Ref:-Government Memorandum No.19032-2-C. dated 6-8-45.

Equipment for the Municipal High School, Pollachi:- The Headmaster, Municipal High School has submitted an indent for equipments required for the Municipal High School - during the year 1946-47. The total cost of the indent is estimated at Rs.2835/-. The indent covers only urgent and essential requirements of the High School which cannot be put off beyond 1946-47. I request that the Government may be pleased to sanction a half grant of Rs.1418/-.

2. Equipment for Elementary Schools: Articles of

of furniture and essential requirements as Benches, Desks, record boxes etc. could not be supplied to the Municipal elementary schools during the past 3 or 4 years satisfactorily owing to their prohibitive cost, non-availability of good quality timbers and inadequacy of funds. It is proposed to supply and meet the urgent ~~xxxix~~ requirements during 1946-47 as the position would be much easier in future. The approximate cost of such articles comes to Rs.2528/-. A half grant of Rs.1264/- may kindly be sanctioned as a special case as it would not be possible for the council to meet the entire cost from Municipal funds. The equipment will be purchased in consultation with the inspecting educational officers.

***

The provision suggested is based on the cost of the indents approved by the Divisional Inspector of Schools. The reason why the Divisional Inspectors have approved the indents to such a large extent is that on account of war conditions during the last 5 years and the unsatisfactory financial position of the local bodies, the schools could not be equipped adequately and the managements are now trying to supply the wants. It is not therefore desirable to restrict the provision to Rs.50,000/- as suggested. It is not also possible to say whether the entire amount will be utilised in the next year.

Subsidy - Equipment - Secondary Schools - local bodies

1946-47

Part II Scheme for 1946-7

The DPI states that the total amount required next year for schemes relating to the purchase of equipment for secondary schools under local bodies (including the Intermediate classes of the Salem College) is Rs 1,05,000 and recommends that this amount may be provided in the next year's budget. The institutions on whose behalf the amount has been applied for are nos 33 to 108 in the list on pp 11-15 cf. The subsidy proposed in each case is one half of the cost of the equipment. The Director says that only urgent & essential schemes have been included in the list.

3. The provision of Rs 1,05,000 recommended by the Director includes a sum of Rs 20,000 towards the purchase of equipment for the separate high school for muslims which the municipal Council Bellary, has proposed to open in 1946-47. The proposal to grant to the municipal Council a subsidy equal to the net cost of maintenance of the muslim high school will be treated as a Part II scheme for 1946-47 and the provision of Rs 20,000 for equipment for the new school may be included in that scheme. If this is accepted, the provision to be made for equipment for other institutions is Rs 85,000 (1,05,000 - 20,000).

The Budget provision made for grants to local bodies for equipments to secondary schools in previous years was as under:-

Year. (Prewar)	B.E. Rs.	Year. (War years)	B.E. Rs.	
1935-6.	17,300	1940-4	4,500	
1936-7	14,000	1941-2	11,600	
1937-8	6,600	1942-3	22,200	
1938-9	20,200	1943-4	12,400	
1939-40	10,100	1944-5	15,500	
		1945-6	23,500	
		1946-7	85,000	(Part II demand)

The demand for Rs. 85,000 for 1946-7 is large. All the local bodies may not earn the grants ~~allotted~~ proposed for them. In view of the depleted financial condition of local bodies, Finance (taking into account the increase in prices and the large no. of schools involved) may suggest that the demand for 1946-7 may be restricted to Rs. 50,000. The proposals may otherwise be accepted and the E & P.H. Department may be requested to prepare the necessary note.

Finance need not object to the demand put forward, if E.P.H. is satisfied that this amount is necessary & will be ~~fully~~ utilised in full. Finance consider that this amount is Orders may be taken in Ct. including A1.

Please see portion marked Z in the Finance Deptt's note on page 2 ante. Except in the case of equipment for the High School for Muslims proposed to be newly opened by the Bellary Municipal Council, the amount of subsidy included for each institution is below Rs 3,000. Before circulating the case, the DPI may be consulted whether the entire sum of Rs 85,000 will be utilised in full or whether it will be sufficient to provide Rs 50,000 as suggested by Finance.

Please see the DPIs reply on p 18 cf. He considers that it is not desirable to restrict the total provision for subsidy for equipment to Rs 50,000 even though it is not possible to say whether the entire provision will be utilised in the next year. The amount of grant to be paid to each institution is small and as the war is now over, it may be anticipated that there need be no difficulty in purchasing the equipment. The full provision may therefore be made.

A draft Part II scheme note is submitted below for approval. It may be sent to Finance for acceptance before circulation.

p1c/f The Director of Public Instruction states that the total amount required next year for schemes relating to the purchase of equipment for secondary schools under local bodies (including the Intermediate classes of the Salem College) is Rs 85,000 and recommends that this amount may be provided in the next year's budget. The provision made in the current year's budget for the purpose is only Rs 23,500. The increase in the demand ~~for the year~~ is due to the fact that on account of the

p18c/f war and unsatisfactory financial position of local bodies, the schools were not adequately equipped during the past five years and the managements have now proposed to supply the wants. A list of institutions on whose behalf this amount has been

p2c/f applied for is annexed. The Director says that only urgent and essential schemes have been

to reduce the provision recommended by him. The subsidy proposed in each case is one half of the cost of the equipment.
