Sir,

Sub: Grants--Elementary Education--Building grants--Tuticorin Municipal Council--construction of additional accommodation for the Boys' School at Sevendakulam and Girls' School at Melur subsidy from Government--1946-47--sanction--solicited.

Ref: Government Memo.No.36607-1-E.2 P.H. dated 14-8-45.

pp35-36 of (a)

========

The Government in their ~~memo.No~~.43570-A/44-3 Education dated 16-4-45 were pleased to sanction a subsidy of Rs.5,950/- for works relating to the construction of additional accommodation for the school buildings cited above for payment in 1945-46. The estimates pertaining o the above works were prepared on the basis of the schedule of rates current in 1944-45. Since then, the schedule of rates have undergone hange, consistent with the rise in the prices of materials due to the esent inflation and consequently the estimates had to be revised in cordance with the schedule of rates for 1945-46.

According to the revised estimates, the total cost of construction comes to Rs.14,350/- as shown below:-

(1) Sevendakulam Boys' School.	Rs.7,650/-
(2) Melur ~~Boys'~~ Girls' School.	6,700/-
Total.	Rs.14,350/-

Copies of the revised estimates are enclosed for favour of ready reference.

2. In the circumstances explained therein, it will be seen that the total half grant on the above works payable from provincial funds will be Rs.7,175/- and it is requested this sum may kindly be sanctioned as half grant for the works in 1946-47.

p.t.o.

2

3. The work will be taken up for execution during 1945-46, as soon as the revised estimates are received back duly approved by the Director of Public Instruction and the half grant will be claimed in the usual form as soon as the work is executed in 1946-47.

4. Necessary provision will be made in the Budget Estimate of this municipal council for 1946-47 towards its share of the work. The resolution of the Council will be submitted shortly.

The scheme has been pending since 1944-45. Government sanctioned a revised subsidy of Rs.5,950/- in Memo No.43570 A/44-3 Edn., dated 16-4-45 for the year 1945-46 with definite instructions to complete the work and claim the subsidy before 7-3-1946; but, on the other hand, the construction of the building has not yet been taken up and it is not likely that it will be completed by the end of this year. However, as there is need for elementary schools, the request of the Commissioner may be granted and the scheme transferred as Part II scheme for 1946-47. The Commissioner may be informed that no further extensions can be granted.

For 1946-47, it is necessary to consider only ~~the following~~ five works. ~~Of these, the works in item (1) were already approved and those in items (ii) to (v)~~ ar ~~new works to be approved and they are essential.~~

(i) Municipal Council, Tuticorin - Extensions to two school buildings (Elementary school for Girls, Melur and Elementary School for Boys, Sevendakulam).: The works estimated to cost Rs.6,950 were approved and a subsidy equal to one half of the cost was provided in the B.E. for 1944-45. The Council was unable to take up the works. The estimates were revised ~~to Rs.11,900/~~ in 1945-46 and a subsidy equal to one-half of the estimated cost of Rs 11,900 was provided in the current year's budget. The Council has now reported that the works will be take up this year and the grant claimed in 1946-47. The estimate as revised again with reference to current rates is Rs.14,350/-. The D.P.I. recommends a subsidy of one-half of this amount.

The Government were pleased to enhance the subsidy towards the construction of additional accommodations to the Sewendakulam Boys' School and Melur Girls' School to Rs.5950/- from Rs.3475/- in the reference cited above. As the estimates which were prepared on the basis of schedule of rates for 1944-45 cannot be put into action in 1945-46, the estimates were revised with reference to current schedule of rates i.e. 142% excess over the rates of 1942-43 and sent to the Director of Public Instruction, Madras, for sanctioning the estimate and enhanced subsidy. As sanction for the revised estimates has not been received from Director of Public Instruction, Madras, the work could not be taken in the current yea and the subsidy if sanctioned within the current year cannot be drawn. Under the circumstances the subsidy already sanctioned to be drawn in 1945-46 viz., Rs.5950/- is surrendered.

