The Secretary to Government, Education & Public Health Department, Fort St. George, Madras.

No. A 5045

Enclosures

Sir,

I am directed by the Vice-Chancellor to forward herewith copy of letter dated the 11th October 1945 from the Chairman, Distribution Committee, The Watumull Foundation, Los Angeles, Calif., U.S.A., regarding the award of Scholarships for the study of Indian students in the American Universities under certain conditions.

I have to state that the University has no one in view to recommend for the Scholarships. It is probable however that Government may be able to give a guarantee in the case of a name recommended that the selected applicant will be given an appointment later in Government Colleges, after completion of the course in U.S.A.

I shall be obliged if you can kindly let me know the proposals of Government in time so that I may address the Chairman.

I have the honour to be,
Sir,
Your most obedient servant,

K. M. Das

REGISTRAR. (J. H. C.)

Endorsement No 51601 c 145- Edu dated 19-11-45

Referred to the Director of Public

Instruction for very early remarks. (By order)

J. B. M. Das

Asst. Secy to Govt

To the Director of Public Instruction
16/11/45
7/11/45

Copy of letter dated the 11th October 1945 from the Chairman, Distribution Committee, The Watumull Foundation, Los Angeles, Calif., U.S.A., to the Vice-Chancellor, University of Madras.

Enclosed please find the Foundation's plan for fellowships to begin in 1946 which it is offering this year. You will note that this plan is different from the one we established in 1944. This was decided upon by the Advisory Board in order not to duplicate the work now being done in foreign education by the Government of India.

Through this present plan, we hope to give opportunities for advanced education in the United States to able young men and women now on the faculties of Indian Universities. May we ask your cooperation in selecting, as soon as possible, your candidates for these scholarships?

You will note that one of the requisites is a complete transcript of all studies pursued in Indian Universities, which should be certified by the University or Universities the candidate has attended. As soon as the application is complete with all the necessary papers, please mail them to:

Mr. J. Watumull
Opposite Holmstead Hall
Fort Road
Hyderabad, Sind, India

You will note that one of the conditions of the scholarships is that the candidates to whom they will be awarded must return to India to teach in their Universities for a period of at least three years. Therefore, it will be necessary for your University to certify that the candidate will be so employed after his return from the United States. It is hoped, in this way, that the Foundation can assist not only in strengthening the faculties of Indian Universities but in the broadening of the curricula in order that the many students now going abroad may have all necessary undergraduate work completed in India without having to take up additional undergraduate courses which may be requisites for graduate work in the foreign universities they may enter.

We shall greatly appreciate your cooperation in this matter and hope that you will select your candidates at the earliest possible date. Any communications with the Foundation on this subject should be done by airmail or cable, as surface mail takes entirely too long a time to be satisfactory.

Will you please pass this information on to all your affiliate colleges.

Copy of Watumull Foundation's plan for fellowships for 1946-47.

WATUMULL FOUNDATION FELLOWSHIPS

FOR 1946-47.

Since the Watumull Foundation announced its plan in 1944 to award scholarships to highly-qualified graduates of Indian Universities for advanced study in the United States, the Government of India has announced an extensive program to send several hundred Indian students abroad each year for graduate training. In view of this extensive program, the Foundation is changing its policy somewhat in order to provide Indian Universities with trained men to educate thousands of Indian students who are unable to study abroad and who will learn in India the most up-to-date scientific and technological work from the returned professors.

We propose, for the academic year of 1946-47, to award ten fellowships to young Indian faculty members of Indian Universities to carry on advanced studies and research in American Universities for one or two years, as individually required. These fellowships will be awarded with the definite understanding that, after their return to India, they will continue to teach in the same Universities where they were employed prior to their departure for the United States, for a period of at least three years. Fellowships are open to both men and women, regardless of caste, color or creed.

The fellowships will be awarded in the following fields:

1. American History, Government and Foreign Policies
2. Agriculture:
 - a. Soil Conservation
 - b. Horticulture
 - c. Animal Husbandry and Dairying
3. Education - Theories and Administration
4. Economics and Sociology
Finance, Banking and Commerce
5. Political Science
 - a. Government
 - b. International Relations.
6. Journalism.
7. Home Economics and Nursing.
8. Applied Physics.
9. Applied Chemistry.
10. Sanitation and Public Health.

The candidates must be of the very highest type of Indian scholar with Ph.D., D.Sc., M.Sc., M.A., B.A., or B.Sc., (First Class, First), with experience in research and three years' experience in teaching. Candidates must be 35 years or younger. Young, unmarried scholars of merit will receive preference.

