From (Name) G.L. Lobo, Esq., B.A., (Bons.), Cantab.

(Designation) Dy. Director of Public Instruction, (Incharge)

To The Secretary to the Government of Madras,

Education and Public Health Department.

Sir,

In G.O. No. Ms. 1018, Edn., dated 21-5-1946, Government approved my proposal that the candidates ineligible for the University Courses of study but who are eligible for admission to the Examinations held by the Madras Public Services Commission for selection of candidates for clerical posts may be admitted for the one year Secondary Grade Course. In spite of the concession granted in the G.O., I find that a further relaxation of educational qualifications for the course in respect of candidates from the backward districts and of backward communities is necessary to attract a large number of candidate for the training of teachers under emergency secondary grade course.

The Divisional Inspector of Schools, Anantapur Division reports to me that the response from the candidates for the secondary grade course is not at all encouraging

and that some special concessions in the educational qualification should be given as the number of candidates in the districts under his jurisdiction with the requisite qualification is very limited.

The position in regard to the candidates belonging to the scheduled castes, muslim community and women, general also warrant special consideration for very obvious reasons.

I therefore request that Government may permit the admission of women candidates and candidates in backward districts and those belonging to Muslim and scheduled communities who have done fairly well in all the subjects but failed in only one by a small margin, to the one year secondary grade course.

M

I request that immediate orders on this reference may kindly be passed since the time before the starting of one year course is short.

Dear Dr. Saveer,

Training--Emergency course concession in
regard to marks to be obtained in English.

Ref: Your D.O. dated 27-6-1946.
**

I am desirous to say that the Government have
no objection to your proposal that only a minimum of 35 per cent
marks in English (instead of 40 per cent) in the S.S.L.C. Examina-
tion need be insisted on in making admission of candidates to the
emergency training courses for teachers and that this concession
may be given to all. But it should be distinctly understood that
this concession is given as a special case and that it will be in
force only during the school year 1946-47.

Your sincerely,

Note - The qualifications proposed are somewhat
vague. But as there is no other method to get
sufficient number of candidates the proposal may

2
be approved. The qualifns usually insisted on in respect of
candidates for key. Trade trans. are those in rule 104(ii)

The draft is delightfully vague where
it ought to be definite. ~~There is~~ no relaxa-
tion should really be made, since the
one year's course itself is a measure,
which will bring down efficiency. But-
if people from the communities mentioned
in the draft must be prescribed a
lower standard it may be 'failed' in
one subject less than the regional
language or English by not more
than five marks.

The necessary corrections may be
made in the draft & resubmitted
