College of Engineering, Guindy - Revision of the scale of pay of Boiler Attender - employment of a Cleaner - Sanction - Requested.

ENCLOSURES.

No.

RC.No. 1328-A/45.

Spare copies

Station MADRAS

Dated the 6th December 1945.

From (Name) Dr. S.R.U. Savor, M.A., D.Sc., I.E.S.,
(Designation) Director of Public Instruction,

To The Secretary to the Government of Madras,
Education and Public Health Department.

Sir,

The Principal, College of Engineering, Guindy reports that the study of Steam Engines, Steam Boilers, raising up steam and its utilization, is an essential part of the training that has to be given to the Mechanical Engineer. He points out that although the necessary equipment is available in the College for giving proper training to the students, there is only one Boiler-Attender to attend to this work.

2) The post of Boiler-attender on a scale of pay of Rs. 30-45 was sanctioned in G.O.No.Ms.1923, Tm., dated 3-10-40, temporarily for a period of two years. The continuance of the post for a further period of two years was sanctioned in G.O.No.Ms.800, Tm., dated 16-6-1943. The qualifications proscribed for the post in G.O.No.Ms.1080, Tm., dated 12-7-1941 (Viz.) Certificate of competency to hold direct charge of prime movers and boilers upto 50 horse-power are high but the scale of pay of Rs.30-45 is low. The Principal reports that inspite of advertisements, qualified candidates are not forthcoming. He points out that even the Boiler Inspector, the General Superintendent,

P.T.O

(2)

Public Works Department Workshops and the Director of Industries are not in a position to depute a suitable candidate. He further states that in the case of persons with similar or even lower qualifications, the scale of pay in the various Departments connected with War, is very attractive and consequently persons do not even apply for the Boiler attendant's post in the College with its low scale of pay. The Principal reports that the post was filled only for short periods during the 4 years. He therefore suggests that the scale of pay of the post may be revised to Rs. 60-2-80.

3) The Principal further reports that the Steam plant in the College Laboratory consists not only of the Boiler but also an experimental steam engine, Steam turbine High Speed Steam Engine, distillation plant and other equipment for heat experiments. The work that is expected of the Boiler attendant (Viz.) to raise the steam, run the steam-engine maintain the engines and the boiler in proper working condition cannot be done by one person. The Boiler-attender requires therefore the assistance of a Stoker and Cleaner with experience in the handling of such a plant. A menial cannot be entrusted with such work. The Principal therefore requests that a cleaner on a scale of pay of Rs. 19-2/2 - 23 - 1/2 - 24 may be sanctioned to assist the Boiler Attender. The qualifications for the Boiler attendant may be the same as prescribed in the G.O. dated 12-7-1941 referred to in para(2) above. As regards the Cleaner, the person must have worked on a Boiler or Steam-Engine for two years besides knowing how to read and write English.

4) In the circumstances stated above and having regard to the difficult nature of the work and the onerous nature of the duties attached to the post of the Boiler-attender and the qualifications prescribed therefor I consider that the proposed revision of the scale of pay of the post is reasonable. I therefore request that the Government may be pleased to sanction.

1) the continuation ^{nee} of the post of Boiler-attender for one year from the date of employment.

2) the revision of the scale of pay of the post from Rs. 30-45 to Rs. 60-2-80. and

3) the post of a Cleaner in the scale of pay of Rs. 19-24 temporarily for a period of one year.

I have the honour to be,
Sir,
Your most obedient servant,

M. S. M. M. M.
for Director of Public Instruction. 12.12.45-

The Secretary to Secretary, Edn. & P.H. Dept.

Sir,

Sub: College of Engineering, Guindy - Revision of the scale of pay of Boilers - Attender - employment of a cleaner.

Ref: Govt. Enrt. No. 56963-C/45-1 d/20-12-1945

The Chief Inspector of Boilers, Madras and the Sanitary Engineer who were referred to in the matter have stated that the scale of pay for the post of Boiler Attender proposed by the Principal, College of Engineering is reasonable. The Chief Inspector of Boilers has stated that the post of a Cleaner is also necessary. I agree with them.

G.O.No.800 Edn. dated 11-6-1943.

From the D.P.I. Rc.1328 A.45 dated 6-12-1945.

From the C.E.(G.P.& D.) No.3906.M.45.CR. dated
6-4-46. p 3 CF

ORDER/Ms.No.1064 Edn. dated 30/5/46

Sanction is accorded to the employment

in the College of Engineering, Guindy, of one Boiler

Attender on Rs. 50-4/2-70 and one Cleaner on Rs. 10-2/2

Rs 19-1/2-24 for a period of one year from date of appt.

The scale of pay for the Boiler Attender corresponding
to that for the Electric Trainee in the College

Attender will be the same as those prescribed in

G.O.No.1080 Edn. dated 12-7-41. The person to be

appointed as cleaner must know how to read and write

English and must have also worked a Boiler or Steam

19-20
+ you find a person who means
20 1/2 per month to know to read &
write English. Makes this is un-
necessary for his job. p 2 CF

Engine for 2 years.

A certified boiler Attender was considered necessary in the Mechanical Engineer Section of the College of Engineering, Guindy in 1940 and a post on a scale of pay of Rs 30-3/2-39-2/2-45 was sanctioned for a period of two years from 1-7-41 -- please see pages 1-2 and 6 of G.O.192 Edn. dated 3-10-40. The post was continued for a further period of two years in G.O. 800 Edn. dated 16-6-43; the post was not continued after 1-7-45.

For the reasons stated on pages 1-2 C.F. the D.P.I. has now proposed that a boiler Attender on a higher scale of pay of Rs 60-4/2-80 and a cleaner on Rs 19--24 are necessary. E.P.H. propose to agree.

2. In view of the position as stated by the D.P.I. on pages 1-2 C.F. this department may agree to the need for the post of a boiler Attender and of a cleaner in the College of Engineering, Guindy.

Pay. The higher scale is suggested on the ground that no suitable candidate is available, and the existing scale is very unattractive. The post will not be more responsible than that of Electric Maistri in the College of Engineering, Guindy. The scale of this post is Rs 50-4/2-70. This scale may perhaps be suggested for the Boiler-Attender. The pay for cleaner proposed Rs 19-1/2--24 ~~will~~ ^{may be} for no remarks, and not Rs 19- 2 1/2 - 23 1/2 - 24 as proposed in D.P.I. This may be made clear in the draft. Subject to the following remarks, the draft order on pp.1-2 above may be accepted.