Method of Selection.

The authorities of every Indian University will select two to four candidates, who, in their judgment, are most able to acquire the knowledge of the specific subjects which they will teach in the Universities after their return to India, with the definite objective that the standard and efficiency of their Universities will be raised. The applications of the candidates selected by the Indian Universities will be sent by the Vice-Chancellors or the Deans of the Faculty, to the Chairman of the Watumull Foundation Advisory Board in India:

Mr. J. Watumull
Opposite Holmstead Hall
Fort Road
Hyderabad Sind, India.

When all applications are in, Mr. Watumull will send them by airmail to the special committee on the selection of scholars in the United States who will choose the ten successful candidates on the basis of merit only.

The applications must contain the following information:

1. A recent small photograph.
2. A recent health certificate.
3. A complete transcript of all studies pursued in Indian Universities by the candidate, both in under-graduate and Graduate work, and must include marks received, class earned, as well as any honors or distinctions won.
4. Adequate evidence of research and teaching ability.
5. Three letters of recommendation from Indian educators as well as public men, indicating not only the applicant's efficiency as a scholar, but his spirit of service to his fellow countrymen.
6. A personal letter of application from the candidate, which must state:

- a. Full name and permanent address.
- b. Date and place of birth.
- c. Married or single. If married, how many children. Ages of children. Any other dependents.
- d. Particular subject he wishes to study in the U.S.
- e. A declaration that after his return to India he will teach in his University for three years, according to prior arrangements made with the University authorities.
- f. Any other personal details, including a brief sketch of his family background.

Applications should be mailed to Mr. J. Watumull not later than December 31, 1945. The Selection Committee will make public its decisions early in March 1946, giving both the candidates and their universities ample notice before the beginning of the next academic year.

Successful candidates may be required to appear before a member of the Foundation's Indian Advisory Board for a personal interview at their own expense. They will be informed of the awards by cablegram and the Foundation will undertake to secure their admission in the American Universities offering the best work in their respective fields. Choice of the Universities rests with the Foundation. This advance notice will also give candidates time to arrange for passports, visas, etc., in order that they may arrive in the United States late in the summer of 1946. Most American Universities begin their academic years early in September.

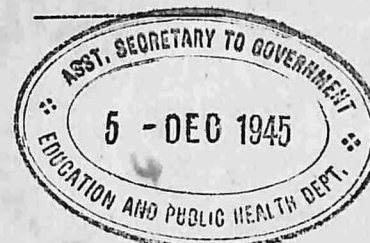

The Foundation will pay passage from India to the United States, tuition and fees in the selected American University and allowances of \$ 100.00 or \$ 150.00 a month, according to the candidate's financial standing. This follows the policy adopted by the Foundation in 1944.

Enclosures: RC. No. 4600-C/45 dated 4th December 1945.

Sir,

SUB:- Scholarships - The Watumull Foundation Fellowships - 1946-47 - Award of - To Indian students for higher studies in the American Universities:

In resubmitting herewith the Government Endorsement No. 51601-C/45, Education, dated 19th November 1945, together with its enclosures, I have the honour to state as follows:

2. Out of the several subjects for the award of the Watumull Foundation Fellowships for the year 1946-1947 the following subjects pertain to the Education Department.

- (1) Education: Theories and Administration.
- (2) Economics and Sociology: Finance, Banking and Commerce.
- (3) Home Economics and Nursing.

Should one candidate be selected in each of the above subjects for the award of the Watumull Scholarship, the proposal should be welcome and candidates with advanced training in the above subjects cannot be considered as surplus to the requirements of the Department. I may add that in Government Memorandum No. 48946-C/45-8 Edn., dated 30th November 1945, the above subjects have not been included under "Education" in the Government scheme of scholarships.

3. One of the conditions specified for the award of the Watumull Scholarships is that, after the scholars return to India, they should continue to teach in the same universities where they were employed prior to their departure for the United States, for a period of at least three years. The Registrar of the University of Madras has stated that the University has no one in view to recommend for the scholarships and that the Government would probably be able to give a guarantee that the selected applicant would be given an appointment later in Government colleges, after completion of the course in the U.S.A. In this connection, I may submit that such a guarantee of appointment in Government service, as required, can at present be given only in respect of permanent Government servants and in respect of such officiating Government servants as have reasonable claims for confirmation in the near future.

4. In the above circumstances, I submit that, if ordered by Government, applications from suitable Government servants (on whose behalf the necessary guarantee can be given) will be invited and forwarded through the Government to the Chairman of the Watumull Foundation Advisory Board in India, Hyderabad (Sind).

