Paper - American imported paper - for printing sales
 Memo. for rationed articles - use of - sanction of
 Government - requested -

I enclose herewith a copy of letter No.Skr/Mis dated 14-5-46 received from the Superintendent, Government Press, Madras. Unbleached quad Foolscap paper is not at present available to the extent required by the Superintendent, Government Press, Madras. It may not be possible to arrange for the supply of this quantity during the first half year 1946-47 as arrangements have to be made for the normal requirements of the Government of Madras. During 1945-46 approximately 510 tons of imported papers were received. The entire quantity was received in quad foolscap size. Though white printing, they are all book paper not fit for writing purpose. The cost of the paper is Rs.0-8-9 per lb. The cost of unbleached paper manufactured by Mysore Paper Mills is Rs.0-8-0.9 per lb. As there is no appreciable difference in price between American paper and unbleached and unbleached, and as 11,000 reams in quad foolscap size can be met from the existing stock of American paper in quad foolscap 39 lbs.