A total subsidy of Rs 5950/- was sanctioned towards the construction of buildings for the Sevendakulam and Melur girls Elementary schools and it was provided for in the Budget Estimate for 1945-46. The Council was not able to start and complete the works then and has therefore applied for inclusion of the scheme in the budget estimates for 1947-48. The estimates have since been increased and the total subsidy claimed now is Rs 7175. The plans and estimates are under the scrutiny of the Consulting Architect to Government and as soon as his remarks are received. I shall submit the ~~application~~ ~~of the~~ application of the Commissioner, Municipal Council together with my specific recommendations. I am including the scheme in Part II of 1947-48 and I request a provision of Rs 7175/- may be tentatively made in the budget estimates for 1947-48.

pp31-32 c f 9 (S)

With a view to start and complete the construction work in respect of additional accommodation required for the Municipal Girls' School, Melur and for the Municipal Boys' School, Sevendakulam, during 1945-46, itself, two estimates for Rs.6700/- and Rs.7650/- respectively for the above schools were prepared and sent to the Director of Public Instruction, Madras in this office letter No.21096/43 dated 11-9-45 a copy of which is enclosed herewith along with a copy of council's resolution No.54 dated 24-9-45. No reply was received from him either during 1945-46 or till the end of May 1946. A reminder was therefore sent to him on 4-6-46 requesting his approval to the estimates already sent as it is proposed to complete the work at least during the current year.

p6 infra
p6 infra

The estimates have not yet been returned. The Director of Public Instruction has in his Proceedings R.C.No.1838-B/42 dated 1-6-46 communicated a copy of second para of G.O.No.Ms.1010 Edn., dated 20-5-46 and wants to know whether the Municipal Council is prepared to meet its share of cost from its general funds and if so whether the two works in question will be completed before March 47.

pp31-32 c f 9 (S)

I enclose herewith a copy of council's resolution No.10 dated 13-8-46 and have to state that if the Director of Public Instruction had replied to this office promptly or returned the estimates with the necessary approval the council would have started the work in 1945-46 itself and by this time it would have been in a position to say definitely that the work will be completed before March 47. But, as matters stand at present, it is difficult to say whether the work can be completed by March 1947. The estimates have to be revised on the basis of the current schedule of rate on receiving them from the Director of Public Instruction and approval obtained thereafter.

p7 infra

I request the favour of Government orders on the matter with reference to the subsidy to which this municipal council is eligible. I am however including this item of grant in my application that is being submitted to Government for grants for 47-48.

On receipt of the orders of the Government contained in their memo cited above, the Municipal Engineer was requested to complete the work and report before January 46, so that the subsidy sanctioned by them may be claimed before the appointed date viz., 7-3-46. The Municipal Engineer stated that the estimates were prepared on the basis of the schedule of rates which prevailed in 44-45 and that as the rates have undergone a rise now in 1945-46 when the work has to be exeucted, the estimates required further revision in accordance with the schedule of rate current in 1945-46. Accordingly he has revised the estimates and as per the revised estimates, the value of work comes to Rs.14,350/- as detailed below.

(1) Sevendakulam Boys' School.	Rs.7,650/-.
(2) Melur Girls' School.	6,700/-.

With a view to provide additional accommodation to the Boys' School, Sevendakulam and Girls' School, Melur, estimates for these two works, prepared on the basis of the schedule of rates for 1945-46 for Rs.7650/- and Rs.6700/- respectively were sent to the Director of Public Instruction, Madras, for approval in this office letter to him No.B.1.21096/43 dated 11-9-45. They have not yet been received back so far. These will have to be revised so as to conform to the schedule of rates for the current year after they are returned by the Director of Public Instruction. It is therefore not possible to say what exactly will the amount required for these works. It is, however, proposed to take up the works and complete them before the close of the year 1947, and claim the half grant also in 1947-48. The cost of the work will not in any case go below the amount already estimated, in view of the high cost of labour and dearth of materials. The half grant that will have to be claimed is Rs.7175/- on the basis of the estimates pending in the Director of Public Instruction's office.

