits - West Godavari
District - Tadepalligudem Taluk - Madhavaram village -
Conversion of Board Higher Elementary School into a
Middle School - Meeting of expenditure - Report -
Submitted.

Ref: (A) G.O.No.Ms. 3588 Public (War) Department, dated 14-12-44;
(H) and Government Memorandum No.7009-45-3 Public (War)
Department, dated 23-4-45.

In pursuance of the instructions issued by the Government in
their memorandum cited above, I submit herewith an extract of my
proposals in "Education" already submitted to the Government in my
Roc.H2-11909-44, dated 29-3-45. The District Board, West Godavari,
in its Resolution No.75 dated 30-4-45 (copy enclosed) has resolved to
convert the Board Higher Elementary School at Madhavaram village into
a free Middle School from the next school year (1945-46) on condition
of the Government meeting the entire expenditure both recurring and
non-recurring. The President, District Board, West Godavari, Ellore,
while

while communicating a copy of the Board's Resolution informing me that the total recurring expenditure on account of the conversion of the Board Higher Elementary School at Madhavaram into a Middle School comes to Rs.5616/- per annum plus the cost of playground to be separately provided for as non-recurring expenditure. *ADPHS* requests to be informed whether the Government will bear the entire expenditure referred to. I submit that the entire cost may be met by Government temporarily for some years until the financial position of the District Board improves; and I request that the Government may be pleased to consider this point and issue early orders in the matter.

2) As regards the construction of pucca buildings for the Middle School and the Girls' Elementary School in the village, I have not yet received the estimates from the President, District Board, West Codavari. The estimates will be submitted shortly.

Deputy Secretary to Govt.

Special
2/6/45
To the Director of Public Instruction, Madras with connected records to be dealt with reply.

Copy of extract of letter No.Roc.H2-11909-44, dated 29-3-45 from the Collector, West Codavari, Ellore, to the Secretary to the Government of Madras, Public (War) Department, Fort St. George, Madras.

(1) Education. At present there exists in the village a Higher Elementary School for boys; there are 220 boys and 11 girls in this school, of whom, 49 boys and 11 girls, are in the VI, VII and VIII classes. The District Board has already proposed to ~~intergrade~~ *integrate* compulsory elementary education in this village. The villagers desire that this free Higher Elementary School should be converted into a free Middle School so as to enable the children of the Service men to get a standard of education which would enable them to join High School and other higher courses of study, etc. This request is reasonable. The President of the District Board has agreed to get a resolution passed by the District Board for the conversion of the Elementary School into a free Middle School. I am also writing to the District Education Officer to give effect to the proposal.

There is a building for the Higher Elementary School now; but the accommodation in it is very insufficient. The District Board is proposing to construct a thatched shed as an addition to the existing building. The villagers desire that a tiled permanent building should be constructed for the Middle School. This request is reasonable. The President, District Board, says that the District Board has no funds to spare for the construction of such a pucca building and that if Government gives a *grant* of the money required for the purpose, he will have the building constructed by the District Board Engineering staff.

P.5 infra

-2- 4

I agree with him and request that the Government may be pleased to sanction a special grant of about Rs.5,000/- for the purpose; I have asked the President to prepare and submit an estimate and I will submit it to the Government in due course.

There is a separate Girls' Elementary School in the village; it is housed in a rented building. A pucca building is required for this also. The District Board has no funds for such a building. Therefore in this case also, the Government may be pleased to make the necessary grant. I will submit the estimate separately.

M A D H A V A R A M. Via. NIDADAVOL.
West Godavari Dt.

Most Honoured Sir,

I beg to submit that our village contributed with manpower to a larger extent in this war and in the last war. Our Village is counted as the first in Andhradesa and second in this Province according to the Government list. The Government has recognised this fact and sent the District Collector to our village in order to submit the proposals for the improvement of our village. The Collector has sent his proposals to the Madras Government for approval. We earnestly pray your honour to be kind enough to carry out the proposals at an early date. Most urgent of all the proposals is the opening of a FREE MIDDLE SCHOOL in our village. It is to be opened in the month of July next. We apprehend an adjournment on the part of the concerned authorities for the next year. Therefore our prayer and request to your Honour is that you should expedite the matter of opening the School and see that it is opened in the month of July next and oblige for which act of kindness we shall ever pray for your long life and prosperity.

I beg to remain,

Most Honoured Sir,

Yours most obediently,

S. Seshayya

Dated 1st. June 1945.

The Secretary to Government,
Education and Public Health Department.

27023

Sir,

Sub: Military - Recruitment - Amenities to villages which
have sent large number of recruits - Conversion of
Board Higher Elementary School, Madhavaram, West
Godavari District into a middle school; Meeting of
expenditure.

In resubmitting herewith the papers forwarded to me for remarks
in Government endorsement No.24207-1.B. Education, dated 2-6-45, I have
the honour to state as follows:-

2. In G.O.No.Ms.3588 Public (War), dated 14-12-44 Government
have expressed the opinion that villages which have specially distinguished
distinguished themselves by sending large number of recruits to the war
deserve some special mark of recognition in the way of provision of
wells, roads, dispensaries, protected or safe water supply and other
General amenities required by them. It is not clear whether the pro-
vision of schools at Government cost is also contemplated in the term
'General amenities'.

3. The District Board, West Godavari, has resolved to convert the
Board Higher Elementary School at Madhavaram into a free middle school
from 1945-46 to enable the children of the service men to get a standard
of education which would enable them to join high school and other
higher courses of study etc. The need for a free ~~xxx~~ middle school is
not understood. No doubt, there will be a large number of children
of soldiers in the village who deserve to get the benefit of free edu-
cation. But it cannot be said that all the pupils who will seek
admission in the middle school will be children of soldiers. The service
men's children are already eligible for fee concessions, allowance for
books etc. in whatever schools they study. There will also be a number
of other children in the village and there seems to be no need to give
them free Secondary Education merely because they live in a village
which has sent a large number of recruits to the war.

