payment of Rs.300/- was made in March 1939 in the absence of checkmeasurement. Further work viz., platform, pulley arrangement etc., was done in March 1940. This work was measured and checkmeasured and recommended for final payment by the Assistant Engineer, Bobbili. But the work done in 1937-38 for which part payment of Rs.300/- was made is not checkmeasured. As it is not possible to checkmeasure earth work excavation done in June 1937 at this distant date and as final payment up to Rs.273/- is still to be made to contractor, I therefore request that Government may be pleased to condone the want of checkmeasurement for the work done in 1937-38 in view of the fact that the work is now recommended for final payment by the Assistant Engineer.