Copy at p6 ante

If on hearing from the Director of Public Instruction, it is found that the estimates have to be revised with reference to the current schedule of rates and their amount exceeds Rs.14350/- consequent on this revision, Government will again be addressed for a half grant equal to half of the increased amount over that for which Government will sanction the subsidy. This will be done in 1948-49 making the necessary provision in that year.

Provision for a sum of Rs.7175/- will be made in the Revised Estimate for the current year. It is requested that Government will be pleased to sanction a like sum viz., Rs.7175/- as a subsidy payable to the Municipal Council in 1947-48 in the first instance allowing it to claim the balance if any in the year 1948-49.

In G.O.No.528, Education, dated 10-4-1944, a subsidies of Rs.1605/- and Rs.1870/- were sanctioned to Municipal Council, Tuticorin, being the amounts not exceeding one half of the actual cost of extension to the buildings of the Municipal Girls' School, Melur and Municipal Boys' School, Sevendakulam respectively and the Commissioner was asked to complete the works before 10-3-45. The Municipal Council did not take up the works but applied for an enhanced subsidy; and in Govt. Memo.No.43570 A/44-3, Education, dated 16-4-45, the total subsidy of Rs.3475 was raised to Rs.5950/- and the commissioner was directed to complete the works before 7-3-46. The Commissioner again sent in a revised estimate for Rs.14,350/- instead of taking up the construction. Kind attention is invited to my reply R.C.No.1838 B/42, dated 12-10-45 to Govt. Memo.No. 43802 A/45-1, Education, dated 4-10-45 and also orders in G.O. No.Ms.1010, Education, dated 20-5-46. In G.O. 528 Edn., d/10.4.44, the Govt

pp13-14 c. f of Ⓐ sanctioned to the Ml. cl., Tuticorin, a subsidy of Rs 3,475 payable in 1944-45 towards the cost of extension of the buildings of the Municipal Girls' School, Melur and the Municipal Boys' School, Serandakulam. The cl was

p15 c of Ⓐ unable to take up the works in 1944-45. As the estimates had to be revised the maximum subsidy payable for the

pp35-36 c of Ⓐ works was raised from Rs 3,475 to Rs 5,950 and the cl. was

p36 c of ibid allowed time till 7.3.46 to complete the works and claim the subsidy. The work was not taken up in 1945-46. The estimates

pp1-2 c of Ⓢ were further revised and the Commr requested that the subsidy payable ~~may~~ might be increased to Rs 7,175 and paid in

Ⓢ 1946-47. The proposal was treated as a Part II scheme for 1946-47. But, in connection with the examination of the

pp2-3 n f of Ⓡ E.E. fund budget of the cl. for 1946-47, the L.A. deptt stated that the cl. ~~cannot~~ could not afford to meet its share of cost ~~from~~ of the works in question from its general funds. The cl was

X para 4(ii) on p32 c of Ⓡ informed that, if it did not meet its share of cost from the general funds it ~~will~~ would have to forego the subsidy from Gov. funds and that there was no objection to the cl. meeting the entire cost from the E.E. fund.

2. The D.P.I. now reports that the

p1 c f cl was not able to take up the works and has applied for the inclusion of the scheme in the budget estimates

ibid for 1947-48. The plans and estimates are reported to be under the scrutiny of the Consulting Architect. The Director recommends that a provision of Rs. 7,175 may be tentatively made in the budget for 1947-48.

3. The Finance department have

Ⓣ stated that, as ~~the insufficient~~ the funds ~~will not be~~ available ~~to~~ will not be sufficient to finance a large number of schemes, Part II schemes for 1947-48 should be restricted to those referred to in their u.o. Note No.

Ⓣ 54303(B)-1 d/ 9.10.46.