-- 2 --

5. As the applications should reach the Chairman before 31st December 1945, I solicit the favour of urgent orders.

I have the honour to be,
Sir,
Your most obedient servant,

M. Hanumanth

Sir,

Scholarships - Watmull Foundation Fellowships 46-47.

With reference to your letter No.50601.C-4 Edn.
dated the 20th December 1945 addressed to the Registrar,
I write to inform you that the last date for the selec-
tion of applications to be forwarded to Mr.Watmull is
the 31st December 1945. In view, however, of the delay
that is likely to occur, I have specially requested him
to extend the date till the 15th of January, and I hope
he will agree to do so. I write to request you therefore
to kindly see that the selections made by the Government
are sent to the University as early as possible.

I have the honour to be,

To

J. Watumull Esq.,
Chairman, Watumull Foundation Advisory Board in India,
Opposite Holmstead Hall,
Fort Road, Hyderabad (Sind.)

Dear Sir,

Sub:- Watumull Foundation Fellowships, 1946-47.

In continuation of my letter dated the 29th December 1945, I am forwarding herewith applications from the following three candidates for the above Fellowships, sent to me by the Director of Public Instruction, Madras.

Serial No.	Name of applicant	Post held	Subject proposed for research.
1	Srinivasa Varadan, K.S.	Assistant in Chemistry, Madras Medical College, Madras.	Applied Chemistry (Pharmaceutical Chemistry)
2.	Mohammad Aslam Sahib Bahadur	Lecturer in English, Government Arts College, Rajahmundry.	Education - Theories and Administration.
3.	(Miss) M. Varughese	Lecturer, Lady Willingdon Training College, Madras.	Research in Psychology as applied to Education.

Necessary testimonials and documents have been submitted by Messrs. Srinivasa Varadan and Aslam with their applications. Miss V. Varughese has been asked to send her testimonials etc. and they will be forwarded to you as soon as received. Further particulars required, if any, will be furnished on hearing from you.

All the three above applicants have undertaken to return to India and to teach in the Government Colleges for a period of at least three years after their return. The applicants are permanent employees in Colleges under the Government of Madras, and the Government have certified that the applicants will be continued as teachers after their return from the United States of America.

I am of opinion that the applicants, by their attainments and performances hitherto, are best suited to acquire knowledge of the specific subjects which they have selected for research and that the standard and efficiency of our Universities will be raised by their teaching in these subjects after their return to India. I would, therefore, strongly recommend that the Watumull Foundation may award their Fellowships to the above applicants in the subjects selected by them.

It is requested that the decision of the Foundation may be communicated to me in due course.

Yours faithfully,

Aslam Sahib

VICE-CHANCELLOR.

P.T.O.

R.O.NO.4600-C/45

21 JAN 1946

Office of the
Director of Public Instruction,
Madras, Dated 17-1-1946.

From

Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
Director of Public Instruction, Madras.

To

The Secretary to Government,
Education and Public Health Department.

Sir,

Sub: Scholarships - The Watumull Foundation Fellowships -
1946-47 - Applications from officers of the Education
Department.

Ref: Govt. Edn and Public Health Memorandum No. 51601-C/45-
dated 9-1-1946.

With reference to the Government Memorandum cited above I have the honour to state that only 3 applications were received from the officers of my Department for the award of the Watumull Foundation Scholarship for higher studies in the subject of "Education - Theories and Administration". The application from Mohamed Aslam Sahib Bahadur, Lecturer in English, Government Arts College, Rajahmundry was forwarded to the Registrar, University of Madras with suitable recommendation and the necessary guarantee on 29-12-1945. The application dated 5-1-46 from Miss M. Varughese, permanent Lecturer, Lady Willingdon Training College, Madras was forwarded to the Registrar, University of Madras, on 7-1-46, with the necessary guarantee, although her application was defective for want of many of the documents which should be attached to the application. The necessary information has been called for from the candidate and the Registrar also informed of the same. The third application for the above scholarship was from P.V. Abdurahiman Sahib, Officiating Assistant Lecturer, Government Brennon College, Tellicherry. As this candidate is only a junior officiating Assistant Lecturer, the necessary guarantee of continuance of employment after his return from America cannot be given. Moreover, the other two applications, Mohamed Aslam Sahib Bahadur and Miss M. Varughese, who have qualifications

and

and experience far superior to Abdurahiman Sahib have applied for the scholarship in the same subject. Hence the application from P.V. Abdurahiman Sahib has not been forwarded to the Madras University.