4. Again, if Government agree to meet the entire recurring and
non-recurring expenditure in respect of this middle school, in spite of
the policy enunciated in G.O.No.1157 Education, dated 12-6-1930, it is
quite likely that there may be a number of other villages which have
specially distinguished themselves by sending similarly large number of
recruits to the war and requests from local bodies for sanction of full
grant from provincial funds towards the opening or maintenance of new
Secondary Schools in these places also may have to be considered. This
would mean an extra commitment to Government on a considerable scale.
Further, the District Educational Officer points out that the strength

in forms I--III in the..

in forms I--III in the new middle school proposed to be opened will be very uneconomic. I, therefore, consider that it is not desirable that Government should make a departure, in this case, from the established policy in the matter of subsidies to local bodies as enunciated in G.O.No.1157 Education dated 12-6-1930. 'A' on 7.4.75 (I)

SCHOOLS - Opening - Special preference to recruiting areas - Orders passed.

READ:- From the Collr. of W. Godavari, Roc.No.H2-11909-44, dated 26-5-45. From the D.P.I., R.C.No.690-G/45, dated 14-6-1945.

ORDER (MS.) No. 995 Edn., dated 6-7-45

The Government agree with the D.P.I. that the opening of new schools should be left to be arranged for according to the general considerations governing the matter. They do not propose to lay down now any special preference for good recruiting areas.

2. The conversion of the Board Higher Elementary Schools at Madhavaram on the lines proposed by the Collector of West Godavari will be accordingly be proceeded with.

C.No.24207.B. From the Collector of West Godavari, No. Roc. H.2-11909.44 dated 26-5-1945.
From the D.P.I. RC.No.690.G/45 dated 14-6-'45.

SCHOOLS - Elementary - West Godavari District Board - Conversion of the Higher Elementary School at Madhavaram into a Middle School.

In connection with the provision of amenities to villages which have sent a large number of recruits to the army, the collector of West Godavari, has proposed

1. that the Board Higher Elementary school at Madhavaram may be converted into a middle school from the year 1945-46; and
2. that the entire recurring and non-recurring expenditure on account of the conversion of the school may be met from Provincial funds until the financial position of the District Board, West Godavari, improves and the District Board is in a position to meet the expenditure from its own funds.

2 The D.P.I. considers that there is no necessity to open a middle school at Madhavaram and that the proposed school will be very uneconomic. In the circumstances, the proposal to convert the higher elementary school into a middle school may be negatived.

3 According to the principle enunciated in paragraph 2 of G.O.No.1157 Edn. dated 12-6-1930, the subsidy paid to local bodies towards the cost of maintenance of secondary schools is a fixed lump sum subsidy not liable to alteration on account of new schools ~~which may be~~ opened after 1930. The D.P.I. considers that it is not desirable to make a departure from this policy and in respect of schools to be opened in villages which have specially distinguished themselves by sending a large number of recruits to the war. The D.P.I.'s view may be concurred in.

4 The remarks of Public (War) may be invited U.O.

Please see the Edn. & P.H. Dept's note at pp.1-2 ante. Attention is invited in this connection to the letters of the Secretary of the Madras Provincial Sailors', Soldiers' and Airmen's Board and the resolution of ~~that~~ that Board at pp.3, 9 and 11 c.f. in (A) and the orders in circulation at pp.16-17 n.f. in (A). It may be mentioned that the U.P.Govt have also issued similar orders to provide for the construction of panchayatghars, improvement of village sanitation, supply of materials for games ~~and~~ or physical culture and other objects of public utility in villages with outstanding military connections. The intention of this Govt is to provide wells, dispensaries, roads, protected water-supply and other general amenities to villages which have distinguished themselves by sending exceptionally large number of recruits to the Armed Forces, not only as a special mark of recognition of their War effort but also with a view to encourage recruitment in general. In view of the Edn. & P.H. Dept's note on p.2 ante, this Dept may agree that provision of schools at Govt cost need not be included among "general amenities" mentioned in G.O.No.3588, Public (War), dated 14-12-1944. With these remarks the file may be returned to Edn. & P.H.

28.6.45 Village schools do appear to be an "amenity" in the general sense of that word. But as Secy to P.H. has noted that the provision of schools is to be arranged on general considerations relating to the Post-War Plan of the S.P.7. says that the present proposal will be very uneconomical, this Dept. may agree that it may be turned down.

especially on the point raised at "X" on page 9 c.f.)

The real point is that raised in para 2 of the Director's letter, namely, whether the provision of secondary schools wholly at Govt. cost is part of the amenities contemplated by G.O. 3588 Pub. of 14.12.44 as a reward for villages which have done exceptionally well in the matter of recruitment to the armed forces.

What emerges from the Director's letter is that the educational concessions provided for the children and dependants of 'soldiers' shd. generally be thought sufficient and that vol. schools shd. be left to be opened in accordance with current ednal policy. That policy is that secondary schools ~~shd. be opened~~ ^{where} by private managers in places where there is need for them, will be eligible for aid according to the Grant-in-Aid Code and that local bodies shd. meet the cost of any new secy. school which they may open, from their own resources.

developed. Also 28.6.45 - S) Pub (War) for P.H. will be used, & full use may be made where schools are found to be necessary & the Govt. shd. have power to provide them; the provision of schools will be arranged on general considerations relating to the Plan & no special preference has been laid down for good recruiting areas as such position may remain so.