~~4. As the works in question have~~

BE V

~~already been approved, it is for orders whether the proposal will be admitted and treated as a Part II scheme for 1947-48.~~

~~S.l.A. and Finance may see.~~

4 The proposal has been pending from 1943. The cost of construction has more than doubled+ and it is not known whether there will be a further increase in cost as a result of the scrutiny by the Consulting Architect. If the scheme ~~was~~ is very urgent the Council would have taken it up as soon as the original sanction was given. In view of the high cost of labour and materials it seems that the scheme may be deferred. For orders.

Please see the E.& P.H. notes and the minutes of H.M. (Education) on p. 1-2 above.

According to the instructions recently issued ~~with the approval~~ under the orders of H.P.M., ~~all~~ Part II Schemes for 1947-8 should be restricted to those that are considered absolutely essential for the proper running of the admn, unless the schemes are included in the P.W. Plan or will have G.M.F. value or will be highly remunerative. Though provision for the subsidy was made in the past, the Municipal Council failed to start and complete the work in time to claim the subsidy either in 1945-6 or in 1946-7. In the circumstances, there does not appear to be sufficient justification to consider it as very urgent now. ~~So~~ The scheme does not seem to satisfy the criteria laid down for Part II Schemes for 1947-8. Further as plans and estimates relating to the Scheme have not yet been received, the scheme cannot be regarded as ready for consideration as a Part II Scheme for 1947-8. Finance may, therefore, advise that the proposal may be treated as a Part II Scheme for 1948-9 after plans and estimates have been received and scrutinised.

N.S. 19.11.46. Under para 57 of the Madras Budget Manual, proposals for grants or loans to local bodies for new works should not be considered as Part II Schemes unless detailed plans and estimates have been sanctioned by the competent Authority. In this case, the plans and estimates are said to be under the scrutiny of the Consulting Architect to Govt. The provisions of the Budget Manual referred to above are not therefore satisfied in this case and the proposal is not ready for consideration as a Part II Scheme for 1947-8.

para 3 on p 13 ef

The proposal in this file is to grant the Municipal Council, Tuticorin a Subsidy of Rs. 7.115 towards the cost of ~~constructing buildings in~~ extensions to the buildings of the Municipal Girls Elementary School, ~~Vellore~~ Melur and the Municipal Boys Ely. School, Sevandakulam and to treat the ~~scheme~~ proposal as a Part II scheme for 1947-48.

pp3-4 ante

The Finance Department suggest that the proposal may be deferred for the following reasons:—

(T)

(1) that the proposal does not satisfy the criteria laid down for ~~the~~ consideration of Part II schemes for 1947-48.

p3 ante

(2) that plans and estimates for the proposed buildings had not been scrutinized by the Consulting Architect.

p4 ante

and (3) that the council ~~could~~ can not meet its share of the cost of this work from its general funds.

pp13-14 ef of (a)

As regards (1) above, this proposal was originally sanctioned in G.O.No. 528 Edn., d/10.4.44 and a subsidy of Rs. 3475 payable in 1944-45 towards the cost of the buildings was ~~granted~~ promised. Since the original sanction ~~for this building~~ was granted prior to the laying down of the criteria for Part II schemes of 1947-48 it is submitted that the case may be treated as a special one especially in view of the urgency of the work ~~and~~ as it has been pending since 1943.

(T)

para 2 on p 13 ef

As regards (2), the D.P.I. reports that the plans and estimates have since been ~~received~~ ~~and~~ scrutinized by the ~~scrutinized by the~~ consulting architect.

10. As regards (3) the L.A. dept state that the council is in a position to meet ~~xhx~~ its share of the cost of the works ~~in question~~.

In view of the foregoing it is for orders whether the proposal may be ~~included~~ considered as a Part II Scheme for 1947-48.

[Previous Fin notes are on pp. 3-4 above]

The scheme does not seem to satisfy the criteria laid down for Part II Schemes for 1947-8 in Fin. U.O. Note at ⓣ. E & P.H. dept. have not shown that the scheme cannot bear postponement. They may be requested to take orders in circulation including H.P.M. As work has not yet been begun on the scheme, there will be no difficulty of its postponement.