2. Sri K.S. Srinivasavaradan, a permanent Demonstrator in the Madras Medical College, Madras now officiating as Assistant Lecturer in Chemistry in the same college had already applied for one of the Watumull Foundation Scholarships for higher studies in 'Applied Chemistry - Pharmaceutical Chemistry'. The subject is not one that one that related to the Education Department. Yet, in view of the fact that the authorities of the Medical Department had strongly recommended the application and it was received through the proper channel I forwarded the same to the Registrar, University of Madras.

3. I have not yet received any information whether any of the above applications has been approved and sent to Mr. J. Watumull by the Madras University. I shall submit a further report on receipt of information from the University.

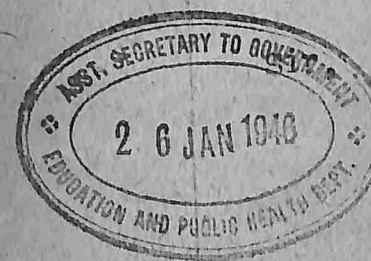

I have the honour to be,
Sir,
Your most obedient servant,

M. Srinivasavaradan

Letter from the Registrar, University of Madras No A-5045 dated 12-11-45.
Letter from the D.P.I. RC No 4600 C/45 dated 4-12-45.
Subject: Scholarships - The Watmull foundation fellowships 1946-47 - Award of To Indian students for higher studies in the American Universities

Please see the letter from the Registrar, University of Madras and its enclosures and the letter from the D.P.I on pp 1-8 of The Registrar says that the University has no candidate in view. One of the conditions of the award of these scholarships is that after the scholars return to India they should continue to teach in the same Universities where they were employed prior to their departure to the United States for at least 3 years. If Govt. nominates any candidate then the guarantee that they will be entertained in some Govt. College on their return may be given. This does not in any way entail any expenditure to Govt. In the circumstances stated by the D.P.I. it is for orders whether he may be asked to nominate some candidates so that their applications may be forwarded to the Chairman of the Watmull foundation advisory board in India.

Please see the conditions of the award of scholarships on pp. 5-6 C.F. It will be noticed that the selection of candidates has to be made by the University. The Madras University says that it has no candidates to recommend. If Govt. servants are to be selected, it seems that their applns. will have to be forwarded by the University. If officers of the Hon. apex dept. are finally selected, they may have to be given the leave for which they will be eligible for the period of study. Perhaps the Govt. may also have to meet the T.A. of the selected officers in connection with their interview with a member of the Foundation's Indian Advisory Board.

Finance may see before circulation.

Finance (C.S.R.)

The proposal is to send applications from Govt. servants for the award of Watumull scholarships for higher studies in the following subjects:-

- (1) Education.
- (2) Economics and Sociology.
- (3) Home economics and Nursing.

E. & P.H. Secretary has stated that the arrangement of sending Govt. servants for higher training under the present scheme ~~for advance training in the above subjects~~ should not be missed as it is definitely cheaper than sending Govt. servants under the Govt. of India scheme for advance training. In the latter, the Govt. has to bear the entire expenditure. Hence he recommends that applications from suitable Govt. servants (on whose behalf the necessary guarantee can be given) may be invited and forwarded through the Govt. to the Chairman of the Watumull Foundation Advisory Board in India, Hyderabad (Sind). He has suggested that if Govt. servants are selected for the

scholarships, this Government will have to make up the difference between the amount of scholarship and the amount admissible under the deputation terms under F.Rs. 51 and 51A. Fin. may agree.

The benefit of the scholarship is indicated at 'A' on page 6 C.F. It is not possible now to have an idea of the cost to Govt. E. & P.H. may get the information in due course.

The file may be circulated to A2 for orders on the proposals at 'M' on p 7 of a/cd 'N' on p 2 ante

Education & P.H.(C) Dept.

A draft memorandum and a draft letter are submitted. 2. "Sanitation and Public Health" is one of the subjects for which fellowships are to be awarded. It is for consideration whether the matter should be brought to the notice of the D.P.H. and he should be asked to consider the question of inviting applications from the Officers of the P.H. Dept. for a fellowship in this subject.

3 It is also seen that "Agriculture" (Soil Conservation, Horticulture, Animal Husbandry and Dairying) is also included in the list of subjects for which fellowships are to be awarded. It is for consideration whether the file may be sent to Development Department also for examining the desirability of inviting applications from the officers for the fellowships. If so, that Department may take necessary extracts from
